INTRODUCTION

The City of Belle Glade follows a policy of preparing a complete set of financial statements in conformity with generally accepted accounting principles at the end of each fiscal year. These financial statements are audited by a licensed certified public accounting firm. The financial statement audit has been completed, and we hereby issue the Comprehensive Annual Financial Report of the City of Belle Glade for fiscal year ending September 30, 2016.

This report consists of management's representations concerning the finances for the City of Belle Glade. Management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, management of the City of Belle Glade has established a comprehensive internal control framework that is designed both to protect the City's assets from loss, theft, or misuse and to communicate sufficiently reliable information for the City of Belle Glade's financial statements in conformity with generally accepted accounting principles. The City of Belle Glade's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. However, there are inherent limitations and risk since the cost of a control should not exceed the benefits to be derived. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The City of Belle Glade's financial statements have been audited by Nowlen, Holt, & Miner, P.A., a licensed certified public accounting firm. The goal of the independent audit was to provide reasonable assurance that the financial statements of the City of Belle Glade for the fiscal year ending September 30, 2016, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting amounts and disclosures in the financial statements; assessing the accounting principles used and the significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion that the City of Belle Glade's financial statements for the fiscal year ended September 30, 2016, are fairly presented in conformity

with generally accepted accounting principles. The independent auditor's report is located at the front of the Financial Section of this report.

Management's Discussion and Analysis (MD&A) immediately follows the independent auditor's report and provides a narrative introduction, overview, and analysis of the basic financial statements. The MD&A complements this letter of transmittal and should be read in conjunction with it.

The City's webpage (www.bellegladegov.com) provides information on the natural resources and recreational amenities available in the Belle Glade area, as well as provides citizens with up to date information on City's activities, events and contracts.

PROFILE OF THE CITY AND ITS OPERATIONS

The City of Belle Glade is located in western Palm Beach County on the southeast corner of Lake Okeechobee, the second largest freshwater lake within the contiguous United States of America. Palm Beach County has been recognized as one of the fastest growing counties in both the state and the nation. The City is a rural community, centrally located between the east and west coasts of Florida about 42 miles west of West Palm Beach and is approximately 6 square miles in size.

The population of 17,448 is primarily employed in various agricultural business and related industries within the greater Belle Glade area. The City issues approximately 963 business tax receipts for a wide range of businesses doing business within the corporate limits.

The City has a commissioner/manager form of government, with the five commissioners elected at large for staggered three-year terms. Elections are held on the second Tuesday in March each election year. The City employs a full-time City Manager who is the chief executive officer of the City.

The City provides a various range of municipal services to its citizenry. These services include culture-recreation, highways and streets, sanitation and recycling, park facilities, planning, zoning and general administrative services. Police services are currently being provided by the Palm Beach County Sheriff's Department under contract. Fire and emergency medical services are being provided by the Palm Beach County Fire-Rescue Department. Along with general governmental activities, the Mayor and Commission appoint members to the governing bodies of the General Employees' Pension and the Retired Public Safety Officers' Trust Boards. Additionally, the legislative body appoints the Belle Glade Housing Authority (BGHA) board members. However, pursuant to Statement 14 of the Governmental Accounting Standards Board, the BGHA does not qualify as a component unit of the City and thus their financial information is excluded from this report.

The City maintains budgetary controls over revenues and expenditures. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the City Commission. Activities of the General, Special Revenue, Capital Projects, Expendable Trust and Proprietary Funds are included in the annual appropriated budget. The level of budgetary control is established by object classification (personal services, operating expenses, capital outlay, and debt service) within each department. Budgetary reports are issued and reviewed monthly. The City also maintains an encumbrance accounting system as a budgetary control technique. All encumbered amounts lapse at year-end. Budget to actual comparisons are provided in the report for each governmental fund for which an appropriated annual budget has been adopted.

FACTORS AFFECTING FINANCIAL CONDITION

The information presented in the financial statements is perhaps best understood when it is considered in relationship to the City's specific environment and the City's plans for the future.

Local Economy

About 51% of the City's total revenue applicable to its governmental-type activities is derived from tax revenues. Tax revenues included five major sources: ad valorem property tax, local option gas tax, utility taxes, sales taxes and franchise fees. The ad valorem property tax rate for fiscal year 2016 was 6.5419 mills.

Major Initiatives

- The City is continuing to pursue an aggressive approach to economic development. In conjunction with Palm Beach County and many other agencies, the City has begun to promote the Belle Glade area as an attractive business location for new as well as expanding or relocating businesses. During fiscal year 2016, a new bank, First Bank of Clewiston was opened along with a new CVS Pharmacy.
- The City continues to work with the Community Redevelopment Agency within the downtown area of the City. The CRA is designed to assist in the elimination of slum and blight conditions in that section of the City and will continue working with Palm Beach County's Economic Development Office for the development of a "downtown core" to increase economic activity.
- In an effort to reduce crime while simultaneously beautifying the City, Belle Glade has been aggressively pursuing a program of eliminating dilapidated structures throughout the City. In fiscal year 2016 the City demolished the City's old water treatment plant facilities that were abandoned in 2008 with grant funds provided by Palm Beach County Solid Waste Authority. The City has applied for additional grant funds from SWA to help finish cleaning the site where the old water treatment plant was located.
- The City continues its aggressive campaign to beautify and cleanup the City through stricter code enforcement. The campaign is aimed at improving overall aesthetics of the City through education and assistance to residents as well as businesses. This campaign has enticed various businesses on the City's Main Street to renovate the exteriors of their buildings.
- The City has a Youth Empowerment Program in partnership with the Palm Beach County Youth Services Department. Under the program, the City has established a Youth Empowerment Center that provides activities and services to youth ages 13-18, including after-school programs and activities, tutoring/mentoring, job training for in school and out of school youth, gang prevention outreach, parenting classes, employment services, safe school programs and information on resources.
- City leadership is pursuing several avenues in order to acquire funding for infrastructure improvements. The City Commission, City Manager and staff continue to solicit state and federal elected officials for assistance with road funding. In fiscal year 2015 the City received a state grant for \$1,038,835 for resurfacing six roadways, one of which included drainage improvements and guardrails and the other

includes sidewalks. These roadways are projected to be completed in fiscal year 2017. In fiscal year 2016 the City received \$1,524,949 for resurfacing of 35 streets and \$506,000 to construct a new roadway within the City of Belle Glade. The City is currently working on another \$1,548,368 for road projects.

- The City's storm drainage system is another project that the City is diligently working to improve. In fiscal year 2016 the City completed a \$707,649 stormwater drainage project on NW Avenue H, for which the City received \$250,000 from the state. The Florida Senate Appropriations Subcommittee on the Environment and Natural Resources has appropriated in the 2017 state budget funding for the storm drainage system improvements project located at NW/SW 3rd Street corridor in the amount of \$350,000.
- The City of Belle Glade's Municipal Airport has received several grants from the Florida Department of Transportation (FDOT) to fund needed improvements at the City's Airport. FDOT awarded the City a grant in the amount of \$550,000 for the design and engineering of the airports runway which was completed in fiscal year 2016. The City received in fiscal year 2016 a construction grant for the rehab of the runway from FDOT in the amount of \$2,272,705 and \$450,000 for environmental mitigation of the contaminated 19 acres at the Airport.
- The City has taken an aggressive approach in rehabilitating the City's parks. Various grants have been researched and the City is taking the opportunity to apply for these grants.
- The City is progressing on schedule with its comprehensive plan to renovate the Belle Glade Marina area. The project plan tasks include renovating various Marina facilities and infrastructure. In fiscal year 2016, the construction of a pier, gangway and dock to the boardwalk, renovations of the picnic shelters, paving of the Marina parking lots and roadways, construction of a new campground laundry facility and electrical improvements to pedestals in the campground were completed.
- The City is continuing to improve the Marina campground amenities. The City has received grant funds to construct an observation tower at the Marina. Construction of the tower is to be completed in fiscal year 2017. The City has applied for a grant from Florida Inland Navigation District (FIND) to help fund sewer upgrade and extension at the Marina campground.
- The City has a neighborhood transit system known as the Belle Glade Express that provides low-cost transportation to our transit-dependent citizens. This is the seventh year the transit system has provided service and the Belle Glade Express continues to be a popular means of transportation within the City.
- The City Commission approved a Revolving Loan Fund (RLF) program used to assist eligible first-time homebuyers who meet low and moderate income guidelines. In fiscal year 2016, the City approved a mortgage loan for the purchase of a single family home for a first-time homebuyer. The City is continuing to promote the program in anticipation of assisting other first-time homebuyers.
- Water and sewer is being provided to the City by Palm Beach County Water Utilities and they have pledged to spend a total of \$25 million over a five year period to replace and/or repair water and sewer infrastructure in the Glades area. With two years left on this project, many improvements to the City's water infrastructure have already been made.

FINANCIAL INFORMATION

Cash Resources and Practices

The cash management program involves minimizing credit and market risks while maintaining a competitive yield on its portfolio. The City is authorized to make direct investments in U.S. Government and federal agency obligations, repurchase agreements or to arrange interest-bearing time deposits with qualified public depositories. In addition, restricted funds held by outside custodians on behalf of the Employees' Retirement and Deferred Compensation Funds are invested by the outside custodians pursuant to the applicable trust or escrow agreements. Accordingly, except for certain funds held pursuant to trust or escrow agreements, deposits were either insured by federal depository insurance or collateralized.

Risk Management

The City continues to purchase commercial insurance to cover various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disaster. No claims were settled that exceed the insurance coverage during the last three years. Risk retention is limited to those items which are not insurable, with deductible levels ranging from \$500 to \$2,500 per occurrence.

Risks that are not insured include damages to infrastructure or assets less than \$1,000; however, the amount of any loss cannot be reasonably estimated and the probability of the event of a loss cannot be determined. Therefore, the City makes no provision for losses in the financial statements.

Currently the City of Belle Glade's group health coverage is insured with Blue Cross Blue Shield of Florida through Public Risk Management Group Health Trust pool. Coverage through Public Risk Management Health Trust has allowed the City the opportunity to control health coverage expense by sharing the risk with other members in the pool.

Long-Term Debt Administration

Other post-employment benefits and compensated absences are listed in the financial statements. The City's only other long-term debt outstanding is a capital lease balance of \$348,364 as of September 30, 2016.

Trust Funds

Trust Funds are used to account for assets held on behalf of outside parties, including other governments, or on behalf of other funds within the government.

The City has two pension trust funds used to account for its retirement system: the General Employees' and the Retired Public Safety Officers' Safety Trust Funds. The Retired Public Safety Officers' Trust Fund was created to fund the benefits for vested members of the Firefighters' Pension and Police Officers' Pension Plans that were closed during Fiscal Year 2009.

ACKNOWLEDGEMENTS

The preparation of the Comprehensive Annual Financial Report was made possible by the dedicated efforts of the Finance Department's staff. Each member of the department has my sincere appreciation for the contributions made in the preparation of this report. I would also like to thank the City Manager and City Commission for their interest and support in planning and conducting the financial operations of the City in a responsible and progressive manner.

In conclusion, this report reflects the sound financial position and progressive manner in which the City continues to provide necessary services to the citizens of Belle Glade.

Respectfully submitted,

INDEPENDENT AUDITOR'S REPORT

The Honorable Mayor and
Members of the City Commission
City of Belle Glade, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Belle Glade, Florida as of and for the year ended September 30, 2016, and the related notes to the financial statements, which collectively comprise the City of Belle Glade, Florida's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

BELLE GLADE OFFICE
333 S.E. 2nd STREET
POST OFFICE BOX 338
BELLE GLADE, FLORIDA 33430-0338
TELEPHONE (561) 996-5612
FAX (561) 996-6248

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Belle Glade, Florida, as of September 30, 2016, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages 13 through 23, budgetary comparison information on pages 77 through 80, and the pension and other postemployment benefit trend information on pages 81 through 85 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Belle Glade, Florida's basic financial statements. The introductory section, combining fund financial statements, other supplemental information, and statistical data listed in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements. The schedule of expenditures of state financial assistance is presented for purposes of additional analysis as required by Chapter 10.550, Rules of the Auditor General and is also not a required part of the basic financial statements.

The combining fund financial statements, other supplemental information and the schedule of expenditures of state financial assistance are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining fund financial statements, other supplemental information and the schedule of expenditures of state financial assistance are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated March 28, 2017, on our consideration of the City of Belle Glade, Florida's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering City of Belle Glade, Florida's internal control over financial reporting and compliance.

Nowlen, Holt & Mimes, P.A.

Belle Glade, Florida

City of Belle Glade, Florida Management's Discussion and Analysis

The City of Belle Glade's (the "City") discussion and analysis is designed to:

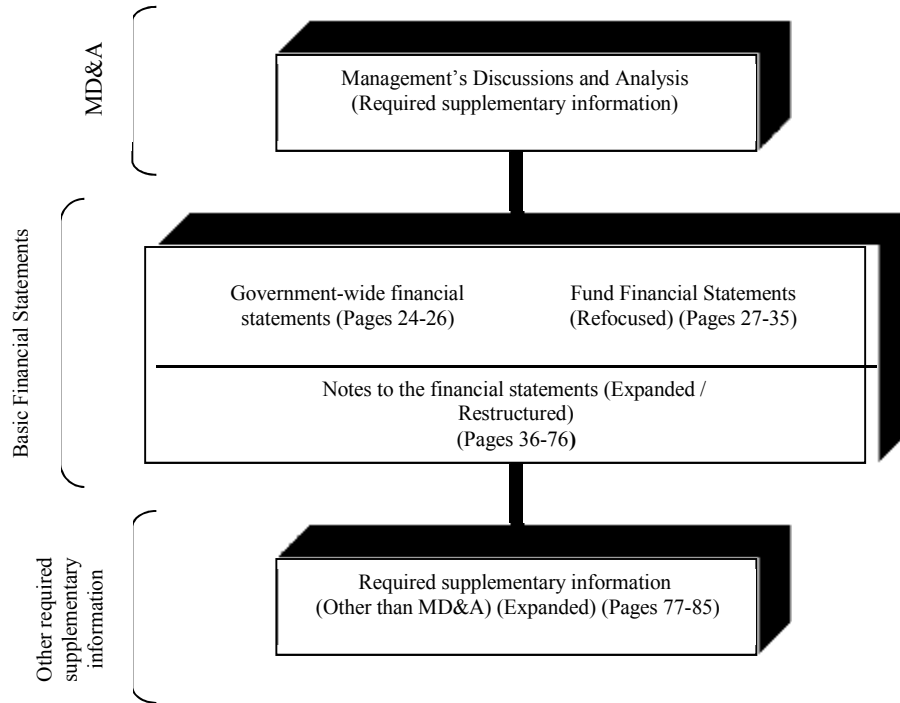

- A. Assist the reader in focusing on significant financial issues
- B. Provide an overview of the City's financial activity
- C. Identify changes in the City's financial position
- D. Identify any material deviations from the financial plan (the approved budget)
- E. Identify individual fund issues or concerns

FINANCIAL HIGHLIGHTS

- The assets of the City of Belle Glade exceeded its liabilities at the close of the most recent fiscal year by \$43,759,751 (net position). Of this amount, \$11,143,288 (unrestricted net position) may be used to meet the government's ongoing obligations to citizens and creditors.
- The total government activities revenues decreased by \$155,133. This total decrease was primarily due to: (1) a decrease in capital grants in the amount of \$334,977 (transportation grants decrease of \$618,644, economic environment grants increase of \$255,873 and general governmental grants increase of \$27,794); (2) a decrease in other taxes in the amount of \$78,121 (franchise taxes decrease of \$65,243 and utility taxes decrease of \$23,054); (3) a decrease in intergovernmental revenues in the amount of \$98,296 (state revenue sharing decrease of \$144,783 and half cent sales tax increase of \$38,904); (4) a decrease in miscellaneous revenues in the amount of \$56,454; (5) an increase in property taxes in the amount of \$231,558 (real & personal taxes increase of \$198,714 and delinquent real & personal taxes increase of \$32,844); (6) an increase in local operating grants and contributions in the amount of \$161,252 along with an increase in charges for services in the amount of \$19,905.
- The business-type activities revenues showed a net increase of \$146,959 primarily due to an increase in charges for services of \$233,343, a decrease in capital grants and contributions of \$11,144, and a decrease in other miscellaneous revenues of \$75,330.
- The total cost of all City programs was \$13,739,123 during fiscal year 2016, an increase of \$1,080,966 from prior year. This increase was primarily due to increases in governmental type activities in general government expenses and the operation of the city's public transit system. There were increases in business type activities in the garbage and solid waste, marina and stormwater expenses.
- At the end of the current fiscal year, the total fund balance for the general fund was \$9,786,870. Of this amount, nonspendable was \$835,200, restricted was \$486,565, committed was \$1,995,472, assigned was \$1,905,739 and unassigned was \$4,563,894.
- The City's total long-term liability increased by \$171,877 during the current fiscal year. The increase in the City's long-term liability was primarily due to the increase in compensated absences in the amount of \$196,501 and OPEB in the amount of \$19,476. The City's capital lease liability decreased in fiscal year 2016 by \$44,100.

City of Belle Glade, Florida Management's Discussion and Analysis

USING THIS REPORT

The financial statement's focus is on both the City as a whole (government-wide) and on the major individual funds. Both perspectives (government-wide and major fund) allow the user to address relevant questions, broaden a basis for comparison (year-to-year or government-to-government) and enhance the City's accountability.

Management's Discussion and Analysis

The Management's Discussion and Analysis (MD&A) is designed to focus on the current years' activities, resulting changes and currently known facts. Thus, please read it in conjunction with the Transmittal Letter at the front of this report and the City's financial statements, which follow this section.

Government-Wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the City of Belle Glade's finances, in a manner similar to a private-sector business. The Statement of Net Position includes all of the government's assets, deferred outflows of resources, deferred inflows of resources and liabilities. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

City of Belle Glade, Florida Management's Discussion and Analysis

The two government-wide statements report the City's net position and how they have changed. Net position – the difference between the City's assets, deferred outflows of resources, deferred inflows of resources and liabilities is one way to measure the City's financial health or financial position. Over time, increases or decreases in the City's net position is one indicator of whether its financial health is improving or deteriorating. You will need to consider other non-financial factors, however, such as changes in the City's property tax base and the condition of the City's roads, to assess the overall health of the City.

In the Statement of Net Position and the Statement of Activities, we divide the City into two kinds of activities:

- Government activities – Most of the City's basic services are reported here, including public safety, public works, parks and recreation, and general administration. Property taxes, franchise fees, and state shared revenue finance most of these activities.
- Business-type activities – The City charges a fee to customers to help it cover all or most of the cost of certain services it provides.

Fund Financial Statements

Our analysis of the City's major funds begins on page 27. The fund financial statements provide detailed information about the most significant funds – not the City as a whole. Funds are devices that the City uses to keep track of specific sources of funding and spending for particular purposes.

- Governmental funds – Most of the City's basic services are included in governmental funds, which focus on (1) how cash and other financial assets can be readily converted to cash flow and (2) the balances left at year-end that are available for spending. Consequently, the governmental funds statements provide a detailed short-term view that helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the City's programs.
- Proprietary funds – Services for which the City charges customers a fee are generally reported in proprietary funds. Proprietary funds, like the government-wide statements, provide both long and short-term financial information.
- In fact, the City's enterprise funds (one type of proprietary fund) are the same as its business-type activities, but provide more detail and additional information, such as cash flows.
- Fiduciary Funds – The City is the trustee, or fiduciary, for its employees' pension plans. The City is responsible for ensuring that the assets reported in these funds are used for their intended purposes. We exclude these activities from the City's government-wide financial statements because the City cannot use these assets to finance its operations.

Notes to the Financial Statements

The notes provide additional information that is essential to full understanding of the data provided in the government – wide and fund financial statements.

Changes in Net Position

The statement of activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some that will only result in cash flows in the future fiscal periods (i.e., uncollected taxes and earned but unused vacation leave).

- The increase in net position for governmental activities was \$310,635. The increase in net position was due to a deficiency of revenues over expenses of \$11,757 and net transfers in of \$322,392.
- The net position increase for business-type activities was \$407,674. The net position increase was due to an excess of revenues over expenses of \$730,066 and net transfers out of \$322,392.

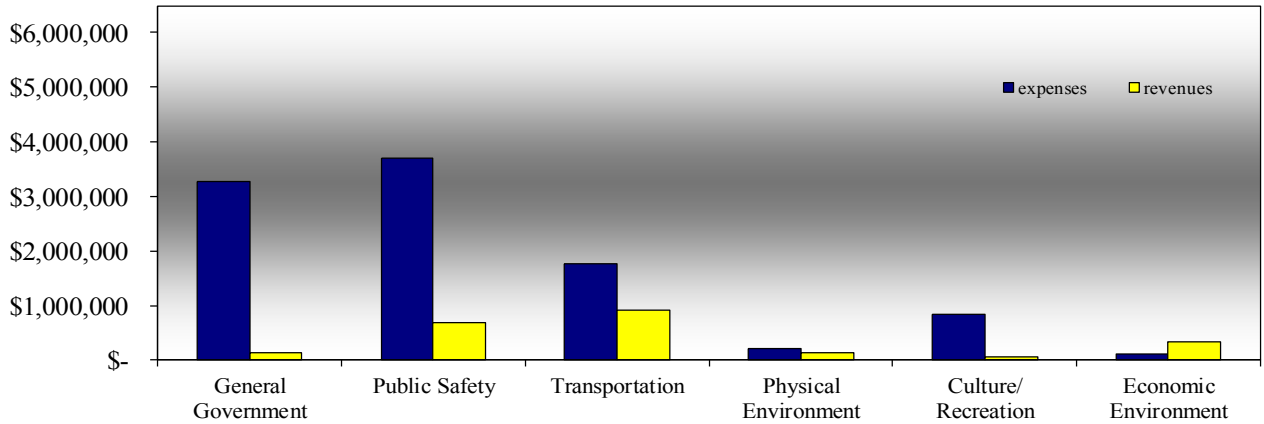

City of Belle Glade, Florida Management's Discussion and Analysis

Financial Analysis of the Major Governmental Fund

At the end of the current fiscal year, the City of Belle Glade's governmental funds reflected combined ending fund balances of \$11,484,490 an increase of \$872,284 compared to the prior year. Of the total combined fund balances, nonspendable was \$835,200, restricted was \$2,150,771, committed was \$1,995,472, assigned was \$1,939,153 and unassigned was \$4,563,894.

The General Fund is the primary operating fund of the City of Belle Glade. At the end of the current fiscal year, the fund balance of the General Fund was \$9,786,870. Of this amount, nonspendable was \$835,200, restricted was \$486,565, committed was \$1,995,472, assigned was \$1,905,739 and unassigned was \$4,563,894.

During the current fiscal year, the fund balance of the City of Belle Glade's general fund increased by \$944,911. This was due to an excess of revenues over expenditures of \$638,829 and net transfers in of \$306,082.

The City's Revolving Loan Fund is another major governmental fund which is utilized to account for funds used to assist eligible first-time homebuyers who meet low and moderate income guidelines in purchasing and/or constructing their first home. At the end of the current fiscal year, fund balance in the Revolving Loan Fund was \$1,458,257. All of the \$1,458,257 is restricted.

Financial Analysis of the Major Proprietary Funds

Unrestricted net position of the Garbage/Solid Waste Fund at the end of the year was \$2,601,383, a decrease of \$66,204 from the previous year.

Unrestricted net position of the Marina Fund increased \$34,445 from (\$140,100) to (\$105,655) due primarily to a decrease in liabilities.

Unrestricted net position of the Stormwater Fund decreased from \$1,684,078 to \$1,518,191 due primarily to accumulated depreciation.

General Fund Budgetary Highlights

Over the course of the year, the City Commission revised the City budget several times. These budget changes were primarily due to either amended budgets for grants or revised departmental needs.

After these amendments, actual expenditures were \$1,292,072 less than the final budget amounts. This was due to some grant funds not being spent in public safety and transportation and underexpenditure by the operating departments. Revenues were \$130,542 more than the final budget amounts and were primarily due to overcollection of other taxes, permits, and charges for fees.

City of Belle Glade, Florida Management's Discussion and Analysis

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

At the end of 2016, the City had invested \$25,572,593 (net of depreciation) in a broad range of capital assets including buildings, parks and recreation facilities, roads, and bridges. Additional information concerning capital assets can be found in Note 5 of the financial statements.

**City of Belle Glade's Capital Assets
(net of depreciation)
as of September 30, 2016**

	Governmental Activities		Business-Type Activities		TOTAL	
	2015	2016	2015	2016	2015	2016
Land	\$ 2,321,166	\$ 2,321,166	\$ 2,597,250	\$ 2,597,250	\$ 4,918,416	\$ 4,918,416

City of Belle Glade, Florida Management's Discussion and Analysis

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

For the 2017 fiscal year, General Fund revenue projections were generally conservative as has been our practice in previous years.

- There is a budgeted transfer from committed for budget stabilization in the amount of \$650,000 in the General Fund.
- No rate increases in sanitation fees were implemented in fiscal year 2017.
- No change in stormwater assessment rate.
- Campground fees are estimated to generate 100% of revenue needed to operate Torry Island Campground in the Marina Fund.
- The millage rate is 6.5419 mills, which is 5.71% over the rolled back rate and the same millage rate as the previous year.

All of these factors were considered in preparing the City of Belle Glade's budget for the 2017 fiscal year.

CONTACTING THE CITY'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers, and investors and creditors with a general overview of the City's finances and to demonstrate the City's accountability for the money it receives. If you have any questions about this report or need additional financial information, contact the Director of Finance, City of Belle Glade, 110 Dr. Martin Luther King, Jr. Blvd., West, Belle Glade, FL 33430.

Reconciliation of the Balance Sheet – Governmental Funds
to the Statement of Net Position
Governmental Funds
September 30, 2016

Fund balances total governmental funds		\$ 11,484,490
Amounts reported for governmental activities in the statement of net position are different because:		
Capital assets used in governmental activities are not financial resources and therefore are not reported in the governmental funds.		
Governmental capital assets	\$ 33,044,660	
Less accumulated depreciation	<u>(20,582,440)</u>	12,462,220
The net pension asset related to defined benefit pension plans does not represent available spendable resources and is not reported in the governmental funds.		
		2,607,607
The prepaid pension contribution is included in the net pension asset.		
		(114,955)
Deferred outflows and inflows of resources related to defined benefit pension plans are applicable future periods and are not reported in the governmental funds:		
Pension related deferred outflows	1,144,942	
Pension related deferred inflows	<u>(419,749)</u>	725,193
Long-term liabilities are not due and payable in the current period and therefore are not reported in the governmental funds.		
Accrued interest payable	(4,703)	
Other postemployment benefits	(117,411)	
Compensated absences	(703,952)	
Capital lease	<u>(348,364)</u>	<u>(1,174,430)</u>
Net position of governmental activities		<u>\$ 25,990,125</u>

CITY OF BELLE GLADE, FLORIDA
Reconciliation of the Statement of Revenues, Expenditures, and Changes
in Fund Balances of Governmental Funds to the Statement of Activities
Governmental Funds
For the Fiscal Year Ended September 30, 2016

Net change in fund balances - total governmental funds \$ 872,284

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures.

However, in the statement of activities, the cost of those assets is depreciated over their estimated useful life.

Expenditures for capital assets	\$ 668,379	
Less current year depreciation	<u>(907,052)</u>	(238,673)

Donations and disposals of capital assets affect net position in the statement of activities, but do not appear in the governmental funds because they are not financial resources.

Net book value of asset disposals or sales	(1,506)	
Donated capital assets	<u>27,794</u>	26,288

Debt proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net position. Repayment of debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position.

Capital lease payments		44,100
------------------------	--	--------

Governmental funds report revenues when earned and available. However, in the Statement of Activities, revenues are recognized when earned, regardless of availability.

Program revenue-operating grants		(120,844)
----------------------------------	--	-----------

Some expenses reported in the Statement of Activities do not require the use of current financial resources and, therefore are not reported as expenditures in governmental funds.

Changes in accrued interest payable	594	
Change in net pension asset and related deferred amounts	(64,465)	
Change in other postemployment benefits	(13,870)	
Change in long-term compensated absences	<u>(194,779)</u>	<u>(272,520)</u>

Change in net position of governmental activities		<u><u>\$ 310,635</u></u>
---	--	--------------------------

**CITY OF BELLE GLADE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2016**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the City of Belle Glade, Florida (City) have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the government's accounting policies are described below.

A. Reporting Entity

The City of Belle Glade, Florida is a municipal corporation organized under Chapter 61 - 1880 Laws of Florida, a special act 1980 as amended. The City provides the full range of municipal services contemplated by statute or charter. The services provided include: public safety, streets and roads, culture and recreation, public improvements, planning and zoning, marina, trash removal, and general administrative services. Police services are provided by the Palm Beach County Sheriff's Office by contract. Palm Beach County Fire-Rescue provides fire and rescue services through a Municipal Service Taxing Unit (MSTU).

As required by generally accepted accounting principles, these financial statements include the City (the primary government) and its component units. Component units are legally separate entities for which the City is financially accountable. The City is financially accountable if:

- it appoints a voting majority of the organization's governing board and (1) it is able to impose its will on the organization or (2) there is a potential for the organization to provide specific financial benefits to or impose specific financial burdens on the City or;
- the organization is fiscally dependent on the City and (1) there is a potential for the organization to provide specific financial benefits to the City or (2) impose specific financial burdens on the City.

Organizations for which the City is not financially accountable are also included when doing so is necessary in order to prevent the City's financial statements from being misleading.

Based upon application of the above criteria, the City of Belle Glade has determined that there are three legally separate entities to consider as potential component units. The City of Belle Glade General Employees' Retirement System and the City of Belle Glade Public Safety Officers' Retirement System are both component units as they are fiscally dependent on and impose a specific financial burden on the City. They are reported in the City's financial statements as pension trust funds in the fiduciary funds financial statements.

The Community Redevelopment Agency Trust Fund (CRA) is reported as a blended governmental fund component unit into the primary government. Although, the CRA is legally separate from the City, the City Commission serves as the CRA Board, is able to impose its will on the CRA, and the CRA provides specific financial benefits to the City.

**CITY OF BELLE GLADE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2016**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Government-wide and Fund Financial Statements

The basic financial statements include both government-wide and fund financial statements. The previous financial reporting model emphasized fund types. The new reporting model, however, focuses on either the City as a whole, or major individual funds (within the fund financial statements).

The government-wide financial statements (i.e., the statement of net position and the statement of changes in net position) report information on all of the nonfiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental and enterprise funds are reported as separate columns in the fund financial statements.

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses recorded when a liability is incurred, regardless of the timing of related cash flows. The City does not accrue property tax revenues since the collection of these taxes coincides with the fiscal year in which levied, and since the City consistently has no material uncollected property taxes at year end. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

CITY OF BELLE GLADE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2016

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. Property tax revenues are considered to be available if they are collected within 60 days of the end of the current fiscal period. A three month availability period is used for revenue recognition for all other governmental fund revenues. Expenditures are generally recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures relating to compensated absences and claims and judgments, are recorded only when payment is due.

Fines and permit revenues are not susceptible to accrual because generally they are not measurable until received in cash. Property taxes, franchise taxes, licenses, interest revenue, intergovernmental revenues, and charges for services associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the City.

The City reports the following major governmental funds:

The General Fund is the general operating fund of the City. It is used to account for all financial resources except those required to be accounted for in another fund.

Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than special assessments, expendable trusts, or for major capital projects) that are legally restricted to expenditures for specified purposes. The City has two major special revenue funds, the Revolving Loan Fund which is funded from a one time grant from the State of Florida for the rehabilitation, replacement and construction of low cost housing in the City and the Community Redevelopment Agency Trust Fund, which is used to account for the activity of redevelopment projects within the City and is funded from incremental tax revenues within the designated CRA area.

Capital projects funds account for the acquisition of fixed assets or construction of major capital projects not being financed by proprietary funds. The City has one capital project fund, the General Capital Outlay Fund.

CITY OF BELLE GLADE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2016

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)

The City reports the following major proprietary funds:

The Garbage and Solid Waste Fund accounts for refuse and recycling services to the residents of the City.

The Marina Fund accounts for the operation of the City's marina and campground.

The Stormwater Utility Fund accounts for the stormwater drainage system.

Fiduciary Funds

Fiduciary funds are used to account for assets held on behalf of outside parties, including other governments, or on behalf of other funds within the government. The pension trust funds are held under the terms of a formal trust agreement. The City has two pension trust funds: the General Employees and the Public Safety Officers Trust Funds.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments-in-lieu of taxes and other charges between the City's refuse and recycling function and various other functions of the City. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. Operating expenses report on the costs to maintain the proprietary systems, the cost of sales and services, administrative expenses and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

CITY OF BELLE GLADE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2016

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Assets, Deferred Outflows, Liabilities, Deferred Inflows, and Net Position or Equity

Cash and Cash Equivalents

Cash and cash equivalents consist of petty cash, deposits in checking accounts, and money market mutual funds. All money market mutual funds are registered as a 2a-7 fund with the SEC and reported at amortized cost.

For purposes of determining cash equivalents, the City has defined its policy concerning the treatment of short-term investments to include investments with a maturity of three months or less when purchased, as cash equivalents if management does not plan to reinvest the proceeds. Short-term investments that management intends to rollover into similar investments are considered part of the investment portfolio and are classified as investments.

Investments

Investments are reported at fair value as required by generally accepted accounting principles. The fair value of an investment is the amount that the City could reasonably expect to receive for it in a current sale between a willing buyer and a willing seller, other than in a forced or liquidation sale. The City categorizes its investments according to the fair value hierarchy established by GASB Statement No. 72. The hierarchy is based on observable and unobservable inputs used in establishing the fair value of a financial asset or liability. Purchases and sales of investments are recorded on a trade date basis.

Accounts Receivable

Accounts receivable of the General Fund and Garbage and Solid Waste Fund consists of billed and unbilled receivables.

Loans Receivable

Mortgage loans originated by the City in the Revolving Loan Fund are carried at the unpaid principal balance outstanding, net of allowances for possible loan losses. At September 30, 2016 all loans are considered collectable.

Inventory

Inventory is valued at cost, which approximates market, using the first in/first out (FIFO) method. The costs of governmental fund type inventory are recorded as expenditures when consumed rather than when purchased.

Prepays

Certain payments to vendors reflect costs applicable to a future accounting period and are recorded as prepaid items in both government-wide and fund financial statements.

CITY OF BELLE GLADE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2016

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Assets, Deferred Outflows, Liabilities, Deferred Inflows, and Net Position or Equity
(Continued)

Interfund Transactions

Following is a description of the basic types of interfund transactions made during the year and the related accounting policy:

Transactions for services rendered or facilities provided: These transactions are recorded as revenue in the receiving fund and expenditures in the disbursing fund.

Transactions to transfer revenue or contributions from the fund budgeted to receive them to the fund budgeted to expend them: These transactions are recorded as operating transfers in and out.

Capital Assets

Capital assets, which include plant, property, equipment, and infrastructure assets (e.g. roads, bridges, and sidewalks) are reported in the applicable governmental or business-type activities columns in the governmental-wide financial statements. Capital assets are defined by the government as assets with an original cost of greater than or equal to \$5,000 including ancillary cost and with a useful life of one year or more. Such assets are recorded at cost or the fair market value of the assets at the time of purchase or contribution. Depreciation has been provided over the useful lives using the straight line method. The estimated useful lives are as follows:

Buildings	40-50 years
Infrastructure	25-50 years
Building improvements	15-25 years
Land improvements	15 years
Equipment	5-10 years

Interest Capitalization

Interest is capitalized on costs for all assets that are constructed for an enterprise's use. The amount of interest to be capitalized is that portion of the interest incurred during the asset's acquisition period, which theoretically could have been avoided if expenditures for the asset had not been made.

Deferred Outflow of Resources

The statement of net position includes a separate section for deferred outflows of resources. This represents the usage of net position applicable to future periods and will not be recognized as expenditures until the future period to which it applies. The City reports deferred pension items in connection with its two Retirement Systems. These deferred pension charges are either (a) recognized in the subsequent period as a reduction of the net pension liability or (b) amortized in a systematic and rational method as pension expense in future periods.

CITY OF BELLE GLADE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2016

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Assets, Deferred Outflows, Liabilities, Deferred Inflows, and Net Position or Equity
(Continued)

Deferred Inflows of Resources

The statement of net position also includes a separate section, listed below total liabilities, for deferred inflows of resources. This represents the acquisition of net position applicable to future periods and will not be recognized as revenue until the future period to which it applies. The City currently has three types of deferred inflows. The first is local business tax revenues received prior to the period for which the taxes are levied, these are recognized as income in the period for which they are levied. The second is receivables that are received after 90 days of the end of the fiscal year, these are recognized in the period they meet the availability criterion of the modified accrual basis of accounting and are reported as deferred inflows only on the governmental funds balance sheet. The third is deferred pension items in connection with its two Retirement Systems. These items are amortized in a systemic and rational method and recognized as a reduction of pension expense in future periods.

Unearned Revenue

The City reports unearned revenue on its statements of net position and governmental funds balance sheet. Unearned revenue arises when resources are obtained prior to revenue recognition. In subsequent periods, when revenue recognition criteria are met the unearned revenue is removed and revenue is recognized.

Unavailable Revenue

The City reports unavailable revenue on its governmental funds balance sheet for resource inflows that do not qualify for recognition as revenue in a governmental fund because they are not yet considered available.

Compensated Absences

Compensated absences are absences for which employees will be paid, such as vacation and sick leave. A liability for compensated absences that is attributable to services already rendered and that is not contingent on a specific event that is outside the control of the government and its employees is accrued as employees earn the rights to the benefits. Compensated absences that relate to future services or that are contingent on a specific event that is outside the control of the government and its employees are accounted for in the period in which such services are rendered or such events take place.

All vacation and sick leave is accrued when incurred in the government-wide, proprietary, and fiduciary fund financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

CITY OF BELLE GLADE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2016

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Assets, Deferred Outflows, Liabilities, Deferred Inflows, and Net Position or Equity
(Continued)

Fund Balance

In the fund financial statements, governmental funds report fund balance classifications that comprise a hierarchy based primarily on the extent to which the City is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. Fund balance is reported under the following categories:

1. Nonspendable fund balances – Includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. The “not in spendable form” criterion includes items that are not expected to be converted to cash, for example, inventories and prepaid amounts. It also includes the long-term amount of loans and notes receivable, as well as property acquired for resale. However, if the use of the proceeds from the collection of those receivables or from the sale of those properties is restricted, committed, or assigned, then they should be included in the appropriate fund balance classification (restricted, committed, or assigned), rather than the nonspendable fund balance. The corpus (or principal) of a permanent fund is an example of an amount that is legally or contractually required to be maintained intact.
2. Restricted fund balance – Includes amounts that are restricted to specific purposes when constraints placed on the use of resources are either (a) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments, or (b) imposed by law through constitutional provisions or enabling legislation.
3. Committed fund balance – Includes amounts that can be used only for specific purposes pursuant to constraints imposed by formal action of the City Commission, the City’s highest level of decision making authority, an ordinance. Those committed amounts cannot be used for any other purpose unless the City removes or changes the specified use by taking the same type of action employed to previously commit those amounts.
4. Assigned fund balance – Includes amounts intended to be used by the City for specific purposes, but are neither restricted or committed. In accordance with the City’s fund balance policy, assignments can be made by the City Commission or the City Manager.

**CITY OF BELLE GLADE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2016**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Assets, Deferred Outflows, Liabilities, Deferred Inflows, and Net Position or Equity
(Continued)

Fund Balance (Continued)

5. Unassigned fund balance – Includes the residual classification for the general fund. This classification represents fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the general fund. The general fund should be the only fund that reports a positive unassigned fund balance amount. In other governmental funds, it may be necessary to report a negative unassigned fund balance if expenditures incurred for specific purposes exceeded the amounts restricted, committed, or assigned to those purposes.

The City Commission has established committed fund balance by ordinance to maintain a stabilization reserve of 20% of the General Fund operating budget less transfers and contingency. The operating reserve is in addition to any contingency in the General Fund budget. Any excess of revenues over expenditures shall be placed in the stabilization reserve until 20% of the General Fund operating budget less transfers and contingency is reached then additional amounts shall flow to Unassigned Fund Balance. The stabilization reserve is set up for unforeseen economic conditions and potential natural disasters (hurricanes) that could affect the area.

When an expenditure is incurred for purposes for which both restricted and unrestricted (committed, assigned, or unassigned) amounts are available, it is the City's policy to reduce restricted amounts first. When an expenditure is incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used, it is the City's policy to reduce committed amounts first, followed by assigned amounts, and then unassigned amounts.

Net Position

Equity in the government-wide and enterprise fund statements are classified as net position and displayed in following three components:

1. Net investment in capital assets – Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, notes or other borrowings that are attributable to the acquisition, construction or improvement of those assets.
2. Restricted net position – Consists of net position with constraints placed on the use either by: 1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or 2) law through constitutional provisions of enabling legislation.

SEPTEMBER 30, 2016

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Assets, Deferred Outflows, Liabilities, Deferred Inflows, and Net Position or Equity
(Continued)

Net Position (Continued)

3. Unrestricted net position – All other net position that do not meet the definition of “restricted” or “net investment in capital assets.”

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows, liabilities, and deferred inflows, and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

NOTE 2 – STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

A. Budgetary Data

Formal budgetary integration is employed as a management control device during the year for the General Fund, the Special Revenue Funds and the Enterprise Funds. All budgets are legally enacted.

Annual appropriated budgets for the General Fund and Special Revenue Funds are adopted on a basis consistent with generally accepted accounting principles. Except for not budgeting for depreciation, the annual appropriated budgets for the enterprise funds are adopted on a basis consistent with generally accepted accounting principles. For budgeting purposes, current year encumbrances are not treated as expenditures.

CITY OF BELLE GLADE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2016

NOTE 2 – STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY (Continued)

A. Budgetary Data (Continued)

The City follows these procedures in establishing the budgetary data reflected in the financial statements.

1. Prior to August 1st, the City Manager submits to the City Commission a proposed operating budget for the fiscal year commencing the following October 1st. The operating budget includes proposed expenditures and the means of financing them.
2. Public hearings are conducted to obtain taxpayer comments.
3. Prior to October 1st, the budget is legally enacted through passage of a resolution.
4. The City Manager is authorized to approve transferring funds within object classifications (personal services, operating expenses, capital outlay and debt service) within any budgeted cost center; however, any revisions that alter the total expenditures of any object classification within any budgeted cost center must be approved by the City Commission. Any revisions that alter the bottom line of a fund must be approved by the City Commission, by resolution.
5. Appropriations along with encumbrances lapse on September 30th.

Budgeted amounts are as originally adopted, or as amended by appropriate action. During the year several supplemental appropriations were necessary.

Encumbrance accounting is employed in governmental funds. Encumbrances (e.g. purchase orders or contracts) outstanding at year end are reported as reservations of fund balances and do not constitute expenditures or liabilities because the commitments will be reappropriated and honored during the subsequent year. The General Fund did not have any outstanding encumbrances at year-end.

B. Property Taxes

Under Florida law, the assessment of all properties and the collection of all county, municipal and school board property taxes are consolidated in the offices of the County Property Appraiser and County Tax Collector. The laws of the State regulating tax assessment are also designed to assure a consistent property valuation method statewide.

**CITY OF BELLE GLADE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2016**

NOTE 2 – STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY (Continued)

B. Property Taxes (Continued)

The tax levy of the City is established by the City Commission prior to October 1st of each year and the Palm Beach County Property Appraiser incorporates the City's millages into the total tax levy, which includes Palm Beach County and Palm Beach County School Board tax requirements.

All property is reassessed according to its fair market value on January 1st of each year, which is also the lien date. Each assessment roll is submitted to the Executive Director of the State Department of Revenue for review to determine if the rolls meet all the appropriate requirements of State statutes.

All taxes are due and payable on November 1st of each year or as soon thereafter as the assessment roll is certified and delivered to the Tax Collector. All unpaid taxes become delinquent on April 1st following the year in which they are assessed. Discounts are allowed for early payment at the rate of 4% in the month of November, 3% in the month of December, 2% in the month of January and 1% in the month of February. The taxes paid in March are without discount.

Delinquent taxes on real property bear interest of 18% per year. On or prior to June 1st following the tax year, certificates are sold for all delinquent taxes on real property. After sale, tax certificates bear interest of 18% per year or any lower rate bid by the buyer. Application for a tax deed on any unredeemed tax certificates may be made by the certificate holder after a period of two years.

Delinquent taxes on personal property bear interest of 18% per year until the tax is satisfied either by seizure and sale of the property or by the five year statute of limitations.

NOTE 3 – DEPOSITS AND INVESTMENTS

Deposits with Financial Institutions

In addition to insurance provided by the Federal Depository Insurance Corporation, deposits are held in banking institutions approved by the State Treasurer of the State of Florida to hold public funds. Under Florida Statutes Chapter 280, Florida Security for Public Deposits Act, the State Treasurer requires all Florida qualified public depositories to deposit with the Treasurer or other banking institution eligible collateral. In the event of failure of a qualified public depository, the remaining public depositories would be responsible for covering any resulting losses.

**CITY OF BELLE GLADE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2016**

NOTE 3 – DEPOSITS AND INVESTMENTS (Continued)

The City’s deposits at year end are considered insured for custodial credit risk purposes.

At year end, the carrying amounts of the City's deposits were \$14,190,315 and the bank balances were \$14,343,436. The City also had \$1,200 in petty cash.

The following is a summary of deposits and investments as shown on the statement of net position and statement of fiduciary net position for the City.

	<u>Cash and Cash Equivalents</u>		<u>Investments</u>
	<u>Unrestricted</u>	<u>Restricted</u>	
Governmental activities	\$ 9,587,910	\$	\$
Business type activities	<u>3,924,155</u>	<u>353,467</u>	<u> </u>
Statement of net position	13,512,065	353,467	
Fiduciary	<u>325,983</u>	<u> </u>	<u>21,461,062</u>
 Total deposits and investments	 <u>\$13,838,048</u>	 <u>\$ 353,467</u>	 <u>\$ 21,461,062</u>

Investments

Authorized Investments

The City’s investment policy authorizes the City to invest in the Local Government Surplus Funds Trust Fund administered by the State Treasurer, negotiable direct obligations unconditionally guaranteed by the U.S. Government, interest bearing time deposits in financial institutions located in Florida and organized under Federal or Florida laws, obligations of the Federal Farm Credit Banks, the Federal Home Loan Mortgage Corporation, the Federal Home Loan Bank or its direct banks, obligations guaranteed by the Government National Mortgage Association and obligations of the Federal National Mortgage Association. In addition, funds held by outside custodians on behalf of Enterprise Funds and investments of the Employees' Retirement and Deferred Compensation Funds are invested by the outside custodians pursuant to the applicable trust or escrow agreement.

CITY OF BELLE GLADE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2016

NOTE 3 – DEPOSITS AND INVESTMENTS (Continued)

Investments (Continued)

Authorized Investments (Continued)

Investments of the Pension Funds are limited to:

1. Time, savings, and money market deposit accounts of a national bank, a state bank or a savings and loan institution, insured by the Federal Deposit Insurance Corporation, provided the amount deposited does not exceed the insured amount.
2. Obligations issued by the United States Government or obligations guaranteed as to principal and interest by the United States Government or by an agency of the United States Government.
3. Stocks, commingled funds administered by national or state banks, mutual funds and bonds or other evidences of indebtedness, issued or guaranteed by a corporation organized under the laws of the United States, any state or organized territory of the United States or the District of Columbia, provided:
 - a. The securities meet the following ranking criteria when purchased:
 - i. Fixed Income: Standards & Poor's AAA, AA, A or Moody's Aaa, Aa, or A
 - ii. Equities: Value line ranking for safety 1, 2, or 3, except that 15% of the fund assets may be invested in securities not meeting this requirement
 - iii. Money Market Standard & Poor's A1 or Moody's P1
4. Commingled stock, bond or money market funds whose investments are restricted to securities meeting the above criteria.
5. Foreign Securities.

Limitations:

1. Investments in corporate common stock and convertible bonds shall not exceed 75% of the fund assets at market value.
2. Foreign securities shall not exceed 15% of the value at cost of the fund.

CITY OF BELLE GLADE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2016

NOTE 3 – DEPOSITS AND INVESTMENTS (Continued)

Investments (Continued)

In 2016, the City implemented GASB *Statement No. 72, Fair Value Measurement and Application* issued in February 2015. The City categorizes its investments according to the fair value hierarchy established by this Statement. The hierarchy is based on valuation inputs used to measure the fair value of the asset as follows: Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs to include quoted prices for similar assets in active and non-active markets; Level 3 inputs are significant unobservable inputs.

The money market mutual funds consist of investments with financial institutions in open end, institutional, money market funds complying with Securities and Exchange Commission (SEC) Rule 2a7. Rule 2a7 allows SEC registered mutual funds to use amortized cost rather than fair value to report net assets used to compute share prices if certain conditions are met. Those conditions include restrictions on the types of investments held, restrictions on the term-to-maturity of individual investments and the dollar-weighted average of the portfolio, requirements for portfolio diversification, and requirements for divestiture considerations in the event of security downgrades and defaults, and required actions if the fair value of the portfolio deviates from amortized cost by a specified amount. Money market mutual funds are exempt from the GASB 72 fair value hierarchy disclosures.

Equity securities, exchange traded funds (ETF), and mutual funds classified in Level 1 of the fair value hierarchy are valued based on prices quoted in active markets for those securities. Debt securities classified in level 2 of the fair value hierarchy are valued using a matrix pricing technique. Matrix pricing values securities based on the securities relationship to benchmark quoted prices.

**CITY OF BELLE GLADE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2016**

NOTE 3 – DEPOSITS AND INVESTMENTS (Continued)

Investments (Continued)

As of September 30, 2016, the City held the following investments:

	Weighted Average Maturity	Fair Value	Fair Value Measurement	
			Level 1	Level 2
<i>Fiduciary Funds</i>				
U.S. Government and Agencies	11.35 Years	\$ 791,721	\$	\$ 791,721
Corporate Bonds	3.96 Years	1,295,830		1,295,830
Fixed Income ETF	N/A	659,769	659,769	
Fixed Income Mutual Funds	N/A	5,685,937	5,685,937	
Foreign Equity Mutual Funds	N/A	1,264,899	1,264,899	
Domestic Common Equity Securities	N/A	11,505,406	11,505,406	
		21,203,562	\$ 19,116,011	\$ 2,087,551
Investments Reported at Amortized Cost:				
<i>Fiduciary Funds</i>				
Money Market Mutual Funds	N/A	257,500		
Total Investments		\$ 21,461,062		

Credit Risk

Credit risk is the risk that an issuer or other counter party to an investment will not fulfill its obligations. The City's investment policies limit the investments to high quality investments to control credit risk. The Standard & Poor's rating for the investments in debt securities at September 30, 2016, are summarized as follows:

<i>Fiduciary Funds</i>	S&P Rating	Amount
U.S. Government and Agencies	AA+	\$ 791,721
Corporate Bonds	AAA	105,534
Corporate Bonds	AA-	169,101
Corporate Bonds	A+	111,636
Corporate Bonds	A	181,429
Corporate Bonds	A-	183,580
Corporate Bonds	BBB+	430,364
Corporate Bonds	BBB	55,000
Corporate Bonds	BB+	59,186

**CITY OF BELLE GLADE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2016**

NOTE 3 – DEPOSITS AND INVESTMENTS (Continued)

Investments (Continued)

Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Generally, the longer the time to maturity, the greater the exposure to interest rate risks. The City does not have a formal investment policy that limits investment maturities as a means of managing exposure to fair value losses arising from increasing interest rates. The table below summarizes the scheduled maturities of debt investments at September 30, 2016:

	Fair Value of Investment Maturities				
	Fair Value	Less Than One year	One to Five Years	Six To Ten Years	More Than Ten Years
Fiduciary funds:					
U.S. Government and Agencies	\$ 791,721	\$	\$ 271,346	\$ 236,520	\$ 283,855
Corporate bonds	1,295,830	143,714	968,536	111,404	72,176
Total	\$ 2,087,551	\$ 143,714	\$ 1,239,882	\$ 347,924	\$ 356,031

Custodial Credit Risk

For an investment, custodial credit is the risk that, in the event of the failure of the counterparty, the City will not be able to recover the value of its investments that are in the possession of an outside party. At September 30, 2016, all investments were insured or collateralized, except the City's two pension funds. The Pension Funds' investments are held by a third party custodian, not in the name of the City. Investments are held in book entry form at the Federal Reserve by Depository Trust Company (DTC) via the custodian. The custodian further segregates the City's investments in their trust accounting system. The investments in mutual funds are considered unclassified pursuant to the custodial credit risk categories of GASB Statement No. 3, because they are not evidenced by securities that exist in physical or book-entry form.

Concentration of Credit Risk

Concentration of credit risk is defined as the risk of loss attributed to the magnitude of an investment in a single user. The City places no limit on the amount they may invest in any one issuer, except those in the City's two pension funds. Not more than 5% of the fund's assets shall be invested in the common stock or capital stock of any one issuing company, nor shall the aggregate investment in any one issuing company exceed 5% of the outstanding capital stock of the company. Also, the value of bonds issued by any single corporation shall not exceed 10% of the total fund.

**CITY OF BELLE GLADE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2016**

NOTE 3 – DEPOSITS AND INVESTMENTS (Continued)

Investments (Continued)

Foreign Currency Risk

Investing in foreign markets may involve special risks and considerations not typically associated with investing in companies in the United States of America. These risks include revaluation of currencies, high rates of inflation, repatriation restrictions on income and capital, and future adverse political, social, and economic developments. Moreover, securities of foreign governments may be less liquid, subject to delayed settlements, taxation on realized or unrealized gains, and their prices are more volatile than those of comparable securities in U.S. companies.

NOTE 4 – ACCOUNTS RECEIVABLE

Accounts receivable at September 30, 2016, are comprised of the following:

	<u>General Fund</u>	<u>Garbage and Solid Waste Fund</u>
Billed	\$ 397,898	\$ 780,264
Unbilled	15,126	99,185
Total	<u>413,024</u>	<u>879,449</u>
Less allowance for uncollectibles	<u>(69,029)</u>	<u>(313,581)</u>
	<u>\$ 343,995</u>	<u>\$565,868</u>

The Stormwater and Marina funds do not have an allowance for uncollectibles as of September 30, 2016.

CITY OF BELLE GLADE, FLORIDA

NOTE 6 – LONG-TERM LIABILITIES

Capital Lease

The City entered into a lease agreement for financing the acquisition of energy efficient equipment with a purchase price of \$476,820 in April 2013. The lease qualifies as a capital lease for accounting purposes and, therefore, has been recorded at the present value of the future minimum lease payments as of the inception date. There are 20 semi-annual payments required of \$27,773 beginning October 18, 2013. At September 30, 2016, the net book value of the equipment was \$339,823.

**CITY OF BELLE GLADE, FLORIDA
NOTES TO FINANCIAL STATEMENTS

For governmental activities, compensated absences and other postemployment benefit obligations are liquidated from the City's General Fund.

Interest Expense

Total interest costs incurred and paid on all City debt for the year ended September 30, 2016, were \$10,852 and \$11,446, respectively. No interest cost was capitalized during the year.

**CITY OF BELLE GLADE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2016**

NOTE 7 – INTERFUND RECEIVABLES, PAYABLES, AND TRANSFERS

Advances to/from other funds

The composition of interfund advances for the year ended September 30, 2016, are as follows:

<u>Receivable Fund:</u>	<u>Payable Fund:</u>	<u>Amount</u>
General	Marina	\$ 432,910

The advance between funds results from the General Fund repaying grant funds in a previous year on behalf of the Marina Fund.

Transfers to/from other funds

The composition of interfund transfers for the year ended September 30, 2016, are as follows:

<u>Transfer Out:</u>	<u>Transfer In:</u>	<u>Amount</u>
General	Marina	\$ 82,608
General	CRA	15,449
General	Capital Project	861
Garbage & solid waste	General	<u>405,000</u>
		<u>\$ 503,918</u>

The transfers to the CRA and the Capital Project funds were to move unrestricted general fund revenues to finance various programs that the government must account for in other funds in accordance with budgetary authorizations, including amounts provided as subsidies or matching funds for various grant programs. The transfers into the general fund were used to balance the budget.

NOTE 8 – SUBLEASE OF FACILITIES

Golf Course

On January 31, 2008, the City entered into an agreement with Golf Operators Link of Florida, LLC, to obtain professional management services for the Belle Glade Municipal Golf Course. Golf Operators Link of Florida will maintain the golf course, greens, fairways and all related grounds and the servicing and maintenance of all related facilities and equipment for the golf course. Golf Operators Link of Florida LLC will keep all proceeds from the Golf operations.

CITY OF BELLE GLADE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2016

NOTE 8 – SUBLEASE OF FACILITIES (Continued)

Golf Course (Continued)

On June 4, 2012, the contract between Golf Operators Link of Florida, LLC and the City was extended through September 30, 2017. The City also agreed to reimburse Golf Operators Link of Florida, LLC for eligible expenses up to \$60,000 for each fiscal year of the contract, starting with the fiscal year ended September 30, 2016. Expenses are considered eligible if they are directly incurred by Golf Operators Link of Florida, LLC for management and improvement of the Belle Glade Municipal Golf Course.

NOTE 9 – EMPLOYEE RETIREMENT SYSTEMS

The City maintains two separate single-employer, defined benefit pension plans - General Employees' Retirement System (GERS) and Public Safety Officers' Retirement System (PSORS) for the general employees, retired police officers, and retired firefighters.

The plans are established by the City and administered by a separate board of trustees for each plan. Both plans are reported as Pension Trust Funds and are included as part of the City's reporting entity. The plans do not issue stand-alone financial reports.

Each plan has its own board that acts as plan administrator and trustee: The General Employees Retirement Board consists of five (5) members; three (3) members shall be City Commissioners appointed annually by the City Commission by resolutions, and two (2) members shall be full-time employees elected by vote of the members of the General Employees' Pension Fund. The Public Safety Officer' Retirement System Board consists of five (5) members; one (1) legal resident of the City, appointed by the other four members of the Board; two (2) retirees elected by a majority of the retired members of the Plan; the City Finance Director; and one (1) City Commissioner selected by the other City Commissioners.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

All Retirement Systems

Basis of Accounting. The retirement systems are reported on the accrual basis of accounting. Plan members and state contributions are recognized as revenues in the period that the contributions are due. Employer contributions to each plan are recognized when due and the employer has made a formal commitment to provide the contributions. For the pension expense and net pension liability calculations unearned contributions are included as an asset in fiduciary net position. Benefits and refunds are recognized when due and payable in accordance with the terms of each plan. The plans' fiduciary net position have been determined on the same basis used by the pension plans.

CITY OF BELLE GLADE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2016

NOTE 9 – EMPLOYEE RETIREMENT SYSTEMS (Continued)

General Employees' Retirement System

Plan Description. The plan provides retirement benefits as well as death and disability benefits. All benefits vest after ten years of credited service. General employees hired after April 9, 1990, become members of the system on the date of their employment as a condition of employment. Cost of living adjustments (COLA) are provided annually to reflect changes in CPI (subject to maximum increases of 3% per year). Authority to establish and amend the benefit provisions of the plan rests with the City Commission.

Employees become eligible for normal retirement benefits after attaining the age of 62 and completing ten years of credited service, attaining the age of 65, or completing 30 years of credited service. The normal retirement benefit consists of a life annuity, options available, (subject to cost of living adjustments not to exceed 3% a year), of 2% of final average earnings times the years of credited service. Early retirement benefits can be received at any date preceding the normal retirement date by not more than ten years. The benefit is determined as for normal retirement and actuarially reduced. Disability benefits can be received for total and permanent disabilities as determined by the Board of Trustees of the applicable pension trust (medical proof required). The benefits are paid following a six month waiting period, for life or recovery and are determined as if for a normal retirement on the date of disability.

If an active member dies, his beneficiary receives a refund of member contributions plus 3% interest. The benefit received upon death following retirement is dependent upon the optional form of benefit selected. If an employee terminates his employment, he is entitled to the following:

- With less than ten years of credited service, a refund of member contributions plus 3% interest.
- With ten or more years of credited service, a refund of member contributions, the accrued benefit payable at normal retirement date, or a reduced benefit paid at an otherwise early retirement date.

"Final average earnings" is the average of the five highest consecutive calendar years during the final ten years of service.

"Credited service" consists of years and completed months of uninterrupted service with the City. Any service during which the employee elected to waive participation or withdraw member contributions is excluded.

**CITY OF BELLE GLADE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2016**

NOTE 9 – EMPLOYEE RETIREMENT SYSTEMS (Continued)

General Employees' Retirement System (Continued)

Contributions. General employees are required to contribute 4% of their basic compensation to the plan. The City is required to contribute the remaining amount to fund the plan using the Aggregate Actuarial Cost Method. Contribution requirements of plan members and the City are established and may be amended by the City Commission.

Asset Allocation. The plan's adopted asset allocation policy as of September 30, 2016, is as follows:

<u>Asset Class</u>	<u>Target Allocation</u>
Domestic equity	55%
International equity	10
Broad Market Fixed Income	<u>35</u>
Total	<u>100%</u>

Investments Concentrations. The plan did not hold investments in any one organization that represents 5 percent or more of the Pension Plan's fiduciary net position.

Rate of Return. For the year ended September 30, 2016, the annual money-weighted rate of return on Pension Plan investments, net of pension plan investment expense, was 7.14 percent. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

Public Safety Officers' Retirement System

Plan Description. The plan provides retirement benefits as well as survivor benefits to retired members from the City's former Police and Fire Departments. This plan was created due to the election of certain inactive members in the City of Belle Glade Police Officers' Retirement Plan and the City of Belle Glade Firefighters' Retirement Plan electing to continue receiving their current monthly benefits upon termination of their respective plans. The plan is closed to active members. Cost of living adjustments (COLA) are provided annually to reflect changes in CPI (subject to maximum increases of 3% per year). Authority to establish and amend the benefit provisions of the plan rests with the City Commission.

**CITY OF BELLE GLADE, FLORIDA

SEPTEMBER 30, 2016**

NOTE 9 – EMPLOYEE RETIREMENT SYSTEMS (Continued)

Public Safety Officers' Retirement System (Continued)

Contributions. The City is required to contribute the remaining amount to fund the plan using the Aggregate Actuarial Cost Method.

Asset Allocation. The plan's adopted asset allocation policy as of September 30, 2016, is as follows:

Asset Class	Target Allocation
Domestic equity	45%
Broad Market Fixed Income	45
TIPS	5
Cash	5
Total	100%

Investments Concentrations. The plan did not hold investments in any one organization that represents 5 percent or more of the Pension Plan's fiduciary net position.

Rate of Return. For the year ended September 30, 2016, the annual money-weighted rate of return on Pension Plan investments, net of pension plan investment expense, was 4.95 percent. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

All Retirement Plans

Actuarial Assumptions. The total pension liability was determined by an actuarial valuation as of October 1, 2015 updated to September 30, 2016 using the following actuarial assumptions.

	General Employees	Public Safety Officers'
Inflation	3.00%	2.50%
Salary increases	6.00%	N/A
Investment rate of return	7.75%	6.25%
	Female RP2000 Generational, 100% Annuitant White Collar, Scale BB	Female RP2000 Generational, 100% Annuitant White Collar, Scale BB
Mortality Rate Healthy Lives	Male RP2000 Generational, 50% Annuitant White Collar/50% Annuitant Blue Collar, Scale BB	Male RP2000 Generational, 10% Annuitant White Collar/90% Annuitant Blue Collar, Scale BB

**CITY OF BELLE GLADE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2016**

NOTE 9 – EMPLOYEE RETIREMENT SYSTEMS (Continued)

All Retirement Plans (Continued)

Actuarial Assumptions (Continued)

	<u>General Employees</u>	<u>Public Safety Officers'</u>
Mortality Rate	RP2000 without projection with the following adjustments: Female 100% Disabled Female with two year set forward, Male 100% Disabled Male with four year setback	Female: 60% RP2000 Disabled Female set forward two years/40% Annuitant White Collar with no setback. Male: 60% RP2000 Disabled Male set forward two years/40% Annuitant White Collar with no setback
Disabled Lives		

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expenses and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included the pension plan's target asset allocation as of September 30, 2016, are summarized in the following table:

<u>Asset Class</u>	<u>Long-Term Expected Real Rate of Return</u>	
	<u>General Employees'</u>	<u>Public Safety Officers'</u>
Domestic equity	7.50%	7.50%
International equity	8.50%	N/A
Broad Market Fixed Income	2.50%	2.50%
TIPS	N/A	2.50%

Discount Rate. The discount rate used to measure the total pension liability was 7.75 percent for the General Employees' Retirement System and 6.25 percent for the Public Safety Officers' Retirement System. The projection of cash flows used to determine the discount rates assumed that plan member contributions will be made at the current contribution rate and that sponsor contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plans' fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

NOTE 10 – PENSION PLAN FINANCIAL INFORMATION

Generally accepted accounting principles (GAAP) requires that financial statements for individual pension plans be presented in the notes to the financial statements of the primary government if separate, GAAP financial reports have not been issued. The individual pension funds of the City of Belle Glade, Florida do not have separate GAAP reports issued and the financial information for these is presented below.

CITY OF BELLE GLADE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2016

NOTE 11 – DEFERRED COMPENSATION PLAN

Employees of the City of Belle Glade may participate in a deferred compensation plan adopted under the provisions of Internal Revenue Code Section 457 (Deferred Compensation Plans with Respect to Service for State and Local Governments).

The deferred compensation plan is available to all employees of the City. Under the plan, employees may elect to defer a portion of their salaries and avoid paying taxes on the deferred portion until the withdrawal date. The deferred compensation amount is not available for withdrawal by employees until termination, retirement, death, or unforeseeable emergency.

Because the City has little administrative involvement and does not perform the investing function for funds in the Plan, the City's activities do not meet the criteria for inclusion in the fiduciary funds of a government. Consequently, the Plan is not included in the City's financial statements.

NOTE 12 – OTHER POSTEMPLOYMENT BENEFITS

The City implemented Governmental Accounting Standards Board Statement 45 (GASB 45), *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions*, effective October 1, 2008. The City elected to implement prospectively, and the change in accounting principle had no effect on changes in net position/fund equity for prior periods. Retirees of the City pay an amount equal to the actual premium for health insurance charged by the carrier, but there is an implied subsidy in the healthcare insurance premium for retirees because the premium charged for these retirees is the same as the premium charged for active employees, who are younger than retirees on average. This implied subsidy constitutes other postemployment benefits (OPEB) under GASB 45.

Plan Description

The City provides a single employer defined benefit health care plan to all of its employees. The plan allows its employees and their beneficiaries, to continue to obtain health and dental benefits upon retirement. The normal retirement age for City employees is age 65. The benefits of the plan are in accordance with Florida Statutes, which are the legal authority for the plan. The plan has no assets and does not issue a separate financial report.

Funding Policy

The City does not directly make a contribution to the plan on behalf of retirees. Retirees and their beneficiaries pay the same group rates as are charged to the City for active employees by its healthcare provider. However, the City's actuaries, in their actuarial valuation, calculate an offset to the cost of these benefits as an Employer Contribution, based upon an implicit rate subsidy. This offset equals the total age-adjusted costs paid by the City or its active employees for coverage of the retirees and their dependents for the year net of the retiree's own payments for the year.

**CITY OF BELLE GLADE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2016**

NOTE 12 – OTHER POSTEMPLOYMENT BENEFITS (Continued)

Annual OPEB Cost and Net OPEB Obligation

The annual other postemployment benefit (OPEB) cost is calculated based on the annual required contribution of the employer, an amount actuarially determined in accordance with GASB Statement No. 45. The annual required contribution represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and to amortize any unfunded actuarial liabilities over a period not to exceed 30 years.

The annual OPEB cost and the net OPEB obligation for the City for the current year and the related information is as follows:

Required contribution rates:	
Employer	Pay-as-you-go
Plan members	N/A
Normal cost	\$ 21,077
Interest on normal cost	843
Amortization	13,671
Interest on amortization	547
Interest on Net OPEB obligation	5,297
Adjustment to annual required contribution	<u>(8,163)</u>
Annual OPEB cost	33,272
Contributions made	<u>(13,796)</u>
Increase in net OPEB obligation	19,476
Net OPEB obligation October 1, 2015	<u>132,427</u>
Net OPEB obligation September 30, 2016	<u>\$ 151,903</u>

Trend Information

Three-Year Trend Information			
Fiscal Year End	Annual OPEB Cost	Percentage of Annual OPEB Cost Contributed	Net OPEB Obligation
09/30/14	\$20,753	53.1%	\$124,510
09/30/15	\$21,017	62.3%	\$132,427
09/30/16	\$33,272	41.5%	\$151,903

**CITY OF BELLE GLADE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2016**

NOTE 12 – OTHER POSTEMPLOYMENT BENEFITS (Continued)

Funded Status

The funded status of the plan as of most recent actuarial valuation date was as follows:

Actuarial valuation date	10/01/2015
Actuarial accrued liability	\$ 207,218
Actuarial value of plan assets	\$
Unfunded actuarial accrued liability (UAAL)	\$ 223,172
Funded ratio	0.0%
Covered payroll	\$2,764,791
UAAL as a percentage of covered payroll	8.1%

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are comparable with past expectations and new estimates are made about the future. The schedule of funding progress presented as required supplementary information following the notes to the financial statements, will present multi-year trend information that shows whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits. The City has not contributed assets to the plan at this time.

Actuarial Methods and Assumptions

Projections of benefits are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits in force at the valuation date and the pattern of sharing benefit costs between the City and the plan members to that point. Actuarial calculations reflect a long-term perspective and employ methods and assumptions that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets. Significant methods and assumptions were as follows:

Actuarial valuation date	10/01/2015
Actuarial cost method	Entry Age
Amortization method	Closed
Remaining amortization period	30 Years
Asset valuation method	Unfunded
Actual assumptions:	
Discount rate	4%
Inflation rate	0%
Investment rate of return	4%
Payroll growth rate	0%

CITY OF BELLE GLADE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2016

NOTE 13 – RELATED PARTY TRANSACTIONS

The General Fund provides the other funds with various management services. Administrative costs totaling \$244,000, \$71,426, and \$40,000 were charged to the Garbage and Solid Waste, Stormwater Utility, and Revolving Loan funds respectively, for 2016.

NOTE 14 – RISK MANAGEMENT

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City continues to purchase commercial insurance to cover the various risks. Retention of risks is limited to those risks that are uninsurable, and deductibles ranging from \$100 to \$2,500 per occurrence. There were no settled claims which exceeded insurance coverage during the past three fiscal years.

As a member of Public Risk Management, the responsibility of the City is to pay those premiums charged by the nonassessable pool for workers compensation coverage. The pool is responsible to pay all claims incurred by the City. The City may terminate the membership based on at least one year notice to the pool. All pool policies are on an occurrence basis.

Major uninsurable risks include damages to infrastructure assets. Since the amount of loss cannot be reasonably estimated and the likelihood of occurrence is not determinable, no provision for losses is reflected in the financial statements.

Florida Statutes limit the City's maximum loss for most liability claims to \$200,000 per person and \$300,000 per occurrence under the Doctrine of Sovereign Immunity. However, under certain circumstances, a plaintiff can seek to recover damages in excess of statutory limits by introducing a claims bill to the Florida Legislature. The limits addressed in Florida Statutes do not apply to claims filed in Federal courts.

NOTE 15 – COMMITMENTS AND CONTINGENCIES

Contingencies

The City is involved in various litigations and claims arising in the course of operations. It is the opinion of legal counsel that the likelihood of unfavorable outcome and the amounts of potential losses cannot be reasonably determined at this time. Accordingly, no provision for any liability that may result has been made in the accompanying financial statements.

CITY OF BELLE GLADE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2016

NOTE 15 – COMMITMENTS AND CONTINGENCIES (Continued)

Palm Beach County Sheriff's Office Inter-local Agreement

The City renewed their agreement with the Palm Beach County Sheriff's Office (PBSO) to provide law enforcement services. The fee is payable in monthly installments and is subject to annual renewals. The City paid \$2,881,030 to PBSO for law enforcement services during the fiscal year ended September 30, 2016. The City has extended the contract and will pay \$2,938,650 for the period October 1, 2016 through September 30, 2017

Fire Protection and Emergency Medical Services

Pursuant to Palm Beach County Ordinance No. 83-23, as amended, and City of Belle Glade Ordinance No. 05-30, the City has opted into the County's Fire-Rescue Municipal Services Taxing Unit ("MSTU") for the provision of fire rescue, fire protection, and related services from the County commencing on October 1, 2006. The tax for the MSTU is included in the maximum 10 mills the City is legally allowed to assess. On September 30, 2016, the MSTU millage rate was 3.4581 mills.

NOTE 16 – NEW ACCOUNTING STANDARDS

The City implemented the following Governmental Accounting Standards Board Statements during the fiscal year ended September 30, 2016.

In February 2015, the GASB issued Statement No. 72, Fair Value Measurement and Application. This Statement provides guidance for determining a fair value measurement for financial reporting purposes and also provides guidance for applying fair value of certain investments and disclosures related to all fair value measurements.

Below is a brief description and effective date of new accounting standards that could have a significant impact on the City's financial statements.

In June 2015 the GASB issued Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions. This Statement improves accounting and financial reporting by state and local governments for postemployment benefits other than pensions. It also improves information provided by state and local governmental employers about financial support for OPEB that is provided by other entities. This Statement is effective for the fiscal year ending September 30, 2018.

Management is currently evaluating the impact of the adoption of this statement on the City's financial statements.

NOTE: The City implemented GASB Statement 67 in 2014; information is presented for those years in which information is available.

CITY OF BELLE GLADE, FLORIDA
Notes to the Schedule of Contributions
September 30, 2016

Methods and assumptions used in calculations of determined contributions.

The actuarially determined contribution rates are calculated as of October 1, one year prior to the end of the fiscal year in which contributions are reported.

	<u>General Employees Retirement System</u>	<u>Public Safety Officers Retirement System</u>
Actuarial Cost Method	Aggregate Actuarial Cost Method	Aggregate Actuarial Cost Method
Amortization Method	None	None
Remaining Amortization Period	N/A	N/A
Asset Valuation Method	The Actuarial Value of Assets is brought forward using the historical four year geometric average of Market Returns (net of fees).	Market Value
Inflation	3.00%	3.00%
Salary Increases	6.00%	N/A
Cost of Living Adjustments	3.00%	3.00%
Investment Rate of Return	7.75%	6.50%
Mortality	RP2000 Combined Healthy, projected to the valuation date. Disabled lives are set forward 5 years.	RP2000 Combined Healthy, sex distinct. Disabled lives are set forward 5 years. Based on a study of over 650 public safety funds, this table reflects a 10% margin for future mortality improvements.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT* *AUDITING STANDARDS*

BELLE GLADE OFFICE
333 S.E. 2nd STREET
POST OFFICE BOX 338
BELLE GLADE, FLORIDA 33430-0338
TELEPHONE (561) 996-5612
FAX (561) 996-6248

The Honorable Mayor and
Members of the City Commission
City of Belle Glade, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Belle Glade, Florida as of and for the year ended September 30, 2016, and the related notes to the financial statements, which collectively comprise the City of Belle Glade, Florida's basic financial statements and have issued our report thereon dated March 28, 2017.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City of Belle Glade, Florida's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Belle Glade, Florida's internal control. Accordingly, we do not express an opinion on the effectiveness of the City of Belle Glade, Florida's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Belle Glade, Florida's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR STATE PROJECT AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY CHAPTER 10.550 RULES OF THE FLORIDA AUDITOR GENERAL

The Honorable Mayor and
Members of the City Commission
City of Belle Glade, Florida

Report on Compliance for Each Major State Project

We have audited the City of Belle Glade, Florida's compliance with the types of compliance requirements described in the *Department of Financial Services' State Projects Compliance Supplement* that could have a direct and material effect on each of the City of Belle Glade, Florida's major State projects for the year ended September 30, 2016. The City of Belle Glade, Florida's State projects are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with State statutes, regulations, and the terms and conditions of its State projects applicable to its State projects.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the City of Belle Glade, Florida's major State projects based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and Chapter 10.550, Rules of the Florida Auditor General. Those standards and Chapter 10.550, Rules of the Florida Auditor General, require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a State project occurred. An audit includes examining, on a test basis, evidence about the City of Belle Glade, Florida's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major State project. However, our audit does not provide a legal determination of the City of Belle Glade, Florida's compliance.

Opinion on Each Major State Project

In our opinion, the City of Belle Glade, Florida, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major State projects for the year ended September 30, 2016.

Report on Internal Control over Compliance

Management of the City of Belle Glade, Florida, is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City of Belle Glade, Florida's internal control over compliance with the types of requirements that could have a direct and material effect on each major State project to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major State project and to test and report on internal control over compliance in accordance with Chapter 10.550, Rules of the Auditor General, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City of Belle Glade, Florida's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct noncompliance with a type of compliance requirement of a State project on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a State project will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance requirement of a State project that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of Chapter 10.550, Rules of the Auditor General. Accordingly, this report is not suitable for any other purpose.

March 28, 2017

CITY OF BELLE GLADE, FLORIDA
Schedule of Expenditures of State Financial Assistance
For the Fiscal Year Ended September 30, 2016

State Grantor/Pass-Through Grantor/Program Title	CSFA Number	Agency or Pass-Through Number	Expenditures
State Financial Assistance:			
<u>Florida Department of Environmental Protection</u>			
Statewide Surface Water Restoration and Wastewater Projects	37.039	SO755	<u>\$ 250,000</u>
<u>Florida Department of Transportation</u>			
Aviation Development Grants	55.004	APX10	329,961
Aviation Development Grants	55.004	GOE57	<u>10,084</u>
			340,045
Local Transit Service Grants	55.012	ARR98/437177-1-84-01	<u>724,973</u>
Total Florida Department of Transportation			<u>1,065,018</u>
Total State Financial Assistance			<u><u>\$ 1,315,018</u></u>

NOTE 1 - SIGNIFICANT ACCOUNTING POLICIES

The schedule of expenditures of state financial assistance includes the state grant activity of the City of Belle Glade, Florida for the year ended September 30, 2016, and is presented in accordance with the requirements of Chapter 10.550, Rules of the Florida Auditor General. The schedule has been prepared in accordance with generally accepted accounting principals.

NOTE 2 - CONTINGENCY

Amounts received or receivable from grantor agencies are subject to audit and adjustment by those agencies. Any disallowed claims, including amounts already received, might constitute a liability of the City for the return of those funds. In the opinion of management, all grant expenditures were in compliance with the terms of the grant agreements and applicable state laws and regulations.

The Honorable Mayor and
Members of the City Commission
City of Belle Glade, Florida

Report on the Financial Statements

We have audited the financial statements of the City of Belle Glade, Florida, as of and for the year ended September 30, 2016, and have issued our report thereon dated March 28, 2017.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and Chapter 10.550, Rules of the Florida Auditor General.

Other Reports and Schedule

We have issued our Independent Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*, Independent Auditors' Report on Compliance with Requirements that could have a Direct and Material Effect on Each Major State Project and on Internal Control over Compliance in Accordance with Chapter 10.550 Rules of the Florida Auditor General; the Schedule of Findings and Questioned Costs; and Independent Accountant's Report on an examination conducted in accordance with AICPA Professional Standards, Section 601, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports and schedule, which are dated March 28, 2017, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no recommendations made in the preceding annual financial audit report that required corrective action.

Official Title and Legal Authority

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this Management Letter, unless disclosed in the notes to the financial statements. This information is disclosed in Note 1 to the financial statements.

Financial Condition

Section 10.554(1)(i)5.a. and 10.556(7), Rules of the Auditor General, require that we apply appropriate procedures and report the results of our determination as to whether or not the City of Belle Glade, Florida has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and identification of the specific condition(s) met. In connection with our audit, we determined that the City of Belle Glade, Florida did not meet any of the conditions described in Section 218.503(1), Florida Statutes, during the fiscal year ended September 30, 2016.

Pursuant to Sections 10.554(1)(i)5.c. and 10.556(8), Rules of the Auditor General, we applied financial condition assessment procedures. It is management's responsibility to monitor the City of Belle Glade, Florida's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same. Our assessment was done as of the fiscal year end. The results of our procedures did not disclose any matters that are required to be reported.

Annual Financial Report

Section 10.554(1)(i)5.b. and 10.556(7), Rules of the Auditor General, require that we apply appropriate procedures and report the results of our determination as to whether the annual financial report for the City of Belle Glade, Florida for the fiscal year ended September 30, 2016, filed with the Florida Department of Financial Services pursuant to Section 218.32(1)(a), Florida Statutes, is in agreement with the annual financial audit report for the fiscal year ended September 30, 2016. In connection with our audit, we determined that these two reports were in agreement.

Special District Component Units

Section 10.554(1)(i)5.d., Rules of the Auditor General, requires that we determine whether or not a special district that is a component unit of a county, municipality, or special district, provided the financial information necessary for proper reporting of the component unit, within the audited financial statements of the county, municipality, or special district in accordance with Section 218.39(3)(b), Florida Statutes.

In connection with our audit, we determined that all special district component units provided the necessary information for proper reporting in accordance with 218.39(3)(b), Florida Statutes.

Other Matters

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we address in the Management Letter any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Section 10.554(1)(i)3., Rules of the Auditor General, requires that we address noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, The Honorable Mayor and Members of the City Commission, and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

**INDEPENDENT ACCOUNTANT’S REPORT
ON COMPLIANCE WITH SECTION 218.415,
FLORIDA STATUTES**

The Honorable Mayor and Members of the City Commission
City of Belle Glade, Florida

We have examined the City of Belle Glade, Florida’s compliance with Section 218.415, Florida Statutes during the year ended September 30, 2016. Management is responsible for the City of Belle Glade, Florida’s compliance with those requirements. Our responsibility is to express an opinion on the City of Belle Glade, Florida’s compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence about the City of Belle Glade, Florida’s compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on the City of Belle Glade, Florida’s compliance with specified requirements.

In our opinion, the City of Belle Glade, Florida complied, in all material respects, with the aforementioned requirements for the year ended September 30, 2016.

This report is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and Florida House of Representative, the Florida Auditor General, applicable management, and the City Commission, and is not intended to be and should not be used by anyone other than these specified parties.

Nowlen, Holt & Miner, P.A.
