As used in this Invitation to Bid, the words BIDDER, proposer, and contractor may be used interchangeably, and when so used, deemed to mean BIDDER.

1. **DEFINED TERMS:** Terms used in these Instructions to Bidders, have the meanings assigned to them in the City of Belle Glade, Standard General Conditions of the Construction Contract.

The term "Bidder" means one who submits a Bid directly to City (City of Belle Glade), as distinct from a sub-bidder, who submits a bid to a Bidder. The term "Successful Bidder" means the lowest, qualified, responsible and responsive Bidder to whom City (on the basis of City's evaluation as hereinafter provided) makes an award. The term "Bidding Documents" includes the Advertisement or Invitation to Bid, Instructions to Bidders, the Bid Form, and the proposed Contract Documents (including all Addenda issued prior to receipt of Bids).

CITY and CONSULTANT in making copies of Bid Documents available on the above terms do so only for the purpose of obtaining bids on the WORK and do not confer a license or grant for any other use.

Auto Cad files and/or raw data will not be provided for use in preparing Bids.

3. **EXECUTION OF BID:** Bid must contain a manual signature, in ink, of an authorized representative, who has the legal ability to bind the BIDDER in contractual obligations. Bid must be typed or legibly printed in ink. Use of erasable ink is not permitted. All corrections made by BIDDER to any part of the Bid document must be initialed in ink
4. **NO BID:** If not submitting a Bid, please respond no later than the Bid opening date and time, by returning the acknowledgment, noting the reason in the space provided. Failure to respond three (3) times in succession without returning the acknowledgement may be cause for removal of the BIDDER's name from the mailing list.

5. **BID SUBMISSION:** Bidders shall submit **one (1) marked original, three (3) copies, and one (1) electronic flash drive** of the completed Bid package in an opaque sealed envelope to the City Clerks Office. All Bids must be accompanied by the Bid Security (if required) and all other required documents. The Bid opening shall be public, at the CITY's City Clerk's Office located at:

110 Dr. Martin Luther King Jr. Blvd West,
Belle Glade Florida 33430-3900

on the date and time specified in the Invitation to Bid. The Bid opening may be delayed if, at the sole discretion of the CITY, it is considered to be in the CITY's best interest. Under no circumstances shall Bids delivered after the Bid opening time has begun be considered, and such Bids shall be returned unopened. Bids will be opened and read aloud publicly at the time and place indicated in the Invitation to Bid. All BIDDERS and their representatives are invited to attend. An abstract of the amounts of the base Bids will be made available to BIDDER after the opening of Bids.

If not submitting a Bid, please respond no later than the Bid opening date and time, by returning the acknowledgment, noting the reason in the space provided. Failure to respond three (3) times in succession without returning the acknowledgement

may be cause for removal of the BIDDER'S name from the mailing list.

All Bids shall remain subject to acceptance for one hundred twenty (120) calendar days after the day of the Bid opening, but the CITY may, at the sole discretion of the CITY, release any Bid and return the Bid Security prior to that date.

6. **BID FORM:** Bids must be submitted on the prescribed form; all blank spaces must be filled in as noted, in ink or typed with amounts extended and totaled. Where indicated on the Bid Form, items shall be stated in numbers.

The Bid Form is included with the Bidding Documents; additional copies may be obtained from the City (or the issuing office). Bid submittals must be made on the blank forms provided herein. All blank spaces in the Bid form must be filled in, regardless of whether quantities are shown, and no change shall be made either in the phraseology of or in the items mentioned in the Bid form.

All blanks on the Bid Form must be completed in ink or by typewriter.

Each Bid Form shall specify a unit price written in figures for each of the separate items as called for, except when the Bid calls for a lump sum. Lump sum Bids shall be shown in figures.

Any Bid submittal which does not contain prices set opposite each of the items for which there is a blank space **shall** be cause for rejection. Any items not bid upon shall be indicated "NO BID" in place of the price. Any Bid which in any manner fails to conform to the conditions of the published notice will be cause for rejection.

In the event of an extension error, the unit price will prevail and the Bidder's total offer will be corrected accordingly. In the event of addition errors, the extended totals will prevail and the Bidder's total offer will be corrected accordingly. If there is a conflict, words take precedence over figures. Discrepancies between the indicated sum of any column of figures and the correct sum thereof will be resolved in favor of the correct sum.

The estimate of the various quantities of work or goods applicable to unit price items as shown on the Bid Form is approximate and is intended solely to provide the basis of comparison upon which the Award of Contract is made. Final payment shall be made on the basis of the actual quantities of each item.

Irregular Bids may be rejected. Irregular Bids are defined as those containing serious omissions, unauthorized alternative Bids, incomplete Bids or unbalanced Bids. Failure to provide all of the information required to accompany the Bid, Bid Form and Specifications shall be considered a serious omission, which may result in the bid being rejected as non-conforming.

Bids by corporations must be executed in the corporate name by the President or Vice President (or other corporate officer accompanied by evidence of authority to sign) and the corporate seal shall be affixed and

attested by the Secretary or Assistant Secretary. The corporate address and State of Incorporation shall be shown below the signature.

Bids by partnership must be executed in the partnership name and signed by a general partner, his title must appear under his signature and the official address of the partnership must be shown below the signature.

All names of persons signing documents must be typed or printed below the signature.

The address, telephone number and email address for communications regarding the Bid must be shown.

At the sole discretion of the City, Bids that contain any omission, erasure, alteration, addition, or item not called for, or that show irregularities of any kind, may be considered as informal or irregular. This will be cause for the rejection of a Bid.

If a Bidder wishes to change unit prices prior to Bid submission, they shall strike the unit price and add the changes in the appropriate space. Changes shall be initialed by the person submitting the Bid. Any changes or alteration of unit prices in the Bid shall be initialed. Failure to initial these changes or illegible entries of corrections or unit prices may be cause for the rejection of the Bid as informal or irregular.

The Bid shall contain acknowledgment of receipt of all addenda (copies of which shall be attached to the Bid Form).

7. **BID SECURITY:** When required by the Bid documents each Bid must be accompanied by a Bid security made payable to the City of Belle Glade in an amount of five percent (5%) of the BIDDER'S maximum Bid price and in the form of a certified check or cashier's check drawn upon any State or National Bank of Florida or a Bid Bond issued by a Surety that must have a "Best" rating of "A", and be authorized to do business in Florida.

Said check or Bid Bond shall be made payable to the City of Belle Glade and shall be given as a guarantee that BIDDER, upon receipt of Notice of Tentative Award of the purchase order or contract, shall enter into the Contract or accept the purchaser order with the CITY, and furnish the necessary documents including, but not limited to insurance certificates, other required Bonds, each of the said Bonds to be in the amount stated on the Invitation to Bid.

The Attorney-in-Fact who signs the bond must file with the bond a current certificate of proof of appointment as Attorney-In-Fact.

The Bid Security of the SUCCESSFUL BIDDER shall be retained until such BIDDER has been awarded a binding Contract or Purchase Order or Contract security whereupon the Bid security shall be returned. If the apparent SUCCESSFUL BIDDER fails to execute and deliver the Purchase Order or Contract and furnish the required contract security within fifteen (15) calendar days after the Notice of Tentative Award, which is issued prior to the CITY's award of Purchase Order or Contract, the CITY may annul the Notice of Tentative Award, and the Bid security of that BIDDER shall be forfeited and retained by the CITY. The CITY may then recommend to the Commission to accept the Bid of the

next lowest responding BIDDER, or re-advertise for bids. If the Bid of the next lowest BIDDER is accepted, this acceptance shall bind such BIDDER as though it was the original SUCCESSFUL BIDDER.

There shall be no binding contract until such time as the Commission or designee executes the Contract or issues the Purchase Order as the final award of the contract. The Bid Security of other BIDDERS whom CITY believes to have a reasonable chance of receiving the award may be retained by the CITY until the earlier of the seventh day after the effective date of the Purchase Order or Contract or the one hundred twenty first (121) first day after the Bid opening, whereupon Bid security furnished by such BIDDERS shall be returned. Bid security with Bids which are not competitive or responsive shall be returned upon award of the Bid.

8. **QUALIFICATIONS OF BIDDERS:** To demonstrate qualifications to perform the WORK, each BIDDER must be prepared to submit within five (5) calendar days of CITY'S request written evidence, such as financial data, previous experience, present commitments and other such data as may be called for in the Instructions to Bidders. Each Bid must contain:

A. Evidence of Bidder's authority to do business in the State of Florida, Palm Beach County and the City of Belle Glade.

B. Bidder's state contractor license number, if applicable.

C. References from a minimum of five (5) other comparable projects.

D. Letter establishing the Bidder's bonding capacity for the value of the Project.

E. The City reserves the right to request a Bidder under consideration for award to furnish a certified financial statement, current within the past quarter, which must be a complete report of the financial resources and liabilities or as otherwise requested by the City. Regardless of the foregoing, such information will be subject to F.S. 119.01, *et seq.* **A compilation financial statement is not acceptable.**

F. Competency Requirements. Bids will be considered only from firms which are regularly engaged in the business of providing the contracting services as described in this Invitation to Bid and who can produce evidence that they have established a satisfactory record of performance for a reasonable period of time; have sufficient financial support, sufficient personnel, delivery equipment and organization to insure that they can satisfactorily perform the construction of the project if awarded a Contract under the terms and conditions herein stated. The term "equipment and organization" as used herein shall be construed to mean a fully equipped and well-established company in line with the best business practices in the industry and as determined by the proper authorities of the City. Pre-award inspection of the Bidder's facility may be made prior to award of Contract.

The CITY reserves the right to make such investigations as it may deem necessary to establish the competency and financial ability of any BIDDER to

perform the WORK and if, after investigation, the evidence of the BIDDER'S competency or financial ability is not satisfactory, the CITY reserves the right to reject the BIDDER'S Bid.

The project shall be constructed by a firm with the primary qualifying agent licensed as a Contractor pursuant to Florida Statute 489, and as defined in Paragraph 489.105, and shall have been employed full time by the construction firm for at least one year prior to this project's bid date.

9. **EXAMINATION OF BID DOCUMENTS AND SITE:**

Pursuant to Article 4, General Conditions, Site of the Work, BIDDER must satisfy itself by personal and thorough examination of the location of the proposed WORK, Bid Documents, requirements of the WORK and the accuracy of the estimate of the quantities of the WORK to be done; and BIDDER shall not at any time after the submission of a Bid dispute or complain of such estimate nor the nature or amount of WORK to be done.

By submission of its Bid, BIDDER affirms that it has, at its own expense, made or obtained any additional examinations, investigations, explorations, tests, and studies and obtained any additional information and data which pertain to the physical conditions (surface, subsurface, and Underground Utilities) at or contiguous to the site or otherwise, prior to bidding which may affect cost, progress, or performance of the WORK and which BIDDER deems necessary to determine its Bid for performing the WORK in accordance with the time, price, and other terms and conditions of the Bid Documents and/or BIDDER has satisfied itself with respect to such conditions and it shall make no claims against the CITY or the CONSULTANT if on carrying out the WORK it finds that the actual conditions do not conform to those indicated.

On request, the CITY will provide BIDDER access to the site to conduct such investigations and tests, as BIDDER deems necessary for submission of its Bid. BIDDER shall schedule such access in advance with the CITY.

Upon completion of such additional field investigations and tests, BIDDER shall completely restore disturbed areas.

10. **CONTRACT SECURITY/ INSURANCE:**

When required by the specification herein, the successful BIDDER shall furnish ALONG WITH THE EXECUTED CONSTRUCTION CONTRACT, a Performance and Payment bond, or other acceptable form of security in accordance with 255.05 Florida Statutes, and insurance certificates as stated on the cover page of this solicitation, on the CITY's forms, within fifteen (15) calendar days after notification of **INTENT TO AWARD** contract award. Failure to furnish the required bonds within the time specified may be cause for rejection of the bid and any bid deposit may be retained by the CITY as liquidated damages and not as a penalty. Said sum shall be a fair estimate of the amount of damages the CITY would sustain due to BIDDER's failure to furnish said bonds.

11. **SIGNING OF CONTRACT:**

The Notice of Tentative Award will be presented to the SUCCESSFUL BIDDER,

accompanied by the required number of unsigned counterparts of the Construction Contract with all other written Contract Documents attached. Within ten (10) calendar days thereafter, the SUCCESSFUL BIDDER shall sign and deliver the required number of counterparts of the Construction Contract and attached documents to CITY with the required bonds and insurance certificates. Within forty-five (45) calendar days thereafter, or as soon as otherwise practicable the CITY upon final award by the CITY Commission shall deliver one fully signed counterpart to the SUCCESSFUL BIDDER. Each counterpart is to be accompanied by a complete set of the Drawings.

12. **BIDS TO REMAIN OPEN:** All Bids shall remain open for the required number of days after the date of the Bid opening stated in the special provisions, or if no such number of days is stated, all Bids shall remain open for one hundred twenty (120) days after the date of Bid opening prior to award. The CITY may, in its sole discretion, release any Bid and return the Bid Security prior to that date.
13. **MODIFICATION OF BIDS:** Bids may be modified by an appropriate document duly executed (in the manner that the Bid must be executed) and delivered to the place where the Bids are to be submitted at any time prior to the solicitation closing date and time. The BIDDER must present certification to assure that they are indeed an authorized representative of the BIDDER's firm at the time modification to the Bid is presented.
14. **WITHDRAWAL OF BIDS** All Bids shall be irrevocable unless the Bid is withdrawn as provided herein. All Bids may be withdrawn only by written communication delivered to the Purchasing Division prior to the solicitation closing date and time. The BIDDER must present certification to assure that they are indeed an authorized representative of the BIDDER's firm at the time such communication to withdraw the Bid is presented. A CITY representative shall verify this information prior to return of the Bid.

However, if, within twenty-four (24) hours after Bids are opened, any BIDDER files a duly signed written notice with the CITY and promptly thereafter demonstrates to the reasonable satisfaction of the CITY that there was a material and substantial mistake in the preparation of its Bid, that BIDDER may withdraw its Bid, and the Bid Security will be returned. The BIDDER must present certification to assure that the BIDDER is indeed an authorized representative of the BIDDER'S firm at the time such communication to withdraw the Bid is presented. A CITY representative shall verify this information prior to return of the Bid and Bid Security. Thereafter, that BIDDER will be disqualified from further bidding on the WORK to be provided under the Bid Documents.

15. **AWARD OF CONTRACT:** The Commission reserves the right to accept any Bid or combination of Bid alternates, that in the City's judgement shall best serve the City's interest; to reject any and all Bids and waive any and all informalities, minor irregularities, (a variation from the terms and conditions of this solicitation that does not (1) affect the price of the Bid, (2) give the Bidder an unfair competitive advantage over other Bidders, or (3) adversely impact the interests of the

City) to accept any item or group of items unless qualified by BIDDER; to acquire additional quantities at prices quoted on the Invitation to Bid unless additional quantities are not acceptable, in which case the bid sheets must be noted "BID IS FOR SPECIFIED QUANTITY ONLY, and the right to disregard all nonconforming, non-responsive, unbalanced or conditional Bids or counter-proposals. In addition, the Commission reserves the right to make a multiple award if it is in the best interest of the CITY.

Further, the CITY reserves the right to reject the Bid of any BIDDER if the CITY believes that it would not be in the best interest of the CITY to make an award to that BIDDER, whether because the Bid/Bidder is of doubtful financial ability or fails to meet any other pertinent standard or criteria established by the CITY.

In evaluating Bids, the CITY shall consider the qualifications of the BIDDERS, whether or not the Bids comply with the prescribed requirements, alternate, unit prices and other data as requested on Bid Forms or prior to the Notice Of Tentative Award.

Time of Completion may also be an award evaluation factor. In addition, the CITY may require the apparent successful BIDDER to submit an itemized cost estimate breakdown for the submitted bid.

The CITY may consider the qualifications and experience of subcontractors and other persons and organizations (including those who are to furnish the principal items or material, services, or equipment) proposed for those portions of the work as to which the identity of subcontractors and other persons and organizations must be submitted.

The CITY may also consider the operating costs, maintenance requirements, performance data and guarantees of major items of materials and equipment proposed for incorporation in the WORK when such data is required to be submitted prior to the Notice of Tentative Award.

The CITY may conduct such investigations as it deems necessary to establish the responsibility, qualifications and financial ability of the BIDDERS, proposed subcontractors and other persons and organizations to do the work in accordance with the Contract Documents to the CITY's satisfaction within the prescribed time. The Commission reserves the right to reject the Bid of any BIDDER who does not pass any such evaluation to the CITY's satisfaction.

The BIDDER whom staff intends to recommend for award may be required to submit a Schedule of Values priced in line item format including time frames (not dated) for staff to review prior to staff's actual award recommendation being submitted to the CITY Commission. Staff shall review BIDDERS schedule for any inconsistencies. Should any inconsistencies be noted, they shall be brought to the attention of the intended awardee for adjustment. The award process shall not continue until the CITY accepts said schedule. An unbalanced Schedule of Values may result in rejection of the bid as non-responsive. Failure to produce said Schedule of Values within four (4) business days of the CITY's request may result in the bid being rejected as non-responsive.

The CITY reserves the right to reduce the quantities of WORK to be done and to completely eliminate any items of the WORK listed in the Bid Form in order that the WORK can be completed within the amount of available funds and/or to allow for value engineering.

Discrepancies in the multiplication of units of WORK and unit prices will be resolved in favor of the unit price. Discrepancies between the indicated sum of any column of figures and the correct sum thereof will be resolved in favor of the correct sum.

If a Contract is awarded, it shall be awarded to the lowest responsive, responsible BIDDER whose evaluation by the CITY indicates to the CITY that the Award shall be in the best interest of the CITY, providing the best value to the CITY and whose proposal complies with the prescribed requirements. If the contract is to be awarded, the CITY will give the SUCCESSFUL BIDDER a Notice of Tentative Award within one hundred twenty (120) calendar days after the day of the Bid opening.

Bids shall only be considered from companies that have an established reputation, related experience, and have completed various projects of similar scope and size in the State of Florida to the satisfaction of the CITY.

Failure to fill out forms completely, indicating compliance or deviation for each item may be used as reason for rejection of the Bid.

If the Contract is to be awarded, it will be awarded to the lowest, responsive and responsible Bidder whose evaluation by City indicates to City that the award will be in the best interests of and most advantageous to the City and subject to City's Local Preference Policy unless otherwise prohibited by law, grant, or other applicable document. The City may in its sole discretion give preference to a local bidder's bid, if and only if, the local bidder is determined to be a responsive, responsible bidder and the local bidder's bid is determined to be within ten (10) percent or Ten Thousand Dollars (\$10,000), whichever is less, of the lowest responsive, responsible bid.

The City may consider any substitutions or alternates in the determination of the lowest Bidder. In no case will the award be made until all necessary investigations have been made into the responsibility of the low Bidder and the City is satisfied that the Bidder is qualified to provide and construct the project to the satisfaction of the City.

No Bid shall be accepted from, nor will any Contract be awarded to any Bidder who is in arrears to the City upon any debt or Contract or who is a defaulter as surety or otherwise upon any obligation to the City or who has failed to perform faithfully any previous Contract with the City or other party as determined by the City.

Tie Bids may be awarded to one of the qualified Bidders based on the criteria, in the following order:

- a) Local Preference Policies
- b) If Local Preference Policies are not applicable, then:
 - i) Availability or completion

- period
- ii) Previous Contractor Record
- iii) Drug Free Workplace
- c) If all conditions are equal, the award shall be determined by drawing lots or flip of a coin, as determined by the City.

When Bidder is permitted to designate the Contract Time, Bid prices will be compared after adjusting for differences in the time designated in the Bid for Substantial Completion.

The successful Bidder, who is awarded the contract, shall be required to furnish a 100% Construction Payment and Performance Bond meeting the requirements of Section 255.05 Florida Statutes.

NO AWARD RECOMMENDATION SHALL BE BROUGHT BEFORE THE COMMISSION FOR CONSIDERATION TO AWARD UNTIL THE CONTRACTOR/BIDDER HAS PRESENTED AN EXECUTED ORIGINAL OF THE CONTRACT OR PURCHASE ORDER ALONG WITH ANY OTHER REQUIRED DOCUMENTS TO THE PURCHASING DIVISION.

NO AWARD WITH RESPECT HERETO SHALL BE DEEMED FINAL AND ALL SUCH AWARDS SHALL BE DEEMED CONDITIONAL, UNLESS AND UNTIL THE PARTIES SHALL HAVE FULLY EXECUTED THE AGREEMENT(S) CONTEMPLATED HEREIN, AND A FULLY EXECUTED AGREEMENT HAS BEEN RETURNED TO THE BIDDER, OR A PURCHASE ORDER HAS BEEN ISSUED BY THE COMMISSION TO THE BIDDER. THE COMMISSION RESERVES THE RIGHT TO REVOKE ANY AWARD MADE HEREUNDER, WITHOUT PENALTY, PREMIUM OR OBLIGATION, AT ANY TIME PRIOR TO THE DELIVERY OF THE FULLY EXECUTED AGREEMENT(S) OR PURCHASE ORDER TO THE BIDDER, NOTWITHSTANDING THAT AN AWARD MAY HAVE BEEN PUBLISHED. NO BIDDER SHALL BE ENTITLED TO RELY ON ANY ANNOUNCEMENT OF AN AWARD, AND THE COMMISSION SHALL IN NO WAY BE ESTOPED IN THE REVOCATION OF AN AWARD PREVIOUSLY GRANTED.

16. **BID TABULATION:** The CITY does not notify unsuccessful BIDDERS of contract awards. Bid tabulations shall be posted on the City website for bidders to download.
17. **PRICES:** Bid prices shall be fixed and firm to the extent required under Special Conditions. In the absence of a reference in the Special Conditions, bid prices shall be fixed and firm for a period of ninety (90) calendar days. Give both unit price and extend total. Prices must be stated in units of quantity specified in the bid specifications. In case of a discrepancy in computing the amount of the bid, the UNIT PRICE quoted shall govern. All prices FOB destination, freight prepaid (unless otherwise stated in special conditions). Award, if made, shall be in accordance with the terms and conditions stated herein. Easements for permanent structures or permanent changes in existing facilities shall be obtained and paid for by the CITY, unless otherwise provided in the Contract Documents. Nothing contained in the Contract Documents shall be interpreted as giving the CONTRACTOR exclusive occupancy of the lands or rights-of-way provided. CONTRACTOR shall provide for all additional lands and access thereto that may be required for temporary construction facilities or storage of materials and equipment.

4.1.2. Occupying Private Land: The Contractor shall not enter upon nor use any property not under the control of the CITY until a written temporary construction easement agreement has been executed by the CONTRACTOR and the property City, and a copy of said easement furnished to the CITY and CONSULTANT prior to said use; and, neither the CITY nor the CONSULTANT shall be liable for any claims or damages resulting from the CONTRACTOR'S trespass on or use of any such properties. Unsightly mounds of earth, large stones, boulders, and debris shall be removed so that the site presents a neat appearance as part of the contract.

4.1.4. WORK Adjacent to Telephone, Power, Cable TV and Gas Company Structures: In all cases where WORK is to be performed near telephone, power, water, sewer, drainage, cable TV, or gas company facilities, the Contractor shall provide written notification to the respective companies of the areas of which WORK is to be performed, prior to the actual performance of any WORK in these areas.

4.2.2. Existing Structures: Where applicable, reference is made to the technical specifications, for identification of those drawings of physical conditions in or relating to existing surface and subsurface structures (except Underground Facilities referred to in paragraph 4.3 herein) which are at or contiguous to the site that have been utilized by CONSULTANT in preparation of the Contract Documents.

4.2.3 Neither the CITY nor CONSULTANT makes any representation as to the completeness of the reports or drawings referred to in Paragraph 4.2.1. Subsurface Explorations or 4.2.2. Existing Structures above or the accuracy of any data or information contained therein. CONTRACTOR may rely upon the general accuracy of the technical data contained in such reports and drawings but not for the completeness thereof for CONTRACTOR'S purposes including, but not limited to, any aspects of the means, methods, techniques, sequences and procedures of construction to be employed by CONTRACTOR and safety precautions and programs incident thereto. However, the CONTRACTOR may not rely upon any interpretation of such technical data, including any interpolation or extrapolation thereof, or any non-technical data, interpretations, and opinions contained therein.

4.2.4 Where the dimensions and locations of existing structures are of critical importance in the installation or connection of new WORK, the CONTRACTOR shall verify such dimensions and locations in the field before the fabrication of any materials or equipment which is dependent on the correctness of such information. There shall be no additional cost to the CITY for CONTRACTOR'S failure to verify such dimensions and locations, or for inaccurate verifications by CONTRACTOR.

4.3. PHYSICAL CONDITIONS -- UNDERGROUND FACILITIES:

4.3.1. Indicated: The information and data indicated in the Contract Documents with respect to existing Underground Utilities at or contiguous to the site is based on information and data furnished to the CITY or CONSULTANT by the City of such Underground Utilities or by others.

4.3.1.1. The CITY and CONSULTANT shall not be responsible for the accuracy or completeness of any such information or data; and,

4.3.1.2 The CONTRACTOR shall notify the Underground Service Alert (USA) System, Phone No. 1-800-227-2600, and Sunshine State One Call Services (1-800-432-4770) at least 48 hours in advance of the commencement of WORK at any site to allow the member utilities to examine the construction site and mark the

location of the utilities' respective facilities.

4.3.1.3. The CONTRACTOR acknowledges that some (or all) of the utility companies with facilities shown on the drawings may not be members of the USA System or Sunshine State One Call Services; and, therefore, not automatically contacted by the above referenced telephone number. The CONTRACTOR shall be responsible for making itself aware of utility company facilities not reported by the USA System or Sunshine State One Call Services, and shall be liable for any and all damages stemming from repair or delay costs or any other expenses resulting from the unanticipated discovery of underground utilities. The CONTRACTOR shall be responsible for notifying all of the utilities at least 48 hours in advance of the commencement of WORK at any site to allow the utilities to examine the construction site and mark the location of the utilities' respective facilities. The CONTRACTOR shall also be responsible for verifying that each utility has responsibly responded to such notification.

4.3.1.4. CONTRACTOR shall have full responsibility for reviewing and checking all such information and data. Further, the CONTRACTOR shall be responsible for locating all Underground Facilities whether or not shown or indicated in the Contract Documents, for coordination of the WORK with the City of such Underground Facilities during construction, for the safety and protection thereof as provided in paragraph 6.10, and repairing any damage thereto resulting from the WORK, the cost of all of which shall be considered as having been included in the Contract Price.

4.3.1.5. All water pipes, sanitary sewers, storm drains, force mains, gas mains, or other pipe, telephone or power cables or conduits, pipe or conduit casings, curbs, sidewalks, service lines and all other obstructions, whether or not shown, shall be temporarily removed from or supported across utility line excavations. Where it is necessary to temporarily interrupt services, the CONTRACTOR shall notify the CITY or occupant of such facilities both 48 hours before the interruption and again immediately before service is resumed. Before disconnecting any pipes or cables, the CONTRACTOR shall obtain permission from the CITY or occupant, or shall make suitable arrangements for their disconnection by the CITY or occupant. The CONTRACTOR shall be responsible for any damage to any such pipes, conduits or cables, and shall restore them to service promptly, as part of the work, as soon as the WORK has progressed past the point involved. Approximate locations of known water, sanitary, drainage, natural gas, power, telephone and cable TV installations along the route of new pipelines or in the vicinity of new WORK are shown, but are to be verified in the field by the Contractor prior to performing the WORK. The CONTRACTOR shall uncover these pipes, ducts, cables, etc., carefully, by hand prior to installing his WORK. Any discrepancies or differences found shall be immediately brought to the attention of the CONSULTANT in order that necessary changes may be made to permit installation of the WORK.

4.3.2. Not Indicated: If an Underground Facility is uncovered or revealed at or contiguous to the site which was not shown, nor located by the facilities and which CONTRACTOR could not reasonably have been expected to be aware of, CONTRACTOR shall, promptly after becoming aware thereof and before performing any WORK affected thereby (except in an emergency as permitted by paragraph

6.10), identify to the CITY of such Underground Facility and give written notice thereof to that City and to the CITY and the CONSULTANT. The CONSULTANT shall promptly review the Underground Facility to determine the extent to which the Contract Documents should be modified to reflect and document the consequences of the existence of the Underground Facility, and the Contract Documents shall be amended or supplemented to the extent necessary. During such time, CONTRACTOR shall be responsible for the safety and protection of such Underground Facility as provided in paragraph 6.13.

4.4. DIFFERING SITE CONDITIONS

4.4.1. The CONTRACTOR shall notify the CONSULTANT, in writing, of the following unforeseen conditions, hereinafter called differing Site conditions, promptly upon their discovery (but in no event later than 14 days after their discovery) and before they are disturbed:

4.4.1.1. Subsurface or latent physical conditions at the Site of the WORK differing materially from those indicated, described, or delineated in the Contract Documents, including those reports discussed in Paragraph 4.2 and 4.3; (Physical Conditions, Underground facilities) and

4.4.1.2. Any unknown physical conditions and the Site of the WORK of an unusual nature differing materially from those ordinarily encountered and generally recognized as inherent in work of the character provided for in the Contract Documents, including those reports and documents discussed in Paragraph 4.2 and 4.3.

4.4.2. CONSULTANT shall promptly review the pertinent conditions, determine the necessity of obtaining additional explorations or tests with respect thereto and advise the CITY in writing (with a copy to the CONTRACTOR) of CONSULTANT'S findings and conclusions.

4.4.3. If CONSULTANT concludes that because of newly discovered conditions a change in the Contract Documents is required, a Change Order shall be issued as provided in Article 10 (Changes in the Work) to reflect and document the consequences of the difference.

4.4.4. In each such case, an increase or decrease in the Contract Price or an extension or shortening of the Contract Time, or any combination thereof, shall be allowable to the extent that they are attributable to any such inaccuracy or difference. If the CITY and CONTRACTOR are unable to agree as to the amount or length thereof, a claim may be made therefor as provided in Article 11, Change of Contract Price, and Article 12, Change of Contract Time.

4.4.5. The CONTRACTOR'S failure to give notice of differing Site conditions within 7 days of their discovery and before they are disturbed shall constitute a waiver of all claims in connection therewith, whether direct or consequential in nature.

4.5. HAZARDOUS ENVIRONMENTAL CONDITIONS

4.5.1 Reports and Drawings: Reports and Drawings, if any, will be attached to the Contract Documents. Such reports and drawings will include those known to City relating to Hazardous Environmental Conditions that have been identified at the Site.

4.5.2 Limited Reliance by Contractor on Technical Data Authorized: Unless otherwise set forth in the Special Conditions, the Contractor may not rely upon the accuracy of the "technical data" contained in such reports and drawings. Such reports and drawings are not Contract Documents. Except for such reliance on such "technical data" as set forth in the Special Conditions, if any, Contractor may not rely upon or make any claim against City or Engineer, or any of their officers, directors, members, partners, employees, agents, consultants, or subcontractors with respect to:

4.5.2.1 The completeness of such reports and drawings for Contractor's purposes, including, but not limited to, any aspects of the means, methods, techniques, sequences and procedures of construction to be employed by Contractor and safety precautions and programs incident thereto; or

4.5.2.2 Other data, interpretations, opinions and information contained in such reports or shown or indicated in such drawings; or

4.5.2.3 Any Contractor interpretation of or conclusion drawn from any "technical data" or any such other data, interpretations, opinions or information.

4.5.2.4 Contractor shall not be responsible for any Hazardous Environmental Condition uncovered or revealed at the Site which was not shown or indicated in Drawings or Specifications or identified in the Contract Documents to be within the scope of the Work. Contractor shall be responsible for a Hazardous Environmental Condition created with any materials brought to the Site by Contractor, Subcontractors, Suppliers, or anyone else for whom Contractor is responsible.

4.5.2.5 If Contractor encounters a Hazardous Environmental Condition or if Contractor or anyone for whom Contractor is responsible creates a Hazardous Environmental Condition, Contractor shall immediately:

- (i) Secure or otherwise isolate such condition;
- (ii) Stop all Work in connection with such condition and in any area affected thereby (except in an emergency as required by Paragraph 6.10); and
- (iii) Notify City and Engineer (and promptly thereafter confirm such notice in writing). City shall promptly consult with Engineer concerning the necessity for City to retain a qualified expert to evaluate such condition or take corrective action, if any.

4.5.2.6 Contractor shall not be required to resume Work in connection with such condition or in any affected area until after City has obtained any required permits related thereto and delivered written notice to Contractor: (i) specifying that such condition and any affected area is or has been rendered safe for the resumption of Work; or (ii) specifying any special conditions under which such Work may be resumed safely. If City and Contractor cannot agree as to entitlement to or on the amount or extent, if any, of any adjustment in Contract Price or Contract Times, or both, as a result of such Work stoppage or such special conditions under which Work is agreed to be resumed by Contractor, either party may make a Claim therefor as provided in Article 10.

4.5.2.7 If after receipt of such written notice Contractor does not agree to resume such Work based on a reasonable belief it is unsafe, or does not agree to resume such Work under such special conditions, then City may order the portion of the Work that is in the area affected by such

condition to be deleted from the Work. If City and Contractor cannot agree as to entitlement to or on the amount or extent, if any, of an adjustment in Contract Price or Contract Times as a result of deleting such portion of the Work, then either party may make a Claim therefor as provided in Article 10, Changes in the Work. City may have such deleted portion of the Work performed by City's own forces or others in accordance with Article 7, Other Work..

4.5.2.8 To the fullest extent permitted by Laws and Regulations, Contractor shall indemnify and hold harmless City and Engineer, and their respective officers, directors, members, partners, employees, agents, consultants, and subcontractors of each and any of them from and against all claims, liabilities, damages, losses, costs and expenses, including, but not limited to, reasonable costs, collection expenses, attorneys' fees and court costs, all fees and charges of engineers, architects, and other professionals and all arbitration or other dispute resolution costs) arising out of or relating to a Hazardous Environmental Condition created by Contractor or by anyone for whom Contractor is responsible, whether such Hazardous Environmental Condition was created actively or passively or whether its creation was joint, concurrent or contributing.

4.5.2.9 Nothing in this Paragraph 4.5. shall obligate Contractor to indemnify any individual or entity from and against the consequences of that individual's or entity's own negligence. Contractor recognizes the broad nature of this indemnification and hold harmless clause, as well as the provision of a legal defense to the City when necessary, and voluntarily makes this covenant and expressly acknowledges the receipt of such good and valuable consideration provided by City in support of these indemnification, legal defense and hold harmless contractual obligations in accordance with the laws of the State of Florida. This clause shall survive the termination of the Contract Documents. Compliance with any insurance requirements required elsewhere in the Contract Documents shall not relieve Contractor of its liability and obligation to defend, hold harmless and indemnify the City as set forth in this article of the Contract Documents. Nothing in the Contract Documents shall be construed or interpreted as consent by the City to be sued, nor as a waiver of sovereign immunity beyond the waiver or limits provided in §768.28, Florida Statutes (whether active or passive), misconduct, or other fault, in whole or in part (whether joint, concurrent, or contributing),

4.6. REFERENCE POINTS:

4.6.1. The CITY shall provide, if available, engineering surveys to establish reference points for construction, which in CONSULTANT'S judgment are necessary to enable CONTRACTOR to proceed with the WORK.

The use of any such term or adjective shall not be effective to assign to CONSULTANT any duty or authority to supervise or direct the furnishing or performance of the WORK or any duty or authority to undertake responsibility contrary to the provisions of paragraph 9.11.3 or 9.11.4.

9.11.3. CONSULTANT shall not be responsible for CONTRACTOR'S means, methods, techniques, sequences or procedures of construction, or the safety precautions and programs incident thereto, and CONSULTANT shall not be responsible to CONTRACTOR for CONTRACTOR'S failure to perform or furnish the WORK in accordance with the Contract Documents.

9.11.4. CONSULTANT shall not be responsible for the acts or omissions of CONTRACTOR or of any Subcontractor, any Supplier, or any other person or organization performing or furnishing any of the WORK.

ARTICLE 10 -- CHANGES IN THE WORK

10.1. AUTHORIZED CHANGES IN THE WORK

10.1.1. Without invalidating the Contract and without

notice to any surety, the CITY may, at any time or from time to time, order additions, deletions or revisions in the WORK; these shall be authorized by a Written Amendment, a Change Order, or a Work Change Directive. Upon receipt of any such document, CONTRACTOR shall promptly proceed with the WORK involved that shall be performed under the applicable conditions of the Contract Documents, except as otherwise specifically provided.

10.1.2. If the CITY and CONTRACTOR are unable to agree as to the extent, if any, of an increase or decrease in the Contract Price or an extension or shortening of the Contract Time that should be allowed as a result of a Work Change Directive, a claim may be made therefore as provided in Articles 11 (Change in Contract Price) and Article 12 (Change in Contract Time).

10.2. UNAUTHORIZED CHANGES IN THE WORK

10.2.1. CONTRACTOR shall not be entitled to an increase in the Contract Price or an extension of the Contract Time with respect to any WORK performed that is not required by the Contract Documents as amended, modified and supplemented as provided in Section 3.2, (References to Standards) except in the case of an emergency as provided in paragraph 6.10.11 (Emergencies) and except in the case of uncovering WORK as provided in paragraph 13.4.2, (Uncovering Work).

10.3. EXECUTION OF CHANGE ORDERS

10.3.1. The CITY and CONTRACTOR shall execute appropriate Change Orders (or Written Amendments) covering:

10.3.1.1. Changes in the WORK, which are ordered by the CITY pursuant to paragraph 10.1.1, (Changes in the Work) are required because of acceptance of *defective* WORK under paragraph 13.8 or correcting *defective* WORK under paragraph 13.9, or are agreed to by the parties.

10.3.1.2. Changes in the Contract Price or Contract time which the parties agree to.

10.3.1.3. Changes in the Contract Price or Contract Time which embody the substance of any written decision rendered by CONSULTANT pursuant to paragraph 9.9.1; (Decisions on Disputes) provided that, in lieu of executing any such Change Order, an appeal may be taken from any such decision in accordance with the provision of the Contract Documents and applicable Laws and Regulations, but during any such appeal, CONTRACTOR shall carry on the WORK and adhere to the progress schedule as provided in paragraph 6.24.1.

10.3.2. **Surety.** It is distinctly agreed and understood that any changes made in the Contract Documents for this WORK (whether such changes increase or decrease the amount thereof) or any change in the manner or time of payments or time of performance made by the CITY to the CONTRACTOR shall in no way annul, release or affect the liability and surety on the Bonds given by the CONTRACTOR. If notice of any change affecting the general scope of the WORK or the provisions of the Contract Documents (including, but not limited to, Contract Price or contract Time) is required by the provisions of any bond to be given to a Surety, the giving of any such notice shall be CONTRACTOR'S responsibility, and the amount of each applicable Bond shall be adjusted accordingly.

10.3.3. Notwithstanding, anything to the contrary contained within the contract documents, all change orders involving additional cost or extensions of time, shall be governed by the policies/ordinances of the CITY.

ARTICLE 11 -- CHANGE OF CONTRACT PRICE

11.1. GENERAL

11.1.1. The Contract Price constitutes the total compensation (subject to authorized adjustments) payable to CONTRACTOR for performing the WORK. All duties, responsibilities and obligations assigned to or undertaken by CONTRACTOR shall be at his expense without change in the Contract Price.

Except where specifically provided for in the Contract Documents, the CONTRACTOR shall not be entitled to an increase in the Contract Price or payment or compensation of any kind from the CITY for direct, indirect, consequential, impact or other costs, expenses or damages, including but not limited to costs of acceleration or inefficiency, arising out of or related to delay, disruption, interference or hindrance from any cause whatsoever. Provided, however, and subject to sovereign immunity under section 768.28, Florida Statutes, that this provision shall not preclude recovery of damages by the CONTRACTOR for hindrances or delays due solely to fraud, bad faith or active interference on the part of the CITY. Otherwise, the CONTRACTOR shall be entitled only to extensions of the Contract Times as the sole an exclusive remedy for such resulting delay, in accordance with and to the extent specifically provided in the Contract Documents.

11.1.2. The Contract Price may only be changed by a Change Order or by a Written Amendment. Any claim for an increase or decrease in the Contract Price shall be based on written notice delivered by the party making the claim to the other party and to CONSULTANT promptly (but in no event later than ten (10) days) after the occurrence of the event giving rise to the claim and stating the general nature of the claim. Notice of the amount of the claim with supporting data shall be delivered within thirty (30) days after such occurrence (unless CONSULTANT allows an additional period of time to ascertain more accurate data in support of the claim) and shall be accompanied by claimant's written statement that the amount claimed covers all known amounts (direct, indirect and consequential) to which the claimant is entitled as a result of the occurrence of said event. All claims for adjustment in the Contract Price shall be determined by CITY and CONSULTANT in accordance with paragraph 9.9.1 if the CITY and CONTRACTOR cannot otherwise agree on the amount involved. No claim for an adjustment in the Contract Price shall be valid if not submitted in accordance with this paragraph 11.1.2.

11.1.3. The value of any WORK covered by a Change Order or of any claim for an increase or decrease in the Contract Price shall be determined in one of the following ways:

11.1.3.1. Where the WORK involved is covered by unit prices contained in the Contract Documents, by application of unit prices to the quantities of the items involved (subject to the provisions of Section 11.5, (Unit Price Work) inclusive).

11.1.3.2. By mutual acceptance of a lump sum (which shall include an allowance for overhead and profit in accordance with paragraph 11.3.1.2.a Contractor's Fee).

11.1.3.3. On the basis of the Cost of the WORK (determined as provided in Section 11.2, inclusive) plus a CONTRACTOR'S Fee for overhead and profit (determined as provided in Section 11.3, Contractor's Fee, inclusive).

11.2. COST OF THE WORK:

11.2.1. **General.** The term Cost of the WORK means the sum of all costs necessary incurred and paid by CONTRACTOR in the proper performance of the WORK. Except as otherwise may be agreed to in writing by the CITY, such costs shall be in amounts no higher than those prevailing in the locality of the Project, shall include only the following items and shall not include any of the costs itemized in paragraph 11.2.2: (Exclusions to Cost of the Work).

11.2.1.1. **Labor.** Payroll costs for employees in the direct employ of CONTRACTOR in the performance of the WORK under schedules of job classification agreed upon by the CITY and CONTRACTOR. Payroll costs for employees not employed full time on the WORK shall be apportioned on the basis of their time spent on the WORK. Payroll costs shall include, but not be limited to, salaries and wages plus the cost of fringe benefits which shall include social security contributions, unemployment, excise and payroll taxes, workers' or workmen's compensation, health and retirement benefits, sick leave, vacation and holiday pay applicable thereto. Such employees shall include superintendents and foremen at the site. The expenses of performing WORK after regular working hours, on Saturday, Sunday or legal holidays shall be included in the above to the extent authorized by the CITY.

11.2.1.2. **Materials and Equipment.** Cost of all materials and equipment furnished and incorporated in the WORK, including costs of transportation and storage thereof, and Suppliers' field services required in connection therewith. All cash discounts shall accrue to CONTRACTOR unless the CITY deposits funds with CONTRACTOR with which to make payments, in which case the cash discounts shall accrue to the CITY. All trade discounts, rebates and refunds and all returns from sale of surplus materials and equipment shall accrue to the CITY, and CONTRACTOR shall make provisions so that they may be obtained.

11.2.1.3. **Subcontractor. Payments** made by CONTRACTOR to the Subcontractors for WORK performed by Subcontractors. If required by the CITY, CONTRACTOR shall obtain competitive bids from Subcontractors acceptable to CONTRACTOR and shall deliver such bids to the CITY who shall then determine, with the advice of the CONSULTANT, which bids shall be accepted. If a subcontract provides that the Subcontractor is to be paid on the basis of Cost of the WORK Plus a Fee, the Subcontractor's Cost of the WORK shall be determined in the same manner as CONTRACTOR'S Cost of WORK. All subcontracts shall be subject to the other provisions of the Contract Documents insofar as applicable.

11.2.1.4. **Costs of special consultants** (including but not limited to engineers, architects, testing laboratories, surveyors, attorneys and accountants) employed for services specifically related to the WORK.

11.2.1.5. **Supplemental costs** include the following:

a. Cost, including transportation and maintenance, of all materials, supplies, equipment, machinery, appliances, office and temporary facilities at the site and tools not owned by the workers, which are consumed in the performance of WORK, and cost less market value of such items used but not consumed which remain the property of CONTRACTOR.

b. Rentals of all construction equipment and machinery and the parts thereof whether rented from CONTRACTOR or others in accordance with rental agreements approved by the CITY with the advice of CONSULTANT, and the costs of transportation, loading, unloading, installation, dismantling and removal thereof--all in accordance with terms of said rental agreements. The rental of any such equipment, machinery or parts shall cease when the use thereof is no longer necessary for the WORK. For special equipment and machinery such as power driven pumps, concrete mixers, trucks, front end loaders, backhoes, and tractors, or other equipment, required for the economical performance of the authorized WORK, the CONTRACTOR shall receive payment based on the weekly rate divided by 40 to arrive at an hourly cost. The weekly rate shall be from the latest edition of the Rental Rate blue book for Construction Equipment, published by Equipment Guide Book Co., reduced by 25 percent. Equipment cost shall be calculated based upon the actual time the equipment is used in the WORK. If said WORK required the use of machinery not on the WORK or not to be used on the WORK, the cost of transportation, not exceeding a distance of one hundred (100) miles, of such machinery to and from the WORK shall be added to the fair rental rate; provided, however, that this shall not apply to machinery or equipment already required to be furnished under the terms of the Contract.

c. Sales, consumer, use or similar taxes related to the WORK and for which CONTRACTOR is liable, imposed by laws and regulations.

d. Royalty payments and fees for permits and licenses.

e. The site costs of utilities, fuel and sanitary facilities.

f. Cost of premiums for additional bonds and insurance required because of changes in the WORK.

11.2.2. **Exclusions to Cost of the Work:** The term Cost of the WORK shall not include any of the following:

11.2.2.1. **Payroll costs** and other compensation of CONTRACTOR'S officers, executives, principals (of partnership and sole proprietorships), general managers, engineers, architects, estimators, attorneys, auditors, accountants, purchasing and contracting agents, expeditors, timekeepers, clerks and other personnel employed by CONTRACTOR whether at the site or in CONTRACTOR'S principal or a branch office for general administration of the WORK and not specifically included in the agreed upon schedule of job classifications referred to in paragraph 11.2.1.1 or specifically covered by paragraph 11.2.1.4 -- all of which are to be considered administrative costs covered by the CONTRACTOR'S Fee.

11.2.2.2. **Expenses** of CONTRACTOR'S principal and branch offices other than CONTRACTOR'S office at the site.

11.2.2.3. **Any part** of CONTRACTOR'S capital expenses, including interest on CONTRACTOR'S capital employed for the WORK and charges against CONTRACTOR for delinquent payments.

11.2.2.4. **Cost of premiums** for all Bonds and for all Insurance whether or not CONTRACTOR is required by the Contract Documents to purchase and maintain the same (except for the cost of premiums covered by subparagraph 11.2.1.5f above).

11.2.2.5. **Costs due** to the negligence or intentional acts of the CONTRACTOR, any Subcontractor, or anyone whose acts any of them may be liable, including but not limited to, the correction of *defective* WORK, disposal of materials or equipment wrongly supplied and making good any damage to property.

11.2.2.6. **Costs associated** with fringe benefits that are greater than actual costs; i.e., where worker hours exceed a typical 8-hour day and 40-hour workweek.

11.2.2.7. **Other overhead** or general expense costs of any kind and the costs of any item not specifically and expressly included in Section 11.2.

11.3. CONTRACTOR'S FEE:

11.3.1. The CONTRACTOR'S Fee for overhead and profits shall be determined as follows:

11.3.1.1. A mutually acceptable fixed fee; or if none can be agreed upon,

11.3.1.2. A fee based on the following percentages of the various portions of the Cost of the WORK:

a. For costs incurred under paragraphs 11.2.1.1 (Labor) and 11.2.1.2, (Materials and Equipment) the CONTRACTOR'S Fee shall be five (5%) percent;

b. For costs incurred under paragraph 11.2.1.3, (Subcontractors) the CONTRACTOR'S Fee shall be five percent; and if a subcontract is on the basis of Cost of the WORK Plus a Fee, the maximum allowable to CONTRACTOR on account of overhead and profit of all Subcontractors shall be five (5%) percent;

c. No fee shall be payable on the basis of costs itemized under paragraphs 11.2.1.4, (Cost of Consultants) 11.2.1.5 (Supplemental Costs) and 11.2.2; (Exclusions)

d. The amount of credit to be allowed by CONTRACTOR to the CITY for any such change which results in a net decrease in cost shall be the amount of the actual net decrease plus a deduction in CONTRACTOR'S Fee by an amount equal to ten percent of the net decrease; and

e. When both additions and credits are involved in any one change, the adjustment in CONTRACTOR'S Fee shall be computed on the basis of the net change in accordance with paragraphs 11.3.1.2a through 11.3.1.2d, inclusive.

11.3.2. Whenever the cost of any WORK is to be determined pursuant to paragraph 11.2.1 (General) or 11.2.2, (Exclusions), CONTRACTOR shall submit in form

acceptable to CONSULTANT an itemized cost breakdown together with supporting data.

11.4. CASH ALLOWANCES:

11.4.1. It is understood that CONTRACTOR has included in the Contract Price all allowances so named in the Contract Documents and shall cause the WORK so covered to be done by such Subcontractors or Suppliers and for such sums within the limit of the allowances as may be acceptable to the CITY, CONTRACTOR agrees that:

11.4.1.1. The allowances include the cost to CONTRACTOR (less any applicable trade discounts) of materials and equipment required by the allowances to be delivered at the site, and all applicable taxes; and

11.4.1.2. CONTRACTOR'S costs for unloading and handling on the site, labor, installation costs, overhead, profit and other expenses contemplated for the allowances have been included in the Contract Price and not in the allowances. No demand for additional payment on account of any thereof shall be valid.

11.4.1.3. Prior to final payment, an appropriate Change order shall be issued as recommended by CONSULTANT to reflect actual amounts due CONTRACTOR on account of WORK covered by allowances, and the Contract Price shall be correspondingly adjusted.

11.5. UNIT PRICE WORK:

11.5.1. Where the Contract Documents provide that all or part of the WORK is to be Unit Price WORK, initially the Contract Price shall be deemed to include for all Unit Price WORK an amount equal to the sum of the established unit prices for each separately identified item of Unit Price WORK times the estimated quantity of each item as indicated in the Contract. The estimated quantities of items of Unit Price WORK are not guaranteed and are solely for the purpose of comparison of Bids and determining an initial Contract Price. Determinations of the actual quantities and classifications of Unit Price WORK performed by CONTRACTOR shall be made by CONSULTANT/CITY in accordance with Paragraph 9.8, Determinations for Unit Prices.

11.5.2. Each unit price shall be deemed to include an amount considered by CONTRACTOR to be adequate to cover CONTRACTOR'S overhead and profit for each separately identified item.

11.5.3. Where the quantity of any item of Unit Price WORK performed by CONTRACTOR differs materially and significantly from the estimated quantity of such item indicated in the Contract and there is no corresponding adjustment with respect to any other item of WORK and if CONTRACTOR believes that CONTRACTOR has incurred additional expense as a result thereof, CONTRACTOR may make a claim for an increase in the Contract Price in accordance with Article 11 Change of Contract Price, if the parties are unable to agree as to the amount of any such increase.

11.5.4. Where the quantity of any item of Unit Price WORK performed by CONTRACTOR differs materially and significantly from the estimated quantity of such item indicated in the Contract and there is no corresponding

adjustment with respect to any other item of WORK and if CITY believes that CONTRACTOR has incurred reduced expense as a result thereof, CITY may make a claim for a decrease in the Contract Price in accordance with Article 11 Change of Contract Price if the parties are unable to agree as to the amount of any such decrease.

11.6. OMITTED WORK:

11.6.1. The CITY may at any time, by written order, without Notice to the Sureties, require omission of such contract WORK as it may find necessary or desirable. An order for omission of WORK shall be valid only by an executable change order. All WORK so ordered must be omitted by the CONTRACTOR. The amount by which the contract price shall be reduced shall be determined as follows:

11.6.1.1. By such applicable unit prices, or rates for WORK of a similar nature or character as set forth in the contract; or,

11.6.1.2. By the appropriate lump sum price set forth in the Contract; or,

11.6.1.3. By the reasonable and fair estimated cost of such omitted WORK and profit percentage as determined by the CONTRACTOR and the CONSULTANT, and approved by the CITY.

ARTICLE 12 -- CHANGE OF CONTRACT TIME

12.1 GENERAL

12.1.1. The Contract Time may only be changed by a Change Order or Written Amendment. Any claim for an extension or shortening of the Contract time shall be based on written notice delivered by the party making the claim to the other party and to CONSULTANT promptly (but in no event later than ten days) after the occurrence of the event giving rise to the claim and stating the general nature of the claim. Notice of the extent of the claim with supporting data shall be delivered within ten (10) days after such occurrence (unless CITY allows an additional period of time to ascertain more accurate data in support of the claim) and shall be accompanied by the claimant's written statement that the adjustment claimed is the entire adjustment to which the claimant has reason to believe it is entitled as a result of the occurrence of said event. Claims made beyond these time limits shall be null and void.

12.1.2 Requests for extension of time shall be fully documented and shall include copies of daily logs, letters, shipping orders, delivery tickets, and other supporting information. In case of a continuing cause of delay only one (1) claim is necessary. Normal working weeks are based on a five (5) day week. All claims for adjustment of the Contract Time shall be determined by the CITY with input from the CONSULTANT. No claim for an adjustment in the Contract Time shall be valid if not submitted in accordance with the requirements of paragraph 12.1.1.

12.1.3. All time limits stated in the Contract Documents are of the essence of the Contract.

12.1.4. Where CONTRACTOR is prevented from completing any part of the WORK within the Contract Times (or Milestones) that, in the sole judgment of the CITY whose

decision shall be binding upon CONTRACTOR are due to delay beyond the control of CONTRACTOR, the Contract Times (or Milestones) shall be extended in an amount equal to the time lost due to such delay if a claim is made therefore as provided in paragraph 12.1.1.

12.1.5 Delays beyond the control of CONTRACTOR shall include, but not be limited to, acts or neglect by CITY, acts or neglect of utility Cities or other contractors performing other work as contemplated by Article 7, (Related Work at Sight) fires, floods, epidemics, or acts of God.

12.1.6 The CONTRACTOR must mitigate any loss of time by performing but not be limited to just performing ancillary WORK as is applicable to the project.

12.1.7 Claims for delay due to inclement weather (i.e., beyond the 10 year mean average) shall be made by the 10th day of the month following the month of the delay.

12.1.8 Delays attributable to and within the control of a Subcontractor or Supplier shall be deemed to be delays within the control of CONTRACTOR.

12.1.9. Where CONTRACTOR IS prevented from completing any part of the WORK within the Contract Times (or Milestones) due to delay beyond the control of both CITY and CONTRACTOR, an extension of the Contract Times (or Milestones) in an amount equal to the time lost due to such delay shall be CONTRACTOR's sole and exclusive remedy for such delay. In no event shall CITY be liable to CONTRACTOR, any Subcontractor, any Supplier, any other person or organization, or to any surety or employee or agent of any of them, for damages arising out of or resulting from (i) delays caused by or within the control of CONTRACTOR, or (ii) delays beyond the control of both parties including but not limited to fires, floods, epidemics, abnormal weather conditions, acts of God or acts of neglect by utility Cities or other contractors performing other work as contemplated by Article 7, (Related work at Sight).

12.2 LIQUIDATED DAMAGES.

12.2.1 The CITY and CONTRACTOR recognize and acknowledge that time is of the essence of this Contract and that the CITY shall suffer financial loss if the WORK is not completed within the times specified in paragraph 2.3 of the General Conditions and the Notice To Proceed, plus any extensions thereof allowed in accordance with Article 12 of the General Conditions. Each of the parties acknowledges that it has attempted to quantify the damages which would be suffered by CITY in the event of the failure of CONTRACTOR to perform in a timely manner, but neither one has been capable of ascertaining such damages with a certainty. CITY and CONTRACTOR also recognize and acknowledge the delays, expense and difficulties involved in proving in a legal proceeding the actual loss suffered by the CITY if the WORK is not completed on time. Accordingly, instead of requiring any such proof, the CITY and CONTRACTOR agree that as liquidated damages for delay (but not as a penalty) CONTRACTOR shall pay the CITY:

12.2.3 This sum is not a penalty, being the liquidated damages the CITY shall have sustained in event of such default by the Contractor. The CITY reserves the right to additionally recover direct job site expenses incurred during the period of any delay. The Contractor shall be liable for liquidated damages even if the Contract is terminated by the CITY for cause or if the Contractor abandons the Work. The liability of the Contractor and its surety or sureties for damages provided by this Article is joint and several.

12.3 REIMBURSEMENT OF CONSULTANT EXPENSES:

12.3.1 Should the completion of this Contract be delayed beyond the specified or adjusted time limit, CONTRACTOR shall reimburse the CITY for all expenses of consulting and inspection incurred by the CITY during the period between said specified or adjusted time and the actual date of final completion. All such expenses for consulting and inspection incurred by the CITY shall be charged to CONTRACTOR and be deducted from payments due CONTRACTOR as provided by this Contract. Said expenses shall be further

defined as CONSULTANT charges associated with the construction contract administration, including resident project representative costs.

ARTICLE 13 --TESTS AND INSPECTIONS, CORRECTION, REMOVAL OR ACCEPTANCE OF DEFECTIVE WORK

13.1. NOTICE OF DEFECTS:

13.1.1. Prompt notice of all defects for which CITY or CONSULTANT have actual knowledge shall be given to CONTRACTOR. All *defective* WORK, whether or not in place, may be rejected, corrected or accepted as provided in Article 13, Test and Inspections: Correction, Removal or Acceptance of Defective Work.

13.1.2. Unremedied defects identified for correction during the guarantee period but remaining after its expiration shall be considered as part of the obligations of the guarantee. Defects in material, workmanship or equipment, which are remedied as a result of obligations of the guarantee, shall subject the remedied portion of the WORK to an extended guarantee period of one year after the defect has been remedied. The Surety shall be bound with and for the Contractor in the Contractor's faithful observance of the guarantee.

13.2. ACCESS TO WORK:

13.2.1 CONSULTANT'S and CONSULTANT'S representatives, other representatives of the CITY, testing agencies and governmental agencies with jurisdictional interests shall have access to the WORK at reasonable times for their observation, inspecting and testing. CONTRACTOR shall provide proper and safe conditions for such access.

13.3. TESTS AND INSPECTIONS:

13.3.1. CONTRACTOR shall give CONSULTANT timely notice of readiness of the WORK for all required inspections, tests or approvals.

13.3.2. If Laws or Regulations of any public body having jurisdiction require any WORK (or part thereof) to specifically be inspected, tested or approved, CONTRACTOR shall assume full responsibility therefor, pay all costs in connection therewith and furnish CONSULTANT the required certificates of inspection, testing or approval. CONTRACTOR shall also be responsible for and shall pay all costs in connection with any inspection or testing required in connection with the CITY'S or CONSULTANT'S acceptance of a Supplier of materials or equipment proposed to be incorporated in the WORK, or of materials or equipment submitted for approval prior to CONTRACTOR'S purchase thereof for incorporation in the WORK.

13.3.3. All inspections, tests or approvals other than those required by Laws or Regulations of any public body having jurisdiction shall be performed by organizations acceptable to the CITY (or by CONSULTANT if so specified).

13.3.4. If any WORK (including the WORK of others) that is to be inspected, tested or approved is covered without written concurrence of CONSULTANT, it must, if requested by CONSULTANT, be uncovered for observation. Such uncovering shall be at CONTRACTOR'S expense unless

CONTRACTOR has given CONSULTANT timely notice of CONTRACTOR'S intention to cover the same and CONSULTANT has not acted with reasonable promptness in response to such notice.

13.3.5. Neither observations by CONSULTANT nor inspections, tests or approvals by others shall relieve CONTRACTOR from CONTRACTOR'S obligation's to perform the WORK in accordance with the Contract Documents.

13.3.6 General: For tests specified to be made by the Contractor, the testing personnel shall make the necessary inspections and tests and the reports thereof shall be in such form as will facilitate checking to determine compliance with the Contract Documents. Five (5) copies of the reports shall be submitted and authoritative certification thereof must be furnished to the Consultant as a prerequisite for the acceptance of any material or equipment.

13.3.6.1 If, in the making of any test of any material or equipment, it is ascertained by the Consultant that the material or equipment does not comply with the Contract Documents, the Contractor will be notified thereof and he will be directed to refrain from delivering said material or equipment, or to remove it promptly from the site or from the work and replace it with acceptable material, without cost to the CITY.

13.3.6.2 Tests of electrical and mechanical equipment and appliances shall be conducted in accordance with the recognized test codes.

The furnishing Contractor shall assist in the start-up tests as applicable.

13.4.6 Re-testing or re-inspection required because of non-conformance to specified requirements shall be performed by same independent firm on instructions by Consultant. Payment for re-testing or re-inspection will be charged to Contractor by deducting testing charges from Contract Sum/Price.

13.5.2 Submit qualifications of observer to Architect/Engineer [30] days in advance of required observations.

13.5.3 Report observations and site decisions or instructions given to applicators or installers that are supplemental or contrary to manufacturers' written instructions.

13.6. UNCOVERING WORK:

13.6.1. If any WORK is covered contrary to the request of CONSULTANT, it must, if requested by CONSULTANT, be uncovered for CONSULTANT'S observation and replaced, at CONTRACTOR'S expense.

13.6.2. If CONSULTANT considers it necessary or advisable that covered WORK be observed by CONSULTANT or inspected or tested by others, CONTRACTOR, at CONSULTANT'S request shall uncover, expose or otherwise make available for observation, inspection or testing as CONSULTANT may require, that portion of the WORK in question, furnishing all necessary labor, material and equipment. If it is found that such WORK is *defective*, CONTRACTOR shall bear all direct, indirect and consequential costs of such uncovering, exposure, observation, inspection and testing and of satisfactory reconstruction, (including but not limited to fees and charges of engineers, architects, attorneys and other professionals), and the CITY shall be entitled to an appropriate decrease in the Contract Price, and, if the parties are unable to agree as to the amount thereof, may make a claim therefor as provided in Article 11. If, however, such WORK is not found to be *defective*, CONTRACTOR shall be allowed an increase in the Contract Price or an extension of the Contract time, or both, directly attributable to such uncovering, exposure, observation, inspection, testing and reconstruction; and if the parties are unable to agree as to the amount or extent thereof. CONTRACTOR may make a claim therefor as provided in Article 11 Change of Contract Price and Article 12, Change of Contract Time.

13.7. CITY MAY STOP THE WORK:

13.7.1. If the WORK is *defective*, or CONTRACTOR fails to supply sufficient skilled workers or suitable materials or equipment, or fails to furnish or perform the WORK in such a way that the completed WORK shall conform to the Contract Documents, the CITY may order CONTRACTOR to stop the WORK, or any portion thereof, until the cause for such order has been eliminated; however, this right of the CITY to stop the WORK shall not give rise to any duty on the part of the CITY to exercise this right for the benefit of CONTRACTOR or any other party.

13.8. CORRECTION OR REMOVAL OF DEFECTIVE WORK:

13.8.1. If required by CONSULTANT, CONTRACTOR shall promptly, as directed, either correct all *defective* WORK, whether or not fabricated, installed or completed, or, if the WORK has been rejected by CONSULTANT, remove it from the site and replace it with non-*defective* WORK. CONTRACTOR shall bear all direct, indirect, and consequential costs of such correction or removal (including but not limited to fees and charges of engineers, architects, attorneys and other professionals) made necessary thereby.

13.8.2 If the Contractor refuses to comply, the CITY has the right to do either (or more) of the following:

13.8.3 The CITY has the right to correct any work so performed by the CONTRACTOR and deduct the expenses for doing so from the final payment due the CONTRACTOR, or

13.8.4 The CITY shall hold back final payment due CONTRACTOR until such time as the work is completed to the satisfaction of the CITY'S PROJECT MANAGER and in compliance with the CITY's specifications. The CITY'S PROJECT MANAGER shall have the sole discretion to determine if the work is satisfactory and in compliance with specifications.

13.8.5 The remedies contained herein are not exclusive and the CITY reserves the right to pursue any and all other remedies it deems applicable.

13.9. ONE-YEAR CORRECTION PERIOD:

13.9.1. If within one year after the date of Acceptance of WORK or such longer period of time as may be prescribed by Laws or Regulations or by the terms of any applicable special guarantee required by the Contract Documents or by any specific provision of the Contract Documents, any WORK is found to be *defective*, CONTRACTOR shall promptly, without cost to the CITY and in accordance with the CITY'S written instructions, either correct such *defective* WORK, or, if it has been rejected by the CITY, remove it from the site and replace it with non-*defective* WORK.

13.9.2. If CONTRACTOR does not promptly comply with the terms of such instructions or in an emergency where delay would cause serious risk of loss or damage, the CITY may have the *defective* WORK corrected or the rejected WORK removed and replaced, and all direct, indirect and consequential costs of such removal and replacement (including but not limited to fees and charges of engineers, architects, attorneys and other professionals) shall be paid

by CONTRACTOR.

13.9.3. In special circumstances where a particular item of equipment is placed in continuous service before Final Acceptance of all the WORK, the correction period for that item may start to run from an earlier date if so provided in the Specifications or by Written Amendment.

13.9.4. Nothing herein shall be deemed a waiver of the statute of limitations as provided in Florida Law.

13.9.5. Where *defective* WORK (and damage to other WORK resulting therefrom) has been corrected, removed or replaced under paragraph 13.7., the correction period hereunder with respect to such WORK shall be extended for an additional period of one year after such correction or removal and replacement has been satisfactorily completed.

13.10. ACCEPTANCE OF DEFECTIVE WORK:

13.10.1. If, instead of requiring correction or removal and replacement of *defective* WORK, CITY (and, prior to CONSULTANT's recommendation of final payment, also CONSULTANT) prefers to accept it, CITY may do so. CONTRACTOR shall pay all claims, costs, losses and damages attributable to CITY'S evaluation of and determination to accept such *defective* WORK (such costs to be approved by CONSULTANT as to reasonableness and to include but not be limited to fees and charges of engineers, architects, attorneys and other professionals).

13.10.2. If any such acceptance occurs prior to CONSULTANT'S recommendation of final payment, a Change Order shall be issued incorporating the necessary revisions in the Contract Documents with respect to the WORK; and the CITY shall be entitled to an appropriate decrease in the Contract Price, and, if the parties are unable to agree as to the amount thereof, the CITY may make a claim therefor as provided in Article 11, Change of Contract Price. If the acceptance occurs after such recommendation, CONTRACTOR shall pay an appropriate amount to the CITY.

13.11. CITY MAY CORRECT DEFECTIVE WORK:

13.11.1. If CONTRACTOR fails within thirty days (30) after written notice of CONSULTANT to proceed to correct and to correct *defective* WORK or to remove and replace rejected WORK as required by CONSULTANT in accordance with paragraphs 13.7.1, 13.8 or 13.11 or if CONTRACTOR fails to perform the WORK in accordance with the Contract Documents, or if CONTRACTOR fails to comply with any other provision of the Contract Documents, the CITY may, after seven days written notice to CONTRACTOR, correct and remedy any such deficiency.

13.11.2. In exercising the rights and remedies under this paragraph the CITY shall proceed expeditiously. To the extent necessary to complete corrective and remedial action, the CITY may exclude CONTRACTOR from all or part of the site, take possession of all or part of the WORK, and suspend CONTRACTOR'S services related thereto, take possession of CONTRACTOR'S tools, appliances, construction equipment and machinery at the site and incorporate in the WORK all materials and equipment stored at the site or for which the CITY has paid CONTRACTOR but which are stored elsewhere. CONTRACTOR shall allow the CITY, the CITY'S representative, agents and employees such access to the site as may be necessary to enable the

CITY to exercise the rights and remedies under this paragraph.

13.11.3. All direct, indirect and consequential costs of the CITY in exercising such rights and remedies shall be charged against CONTRACTOR by CITY and a Change Order shall be issued incorporating the necessary revisions in the Contract Documents with respect to the WORK; and the CITY shall be entitled to an appropriate decrease in the Contract Price, and, if the parties are unable to agree as to the amount thereof, the CITY may make a claim therefor as provided in Article 11, Change of Contract Price. Such direct, indirect and consequential costs shall include but not be limited to fees and charges of engineers, architects, attorneys and other professionals, all court costs and all costs of repair and/or replacement of WORK of others destroyed or damaged by correction, removal or replacement of CONTRACTOR'S defective WORK. Contractor shall also be responsible for restoring any other sites affected by such repairs or remedial work at no cost to CITY. CONTRACTOR shall not be allowed an extension of the Contract Time because of any delay in performance of the WORK attributable to the exercise by the CITY of the CITY'S rights and remedies hereunder.

ARTICLE 14 -- PAYMENTS TO CONTRACTOR AND COMPLETION

14.1. SCHEDULE OF VALUES

14.1.1. The schedule of values established as provided in paragraph 2.9., Finalizing Schedules, shall serve as the basis for progress payments and shall be incorporated into a form of Application for Payment acceptable to CONSULTANT.

14.2. UNIT PRICE BID SCHEDULE

14.2.1. Progress payments on account of Unit Price WORK shall be based on the number of units completed.

14.2.2 The quantities for payment under this Contract shall be determined by actual measurement of the completed items, in place, ready for service and accepted by the CITY, in accordance with the applicable method of measurement therefore contained herein.

14.2.3 The Contractor shall receive and accept the compensation provided in the Bid and the Contract as full payment for furnishing all materials, labor, tools and equipment, for performing all operations necessary to complete the work under the Contract, and also in full payment for all loss or damages arising from the nature of the work, or from any discrepancy between the actual quantities of work and quantities herein estimated by the Consultant, or from the action of the elements or from any unforeseen difficulties which may be encountered during the prosecution of the work until the final acceptance by the CITY.

14.2.4 The prices stated in the Bid include all costs and expenses for taxes, labor, equipment, materials, commissions, transportation charges and expenses, patent fees and royalties, labor for handling materials during inspection, together with any and all other costs and expenses for performing and completing the work as shown on the Drawings and specified herein. The basis of payment for an item at the unit price shown in the bid shall be in

accordance with the description of that item.

14.3. APPLICATION FOR PROGRESS PAYMENTS:

14.3.1 Unless otherwise prescribed by law, at the end of each month, the CONTRACTOR shall submit to the CONSULTANT for review, an Application for Progress Payment filled out and signed by the CONTRACTOR covering the WORK completed as of the date of the Application and accomplished by such supporting documentation as is required by the Contract Documents.

14.3.2. The Application for Progress Payment shall identify, as a subtotal, the amount of the CONTRACTOR'S Total Earnings to Date, plus the Value of Materials Stored which have not yet been incorporated in the WORK, less a deductive adjustment for materials stored which have been installed which were not previously incorporated in the WORK, but for which payment was allowed.

14.3.3. The Net Payment Due to the CONTRACTOR shall be the above- mentioned subtotal from which shall be deducted the amount of retainage specified in the Contract, and the total amount of all previous approved Applications for Progress Payment submitted by the CONTRACTOR. Retainage shall be calculated based upon the above-mentioned subtotal.

The above calculation in tabular form is as follows:

Total Earnings to Date	\$
Value of Materials Stored	\$
Less Value of Materials Stored for which payment was allowed and which have been installed	(\$)
Sub Total	\$
Less Retainage (based on sub total)	(\$)
Less total of all previous approved Applications for Progress Payment	(\$)
NET PAYMENT DUE	\$

14.3.4. The Value of Materials Stored shall be an amount equal to the specified percent of the value of same as set forth in the Contract or Schedule of Values. Said amount shall be based upon the value of all acceptable materials and equipment not incorporated in the WORK but delivered and suitably stored at the site or at another location agreed to in writing; provided, each such individual item has a value of more than \$5,000 and shall become a permanent part of the WORK and is planned for installation within the following thirty (30) days. The Application for Progress Payment shall also be accompanied by a Bill of Sale, paid invoice, or other documentation warranting that the CITY has received the materials and equipment free and clear of all liens, charges, security interests, and encumbrances (which are hereinafter in these General Conditions referred to as "Liens") and evidence that the materials and equipment are covered by appropriate property insurance and other arrangements to protect the CITY'S interest therein, all of which shall be satisfactory to the CITY.

14.3.5 List each Change Order executed prior to date of submission, at the end of the continuation sheets. List by Change Order Number, and description, as for an original component item of work.

14.3.6 As provided for in the "Application for Payment" form, the Contractor shall certify, for each current pay

request, that all previous progress payments received from the CITY, under this Contract, have been applied by the Contractor to discharge in full all obligations of the Contractor in connection with Work covered by prior Applications for Payment, and all materials and equipment incorporated into the Work are free and clear of all liens, claims, security interest and encumbrances. Contractor shall attach to each Application for Payment like affidavits by all subcontractors

14.4. CONTRACTOR'S WARRANTY OF TITLE:

14.4.1. The CONTRACTOR warrants and guarantees that title to all Work and equipment covered by an Application for Payment, whether incorporated in the Project or not, shall have passed to the CITY prior to the making of the Application for Payment, free and clear of all liens, claims, security interests and encumbrances (hereafter in these General Conditions referred to as "Liens"); and that no work or equipment covered by an Application for Payment shall have been acquired by the CONTRACTOR or by any other person performing the Work at the site or furnishing equipment for the Project, subject to an agreement under which an interest therein or encumbrance thereon is retained by the seller or otherwise imposed by the CONTRACTOR or such other person.

14.5. REVIEW OF APPLICATIONS FOR PROGRESS PAYMENT:

14.5.1. CONSULTANT shall, within ten days after receipt of each Application for Payment, either indicate in writing a recommendation of payment and present the Application to the CITY, or return the Application to CONTRACTOR indicating in writing CONSULTANT'S reasons for refusing to recommend payment. In the latter case, CONTRACTOR may make necessary corrections and resubmit the Application. Thirty days after receipt of the Application for Payment by the CITY with CONSULTANT'S recommendation, the amount recommended shall (subject to the provisions of the last sentence of paragraph 14.5.4) become due and when due shall be paid by the CITY to CONTRACTOR.

14.5.2. CONSULTANT'S recommendation of any payment requested in the application for payment shall not prohibit the CITY from withholding payment or prohibit the CITY from paying additional sums regarding other matters or issues between the parties.

14.5.3. CONSULTANT'S recommendation of final payment shall constitute an additional representation by CONSULTANT to the CITY that the conditions precedent to CONTRACTOR'S being entitled to final payment as set forth in paragraph 14.10, Final Payment and Acceptance, have been fulfilled.

14.5.4. CONSULTANT may refuse to recommend the whole or any part of any payment if, in CONSULTANT'S opinion, it would be incorrect to make such representations to the CITY. The CONSULTANT may also refuse to recommend any such payment, or, because of subsequently discovered evidence or the results of subsequent inspections or tests, nullify any such payment previously recommended, to such extent as may be necessary in CONSULTANT'S opinion to protect the CITY from loss, including but not limited to:

14.5.4.1. The WORK is *defective*, or completed

WORK has been damaged requiring correction or replacement.

14.5.4.2. The Contract Price has been reduced by a Written Amendment or Change Order.

14.5.4.3. The CITY has been required to correct *defective* WORK or complete WORK in accordance with paragraph 13.9, or

14.5.4.4. Of CONSULTANT'S actual knowledge of the occurrence of any of the events enumerated in paragraphs 15.2.1.1 through 15.2.1.9 inclusive (City May Terminate).

14.5.5. The CITY may refuse to make payment of the full amount recommended by the CONSULTANT because claims have been made against the CITY on account of CONTRACTOR'S performance or furnishing of the WORK, or there are other items entitling the CITY to credit against the amount recommended, but the CITY must give CONTRACTOR written notice (with a copy to CONSULTANT) stating the reasons for such action. Such reasons may include the following:

14.5.5.1 The Work for which payment is requested cannot be verified,

14.5.5.2 Claims or Liens have been filed or there is reasonable evidence indicating the probable filing thereof,

14.5.5.3 Of unsatisfactory prosecution of the Work, including failure to clean up as required

14.5.5.5 Of persistent failure to cooperate with other Contractors on the Project and persistent failure to carry out the Work in accordance with the Contract Documents,

14.5.5.6 Of liquidated damages payable by the CONTRACTOR, or

14.5.5.7 Of any other violation of, or failure to comply with, the provisions of the Contract Documents

14.6. SUBSTANTIAL COMPLETION:

14.6.1. When the CONTRACTOR considers the entire WORK ready for its intended use, the CONTRACTOR shall notify the CITY and the CONSULTANT in writing that the WORK is substantially complete and request that the CONSULTANT prepare a Certificate of Substantial Completion

14.6.2 For construction projects having an estimated cost of less than \$10 million, the CITY, the CONSULTANT and the CONTRACTOR shall make an inspection of the WORK within thirty (30) calendar days after the notice from the CONTRACTOR that the work is substantially complete to determine the status of completion.

14.6.3 For construction projects having an estimated cost of more than \$10 million, the CITY, the CONSULTANT and the CONTRACTOR shall make an inspection of the WORK within thirty (30) calendar days unless otherwise extended by contract not to exceed sixty (60) calendar days after notice from the CONTRACTOR that the work is substantially complete to determine the status of completion. If the CONSULTANT does not consider the WORK substantially complete, the CONSULTANT shall notify the

CONTRACTOR in writing giving the reasons therefore. If the CONSULTANT considers the WORK to be substantially complete, the CONSULTANT shall prepare and deliver to the CITY for its execution and recordation the Certificate of Substantial Completion signed by the CONSULTANT and CONTRACTOR, which shall fix the Date of Substantial Completion.

14.6.4. The CITY shall have the right to exclude CONTRACTOR from the WORK after the date of Substantial Completion, but the CITY shall allow CONTRACTOR reasonable access to complete or correct items on the "punch list".

14.7. PARTIAL UTILIZATION:

14.7.1 The CITY shall have the right to enter the premises for the purpose of doing work not covered by the Contract Documents. This provision shall not be construed as relieving the CONTRACTOR of the sole responsibility for the care and protection of the Work, or the restoration of any damaged Work except such as may be caused by agent or employees of the CITY

14.7.2. Prior to Substantial Completion, the CITY, with the approval of the CONSULTANT and with the concurrence of the CONTRACTOR, may use any completed or substantially completed portion of the Work. Such use shall not constitute an acceptance of such portions of the Work.

14.7.3 Use by the CITY of any finished part of the WORK, which has specifically been identified in the Contract Documents, or which the CITY, CONSULTANT and CONTRACTOR agree constitutes a separately functioning and useable part of the WORK that can be used by the CITY without significant interference with CONTRACTOR'S performance of the remainder of the WORK, may be accomplished prior to Substantial Completion of all WORK subject to the following:

14.7.4 The CITY at any time may request CONTRACTOR in writing to permit the CITY to use any such part of the WORK which the CITY believes to be ready for its intended use and substantially complete. If CONTRACTOR agrees, CONTRACTOR shall certify to the CITY and CONSULTANT that said part of the WORK is substantially complete and request CONSULTANT to issue a certificate of Substantial Completion for that part of the WORK. CONTRACTOR at any time may notify the CITY and CONSULTANT in writing that CONTRACTOR considers any such part of the WORK ready for its intended use and substantially complete and request CONSULTANT to issue a certificate of Substantial Completion for that part of the WORK. Within a reasonable time after either such request, the CITY, CONTRACTOR and CONSULTANT shall make an inspection of that part of WORK to determine its status of completion. If CONSULTANT does not consider that part of the WORK to be substantially complete, CONSULTANT shall notify the CITY and CONTRACTOR in writing giving the reasons therefore. If CONSULTANT considers that part of the WORK to be substantially complete, the provisions of paragraphs 14.6.1 and 14.6.2 shall apply with respect to certification of Substantial Completion of that part of the WORK and the division of responsibility in respect thereof and access thereto.

14.7.5 The CITY may at any time request CONTRACTOR in writing to permit the CITY to take over operation of any such part of the WORK although it is not

substantially complete. A copy of such request shall be sent to CONSULTANT and within a reasonable time thereafter the CITY, CONTRACTOR and CONSULTANT shall make an inspection of that part of the WORK to determine its status of completion and shall prepare a list of items remaining to be completed or corrected thereon before final payment. If CONTRACTOR does not object in writing to the CITY and CONSULTANT that such part of the WORK is not ready for separate operation by the CITY, CONSULTANT shall finalize the list of items to be completed or corrected and shall deliver such list to the CITY and CONTRACTOR together with a written recommendation as to the division of responsibilities pending final judgment between the CITY and CONTRACTOR with respect to security, operation, safety, maintenance, utilities, insurance, warranties and guarantees for that part of the WORK which shall become binding upon the CITY and CONTRACTOR at the time when the CITY takes over such operation (unless they shall have otherwise agreed in writing and so informed CONSULTANT). During such operation and prior to Substantial Completion of such part of the WORK, the CITY shall allow CONTRACTOR reasonable access to complete or correct items on said list and to complete other related WORK.

14.8. FINAL INSPECTION:

14.8.1. Upon written notice from CONTRACTOR that the entire WORK or an agreed portion thereof is complete, CONSULTANT shall make a final inspection with the CITY and CONTRACTOR and shall notify CONTRACTOR in writing of all particulars in which this inspection reveals that the WORK is incomplete, defective, or not in accordance with the Contract Documents. CONTRACTOR shall immediately take such measures as are necessary to remedy such deficiencies.

14.9. FINAL APPLICATION FOR PAYMENT:

14.9.1. After CONTRACTOR has completed in writing all such corrections to the satisfaction of CONSULTANT and delivered all maintenance and operating instructions, schedules, guarantees, Bonds, certificates of inspection, marked-up record documents (as provided in paragraph 14.6, Substantial Completion) and other documents--all as required by the Contract Documents, and after CONSULTANT has indicated in writing that the WORK is acceptable and has been completed in conformance with the drawings and specifications and any approved changes thereto, CONTRACTOR may make application for final payment following the procedure for progress payments. The final Application for Payment shall be accompanied by: (i) all documentation called for in the Contract Documents, including but not limited to the evidence of insurance required, (ii) consent of the surety, if any, to final payment, and (iii) complete and legally effective releases or waivers (satisfactory to CITY) of all Liens arising out of or filed in connection with the WORK.

14.10. FINAL PAYMENT AND ACCEPTANCE:

14.10.1. Upon receipt of written notice from the Contractor that the WORK has been completed in conformity with the Drawings and Specifications and any approved changes thereto, and receipt of the Final Application for Payment, Final Receipt and Release of Lien and accompanying documentation, the CITY'S CONSULTANT shall promptly examine the WORK and, making such tests as he may deem proper and using all of the care and

judgment normally exercised in the examination of completed WORK by a properly qualified and experienced Professional CONSULTANT, shall satisfy himself that the CONTRACTOR'S statement appears to be correct and the CONTRACTOR'S other obligations under the Contract Documents have been fulfilled. He shall then inform the CITY in writing that he has examined the WORK and that it appears, to the best of his knowledge and belief, to conform to the Contract Drawings, Specifications and any approved Change Orders, that the CONTRACTOR'S other obligations under the Contract Documents have been fulfilled, and that he therefore recommends acceptance of the WORK for Cityship and Final Payment to the CONTRACTOR. However, it is agreed by the CITY and the CONTRACTOR that such statement by the CITY'S CONSULTANT does not in any way relieve the CONTRACTOR from his responsibility to deliver a fully completed job in a good and workmanlike condition, and does not render the CONSULTANT or the CITY liable for any faulty WORK done or defective materials or equipment used by the CONTRACTOR.

14.10.2. The CONSULTANT shall then make a final estimate of the value of all WORK done and shall deduct all previous payments which have been made. The CONSULTANT shall report such estimate to the CITY together with his recommendation as to the acceptance of the WORK or his findings as to any deficiencies therein. After receipt and acceptance by the CITY of the properly executed Final Warranty of Title and after approval of the CONSULTANT'S estimate and recommendation to the CITY, the CITY shall make final payment to the CONTRACTOR of the Amount remaining after deducting all prior payments and all amounts to be kept or retained under the provisions of the Contract Documents, or as may be lawfully retained, including, but not limited to, Liquidated Damages, as applicable. Title passes and warranty begins at final acceptance.

14.10.3. All prior estimates are subject to correction in the final estimate. Thirty days after approval by the CITY of the application for final payment, the amount recommended by CONSULTANT shall become due and shall be paid to Contractor.

14.11. WAIVER OF CLAIMS:

14.11.1. The making and acceptance of final payment shall constitute:

14.11.1.1. a waiver of all claims by CITY against CONTRACTOR, except claims arising from unsettled Liens, from *defective* WORK appearing after final inspection pursuant to paragraph 14.8, Final Inspection, from failure to comply with the Contract Documents or the terms of any special guarantees specified therein, or from CONTRACTOR'S continuing obligations under the Contract Documents or the Public Construction Bond and Payment Bonds; and

14.11.1.2 a waiver of all claims by CONTRACTOR against CITY other than those previously made in writing and still unsettled.

14.12 PUNCHLIST PROCEDURES:

For Contracts of \$10,000,000.00 or more: Pursuant to §218.735(7)(a)(2) Florida Statutes, punchlist procedures to render the Work complete, satisfactory and acceptable are established as follows:

14.12.1 Within twenty (20) days of Substantial Completion of the construction services purchased as defined in the Contract, Contractor shall schedule a walkthrough with CITY AND CONSULTANT ("Initial Walkthrough" a/k/a "IW"). The purpose of the IW is to develop a preliminary checklist ("Checklist") of items to be performed by the Contractor, based upon observations made jointly between the Contractor, CONSULTANT and CITY during the IW. The IW is to occur within twenty (20) days of Substantial Completion of the Work as defined by the Contract, again predicated upon the Contractor's timely initiation of a request for the IW. At its option, CITY may conduct the IW with its CONSULTANT.

14.12.2 Contractor shall endeavor to address and complete as many items as possible noted on the Checklist either during the IW itself, or thereafter for a period of forty-five (45) days from the date of the IW.

14.12.3 No later than forty-five (45) days following the scheduled IW, Contractor shall again initiate and request a second walkthrough of the Project with CITY. The purpose of this second walkthrough is to identify which items remain to be performed from the IW Checklist and to supplement that list as necessary (based, for example, upon work which may have been damaged as a result of the Contractor's performance of completion of items contained on the IW Checklist) and for the purpose of developing a joint Final Punchlist.

14.12.4 The intent of this section is for CITY and the Contractor to cooperate to develop a Final Punchlist to be completed no later than forty-five (45) days from the date of reaching Substantial Completion of the construction services purchase as defined in the Contract.

14.12.5 In no event may the Contractor request payment of final retainage under §218.735(7)(d) Florida Statutes until the Contractor considers the Final Punch list to be 100% complete.

14.12.6 Contractor agrees to complete the Final Punchlist items within sixty (60) days of the date of its issuance by CITY.

14.12.7 Contractor acknowledges and agrees that no item contained on the Final Punchlist shall be considered a warranty item until such time as (a) the Final Punchlist is 100% complete, and (b) CITY has been able to operate or utilize the affected punchlist item for an additional period of fifteen (15) days.

14.12.8 Contractor acknowledges and agrees that CITY may, at its option, during performance of the Work and prior to Substantial Completion, issue lists of identified non-conforming or corrective work for the Contractor to address. The intent of any such CITY generated lists prior to Substantial Completion is to attempt to streamline the punchlist process upon achieving Substantial Completion, and to allow for the Contractor to address needed areas of corrective work as they may be observed by CITY during performance of the Work.

14.12.9 Contractor acknowledges and agrees that in calculating 150% of the amount which may be withheld by CITY as to any Final Punchlist item for which a good faith basis exists as to it being complete, as provided for by §218.735(7)(e) Florida Statutes, CITY may include within such percentage calculation its total costs for completing

such item of work, including its administrative costs as well as costs to address other services needed or areas of work which may be affected in order to achieve full completion of the Final Punchlist item. Such percentage shall in no event relate to the schedule of value associated with such Work activity, but rather total costs are based upon the value (i.e. cost) of completing such Work activity based upon market conditions at the time of Final Punchlist completion.

For Contracts less than \$10,000,000.00: Pursuant to §218.735(7)(a)(1) Florida Statutes, punchlist procedures to render the Work complete, satisfactory and acceptable are established as follows:

14.12.10 Within five (5) days of Substantial Completion of the construction services purchased as defined in the Contract, Contractor shall schedule a walkthrough with CITY ("Initial Walkthrough" a/k/a "IW"). The purpose of the IW is to develop a preliminary checklist ("Checklist") of items to be performed by the Contractor, based upon observations made jointly between the Contractor and CITY during the IW. The IW is to occur within ten (10) days of Substantial Completion of the Work as defined by the Contract, again predicated upon the Contractor's timely initiation of a request for the IW. At its option, CITY may conduct the IW with its Field Inspector.

14.12.11 Contractor shall endeavor to address and complete as many items as possible noted on the Checklist either during the IW itself, or thereafter for a period of fifteen (15) days from the date of the IW.

14.12.12 No later than fifteen (15) days following the scheduled IW, Contractor shall again initiate and request a second walkthrough of the Project with CITY. The purpose of this second walkthrough is to identify which items remain to be performed from the IW Checklist and to supplement that list as necessary (based, for example, upon work which may have been damaged as a result of the Contractor's performance of completion of items contained on the IW Checklist) and for the purpose of developing a joint Final Punchlist.

14.12.13 The intent of this section is for CITY and the Contractor to cooperate to develop a Final Punchlist to be completed no later than thirty (30) days from the date of reaching Substantial Completion of the construction services purchase as defined in the Contract.

14.12.14 In no event may the Contractor request payment of final retainage under §218.735(7)(d) Florida Statutes until the Contractor considers the Final Punch list to be 100% complete.

14.12.15 Contractor agrees to complete the Final Punchlist items within forty-five (45) days of the date of its issuance by CITY.

14.12.16 Contractor acknowledges and agrees that no item contained on the Final Punchlist shall be considered a warranty item until such time as (a) the Final Punchlist is 100% complete, and (b) CITY has been able to operate or utilize the affected punchlist item for an additional period of fifteen (15) days.

14.12.17 Contractor acknowledges and agrees that CITY may, at its option, during performance of the Work and prior to Substantial Completion, issue lists of identified non-conforming or corrective work for the Contractor to address.

The intent of any such CITY generated lists prior to Substantial Completion is to attempt to streamline the punchlist process upon achieving Substantial Completion, and to allow for the Contractor to address needed areas of corrective work as they may be observed by CITY during performance of the Work.

14.12.18 Contractor acknowledges and agrees that in calculating 150% of the amount which may be withheld by CITY as to any Final Punchlist item for which a good faith basis exists as to it being complete, as provided for by §218.735(7)(d) Florida Statutes, CITY may include within such percentage calculation its total costs for completing such item of work, including its administrative costs as well as costs to address other services needed or areas of work which may be affected in order to achieve full completion of the Final Punchlist item. Such percentage shall in no event relate to the schedule of value associated with such Work activity, but rather total costs are based upon the value (i.e. cost) of completing such Work activity based upon market conditions at the time of Final Punchlist completion.

14.13 MOBILIZATION

14.13.1 Consists of the preparatory Work and operations in mobilizing for beginning Work on the Project, including, but not limited to, those operations necessary for the movement of personnel, equipment, supplies and incidentals to the Project site, and for the establishment of temporary offices, buildings, safety equipment and first aid supplies, sanitary and other facilities, as required by these Specifications, and State and local laws and regulations.

14.13.2 The costs of bonds, insurance and any other pre-construction expenses necessary for the start of the Work, excluding the cost of construction materials, is to be included in Mobilization.

14.13.3 When the Bid Form includes a separate pay item for Mobilization, partial payments will be made in accordance with the following:

Percent of Contract Price Less Mobilization Earned	Allowable % of the Lump Sum Price of Mobilization
5	25
10	50
50	75
90	100

14.13.4 The standard retainage will be applied to these payments. Previous payments for Mobilization and unpaid amounts on Allowances will not be considered in calculating the percent of the Contract Price earned. Payments will be made in stepped increments as shown and will not be interpolated between steps.

14.13.5 When the Bid Form does not include a separate item for Mobilization, all Work and incidental costs specified as being covered under Mobilization is to be included for payment under the several scheduled items on the Bid Form, and no separate payment will be made therefor.

14.14 RETAINAGE PROCEDURES:

14.14.1 With regard to any contract for construction services, a local governmental entity may withhold from each progress payment made to the contractor an amount not exceeding five (5) percent of the payment as retainage.

14.14.2 This section does not prohibit a local governmental entity from withholding retainage at a rate less than five (5) percent of each progress payment, from incrementally reducing the rate of retainage pursuant to a schedule provided for in the contract, or from releasing at any point all or a portion of any retainage withheld by the local governmental entity which is attributable to the labor, services, or materials supplied by the contractor or by one or more subcontractors or suppliers. If a local governmental entity makes any payment of retainage to the contractor which is attributable to the labor, services, or materials supplied by one or more subcontractors or suppliers, the contractor shall timely remit payment of such retainage to those subcontractors and suppliers.

14.14.3 This section does not require the local governmental entity to pay or release any amounts that are the subject of a good faith dispute, the subject of a claim brought pursuant to s. [255.05](#), or otherwise the subject of a claim or demand by the local governmental entity or contractor.

14.14.4 The time limitations set forth in this section for payment of payment requests apply to any payment request for retainage made pursuant to this section.

14.14.5 Paragraphs 14.14.3 does not apply to construction services purchased by a local governmental entity which are paid for, in whole or in part, with federal funds and are subject to federal grantor laws and regulations or requirements that are contrary to any provision of the Local Government Prompt Payment Act.

14.14.6 This subsection does not apply to any construction services purchased by a local governmental entity if the total cost of the construction services purchased as identified in the contract is \$200,000 or less.

14.14.12 All payments due under this section and not made within the time periods specified by this section shall bear interest at the rate of 1 percent per month, or the rate specified by contract, whichever is greater.

ARTICLE 15 -- SUSPENSION OF WORK AND TERMINATION

15.1. CITY MAY SUSPEND/STOP WORK:

15.1.1. The CITY may, at any time and without cause, suspend the WORK or any portion thereof for a period of not more than ninety days by notice in writing to CONTRACTOR and CONSULTANT which shall fix the date on which WORK shall be resumed. CONTRACTOR shall resume the WORK on the date so fixed. CONTRACTOR shall be allowed an increase in the Contract Price or an extension of the Contract Time, or both, directly attributable to any suspension if CONTRACTOR makes an approved claim therefore as provided in Articles 11 (Change of Contract Price) and 12, (Change of Contract Time).

15.1.2 THE CITY MAY STOP WORK: The CITY REPRESENTATIVE may stop the Work or any portion thereof when it has been determined that the Contractor is not complying with the Drawings or Specifications or the intent thereof. The Stop Work order may be verbal and the

CONTRACTOR shall cease work immediately except for leaving the Work area in a safe and acceptable condition. A verbal Stop Work order shall be confirmed in writing. The CONTRACTOR shall not be allowed an increase in the contract price or an extension of the Contract time during the Stop Work period. A Start Work order may be verbal and shall be confirmed in writing.

15.2. CITY MAY TERMINATE FOR CAUSE:

15.2.1. Upon the occurrence of any one or more of the following events:

15.2.1.1. If CONTRACTOR commences a voluntary case under any chapter of the Bankruptcy Code (Title 11, United States Code), as now or hereafter in effect, or if CONTRACTOR takes any equivalent or similar action by filing a petition or otherwise under any other federal or state law in effect at such timing relating to the bankruptcy or insolvency;

15.2.1.2. If a petition is filed against CONTRACTOR under any chapter of the Bankruptcy Code as now or hereafter in effect at the time of filing, or if a petition is filed seeking any such equivalent or similar relief against CONTRACTOR under any other federal or state law in effect at the time relating to bankruptcy or insolvency;

15.2.1.3. If CONTRACTOR makes a general assignment for the benefit of creditors;

15.2.1.4. If a trustee, receiver, custodian or agent of CONTRACTOR is appointed under applicable law or under contract, whose appointment or authority to take charge of property of CONTRACTOR is for the purpose of enforcing a Lien against such property or for the purpose of general administration of such property for the benefit of CONTRACTOR'S creditors;

15.2.1.5. If CONTRACTOR admits in writing an inability to pay its debts generally as they become due;

15.2.1.6. If CONTRACTOR fails to perform the WORK in accordance with the Contract Documents (including, but not limited to, failure to supply sufficient skilled workers or suitable materials or equipment or failure to adhere to the progress schedule established under paragraph 2.6 as revised from time to time);

15.2.1.7. If CONTRACTOR disregards Laws or Regulations of any public body having jurisdiction;

15.2.1.8. If CONTRACTOR disregards the authority of CONSULTANT; or

15.2.1.9. If CONTRACTOR otherwise violates any provisions of the Contract Documents;

15.2.1.10 In the event of termination, the CITY may take possession of the premises and all materials, tools, and appliances, thereon and finish the Work by whatever method it may deem expedient. In such cases, the Contractor shall only be entitled to receive payment for Work satisfactorily completed prior to the termination date, subject to any setoffs due the CITY in completing the Project and for reimbursement of damages incurred. The CITY may take possession of and use any materials, plant, tools, equipment, and property of any kind furnished by Contractor to complete the Work. In such case CONTRACTOR shall

not be entitled to receive any further payment until the WORK is finished. If the expense incurred by the CITY to finish the Work (including additional managerial and administrative services, plus the CITY'S direct, indirect and consequential losses), exceeds the unpaid balance on this Contract, the Contractor or the Surety shall pay the difference to the CITY promptly on demand. The expense incurred by the CITY as herein provided, and the damage incurred through the Contractor's default, shall be certified by the Project Manager. The Contractor shall be responsible for both liquidated damages attributable to delay and for excess completion costs. The liability of the Contractor and its surety or sureties for such damages and costs is joint and several. The obligations of the Contractor and his surety with respect to the warranty and maintenance shall remain in full force and effect for the portion of the Work completed by the Contractor and shall not expire until the expiration of the prescribed time period measured from the final acceptance of the project in its entirety. These clauses shall survive the termination of this Contract. If the CITY makes a determination pursuant to this Contract to hold the Contractor in default and terminate the Contract for cause and it is subsequently determined that any such determination was improper, unwarranted, or wrongful, then any such termination shall be deemed for all purposes as a termination without cause as described below. The Contractor agrees that it shall be entitled to no damages, allowances or expenses of any kind other than as provided in this Agreement in connection with such termination, and does expressly waive, in the event of termination, any and all claims for consequential damages, loss of bonding capability, destruction of business, unabsorbed home office overhead, lost profit and the like.

15.2.2. Where CONTRACTOR'S services have been so terminated by the CITY, the termination shall not affect any rights or remedies of the CITY against CONTRACTOR then existing or which may thereafter accrue. Any retention or payment of moneys due CONTRACTOR by the CITY shall not release CONTRACTOR from liability.

15.3. CITY MAY TERMINATE WITHOUT CAUSE:

15.3.1 The CITY may terminate this Contract without cause by giving seven (7) days prior written notice to the Contractor, and in such event, the CITY shall pay the CONTRACTOR for that portion of the Contract Sum, less the aggregate of previous payments, allocable to the WORK completed as of the Date of Termination, plus reasonable termination expenses. The CITY also shall reimburse the CONTRACTOR for all costs necessarily incurred for organizing and carrying out the stoppage of the WORK and paid directly by the CONTRACTOR, not including overhead, general expenses or profit. The CITY shall not be responsible to reimburse the CONTRACTOR for any continuing contractual commitments to subcontractors or material men or for penalties or damages for canceling such contractual commitments, (with the exception that the CITY shall reimburse the CONTRACTOR for major materials or equipment purchased before termination if the CONTRACTOR can show proof of said purchases prior to notice of termination) inasmuch as the CONTRACTOR shall make all subcontracts and other commitments subject to this provision. In the event of termination by the CITY, the CITY may require the CONTRACTOR promptly to assign to it all or some subcontracts, construction, plant, materials, tools, equipment, appliances, rental agreements, and other commitments which the CITY, in its sole discretion, chooses to take by assignment, and in such event the

CONTRACTOR shall promptly execute and deliver to the CITY written assignments of the same.

15.4 REMOVAL OF EQUIPMENT DUE TO TERMINATION:

15.4.1 Removal of Equipment: In the case of termination of this Contract before completion, for any cause whatever, the CONTRACTOR, if notified to do so by the CITY'S PROJECT MANAGER, shall promptly remove any part or all of this equipment and supplies from the property of the CITY. Should the CONTRACTOR not remove such equipment and supplies, the CITY shall have the right to remove them at the expense of the CONTRACTOR. Equipment and supplies shall not be construed to include such items for which the CONTRACTOR has been paid in whole or in part.

15.5. CONTRACTOR MAY STOP WORK OR TERMINATE:

15.5.1 If, through no act or fault of CONTRACTOR, the WORK is suspended for a period of more than ninety (90) days by the CITY or under an order of court or other public authority, or CONSULTANT fails to act on any Application for Payment within thirty (30) days after it is submitted, or the CITY fails for sixty (60) days to pay CONTRACTOR any sum finally determined to be due, then CONTRACTOR may, upon seven (7) days written notice to the CITY and CONSULTANT, terminate the Contract and the CITY shall pay the CONTRACTOR for that portion of the Contract Sum, less the aggregate of previous payments, allocable to the WORK completed as of the Date of Termination plus reasonable termination expenses. The CITY shall not be responsible to reimburse the CONTRACTOR for any continuing contractual commitments for canceling such contractual commitments inasmuch as the CONTRACTOR shall make all subcontracts and other commitments subject to this provision. The CITY may require the CONTRACTOR promptly to assign to it all or some subcontracts, construction, plant, materials, tools, equipment, appliances, rental agreements, and any other commitments which the CITY, in its sole discretion, chooses to take by assignment, and in such event the CONTRACTOR shall promptly execute and deliver to the CITY written assignments of the same. In addition and in lieu of terminating the Contract, if CONSULTANT has failed to act on an Application for Payment or the CITY has failed to make any payment as aforesaid, CONTRACTOR may upon seven days written notice to the CITY and CONSULTANT stop the WORK until payment of all amounts then due. The provisions of this paragraph shall not relieve CONTRACTOR of the obligations under paragraph 6.24, Continuing the Work, to carry on the WORK in accordance with the progress schedule and without delay during disputes and disagreements with the CITY.

ARTICLE 16 – DISPUTE RESOLUTION

16.1 GOOD FAITH EFFORT:

16.1.1 Any disputes relating to interpretation of the terms of this Contract or a question of fact or arising under this Contract shall be resolved through good faith efforts upon the part of the CONTRACTOR and the CITY or its Project Manager. At all times, the CONTRACTOR shall carry on the work and maintain its progress schedule in accordance with the requirements of the Contract and the determination of the CITY or its representatives, pending a final resolution of the dispute, including, if necessary, any determination by a

Court of competent jurisdiction. Any dispute which is not resolved by mutual agreement of CONTRACTOR and CITY Project Manager shall be decided by the CITY Superintendent or designee who shall reduce the decision to writing. The decision of the CITY shall be final and conclusive unless determined by a court of competent jurisdiction to be fraudulent, capricious, arbitrary, so grossly erroneous as to necessarily imply bad faith, or not be supported by substantial evidence.

16.2 MEDIATION:

16.2.1 Prior to initiating any litigation concerning this Contract, the CITY reserves the right to submit the disputed issue or issues to a mediator for non-binding mediation. The parties shall agree on a mediator chosen from a list of certified mediators available from the Clerk of Court for Palm Beach County. The fee of the mediator shall be shared equally by the parties. To the extent allowed by law, the mediation process shall be confidential and the results of the mediation or any testimony or argument introduced at the mediation shall not be admissible as evidence in any subsequent proceeding concerning the disputed issue.

ARTICLE 17 -- MISCELLANEOUS

If the last day of any such period falls on a Saturday or Sunday or on a day made a legal holiday by the law of the applicable jurisdiction, such day shall be omitted from the computation.

17.3. NOTICE OF CLAIM:

17.3.1. Should CITY or CONTRACTOR suffer injury or damage to person or property because of any error, omission or act of the other party or of any of the other party's employees or agents or others for whose acts the other party is legally liable, claim shall be made in writing to the other party within a reasonable time of the first observance of such injury or damage. The provisions of this paragraph 17.3 shall not be construed as a substitute for or a waiver of the provisions of any applicable statute of limitations or repose.

17.4. CUMULATIVE REMEDIES:

17.4.1 The duties and obligations imposed by these General Conditions and the rights and remedies available hereunder to the parties hereto, and, in particular but without limitation, the warranties, guarantees and obligations imposed upon CONTRACTOR by Sections 6, Contractor's Responsibilities, Section 13, Test and Inspections, Correction, Removal or Acceptance of Defective Work, Section 14, Payments to Contractor and Completion, and Section 15, Suspension of work and Termination and all of the rights and remedies available to the CITY and CONSULTANT thereunder, are in addition to, and are not to be construed in any way as a limitation of, any rights and remedies available to any or all of them which are otherwise imposed or available by Laws or Regulations, by special warranty or guarantee or by other provisions of the Contract Documents, and the provisions of this paragraph shall be as effective as if repeated specifically in the Contract Documents in connection with each particular duty obligation, right and remedy to which they apply. All representations warranties and guarantees made in the Contract Documents shall survive final payment and termination or completion of the Contract.

17.5. ACCIDENT AND PREVENTION:

17.5.1. The safety provisions of applicable laws and building and construction codes shall be observed and the Contractor shall take or cause to be taken such additional safety and health measures as the Local Public Agency involved may determine to be reasonably necessary. Machinery, equipment and all hazards shall be guarded in accordance with the safety provisions of the "Manual of Accident Prevention in Construction" as published by the Associated General Contractors of America, Inc. to the extent that such provisions are not in conflict with applicable laws. The Contractor shall maintain an accurate record of all cases of death, occupational disease, or injury requiring medical attention or causing loss of time from WORK, arising out of and in the course of employment on WORK under the Contract. The Contractor shall promptly furnish the Local Public Agency with reports concerning these matters.

17.6. FLORIDA PRODUCTS AND LABOR:

17.6.1. The CONTRACTOR'S attention is called to Section 255.04, Florida Statutes, which requires that on public building contracts, Florida products and labor shall be used wherever price and quality are equal.

17.6.2. 255.099 Preference To State Residents.—

(1) Each contract for construction that **is funded by state funds** must contain a provision requiring the contractor to give preference to the employment of state residents in the performance of the work on the project if state residents have substantially equal qualifications to those of nonresidents. A contract for construction funded by local funds may contain such a provision.

(a) As used in this section, the term "substantially equal qualifications" means the qualifications of two or more persons among whom the employer cannot make a reasonable determination that the qualifications held by one person are better suited for the position than the qualifications held by the other person or persons.

(b) A contractor required to employ state residents must contact the Department of Economic Opportunity to post the

contractor's employment needs in the state's job bank system.

(2) No contract shall be let to any person refusing to execute an agreement containing the provisions required by this section. However, in work involving the expenditure of federal aid funds, this section may not be enforced in such a manner as to conflict with or be contrary to federal law prescribing a labor preference to honorably discharged soldiers, sailors, or marines, or prohibiting as unlawful any other preference or discrimination among the citizens of the United States.

17.6.3. 255.0991 Contracts For Construction Services; Prohibited Local Government Preferences.—

(1) For purposes of this section, the term:

(a) "Competitive solicitation" has the same meaning as in s. 255.248.

(b) "State-appropriated funds" means all funds appropriated in the General Appropriations Act, excluding federal funds.

(2) For a competitive solicitation for construction services in which 50 percent or more of the cost will be paid from state-appropriated funds which have been appropriated at the time of the competitive solicitation, a state college, county, municipality, school City, or other political subdivision of the state **may not use a local ordinance** or regulation that provides a preference based upon:

(a) The contractor's maintaining an office or place of business within a particular local jurisdiction;

(b) The contractor's hiring employees or subcontractors from within a particular local jurisdiction; or

(c) The contractor's prior payment of local taxes, assessments, or duties within a particular local jurisdiction.

(3) For any competitive solicitation that meets the criteria in subsection (2), a state college, county, municipality, school City, or other political subdivision of the state shall disclose in the solicitation document that any applicable local ordinance or regulation does not include any preference that is prohibited by subsection (2).

(4) Except as provided in subsection (2), this section does not prevent a state college, county, municipality, school, or other political subdivision of the state from awarding a contract to a contractor in accordance with applicable state laws or local ordinances or regulations.

17.6.4. 255.20 Specification of State-Produced Lumber.

(3)(a) All county officials, Commissions of county commissioners, City Commissions, City councils, City commissioners, and all other public officers of state Commissions or commissions that are charged with the letting of contracts for public work, for the construction of public bridges, buildings, and other structures must specify in the contract lumber, timber, and other forest products produced and manufactured in this state, if wood is a component of the public work, and if such products are available and their price, fitness, and quality are equal.

(b) This subsection does not apply:

1. To plywood specified for monolithic concrete forms.

2. If the structural or service requirements for timber for a particular job cannot be supplied by native species.

3. If the construction is financed in whole or in part from federal funds with the requirement that there be no restrictions as to species or place of manufacture.

4. To transportation projects for which federal aid funds are available.

17.7. EMPLOYEES:

17.7.1. All labor described in these specifications or indicated on the Drawings and the WORK specified or indicated shall be executed in a thoroughly substantial and workmanlike manner by mechanics skilled in the applicable trades.

17.7.2. Any person employed on the WORK who fails, refuses or neglects to obey the instructions of the CONTRACTOR in anything relating to this WORK or who appears to the CITY to be disorderly, intoxicated, insubordinate, or incompetent, shall upon the order of the CITY, be at once discharged and not again employed in any part of the WORK. Any interference with, or abuse or threatening conduct toward the CITY, CONSULTANT or their inspectors by the CONTRACTOR or his employees or agents, shall be authority for the CITY to annul the Contract and re-let the WORK. No intoxicating substance shall be allowed on the WORK site.

17.8. NON-DISCRIMINATION:

17.8.1. The CONTRACTOR shall not discriminate against employees or applicants for employment because of race, creed, color, religion, sex, age, handicapped status, disabilities, or national origin. The CONTRACTOR shall endeavor to ensure that applicants are employed and that employees are treated during employment, without regard to their race, creed, color, religion, sex, age, handicapped status, or national origin. Such action shall include but not be limited to the following: employment, upgrading, demotion, or transfer; recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training including apprenticeship. The CONTRACTOR agrees to post in conspicuous places, available to employees and applicants for employment, notices setting forth the provisions of this nondiscrimination clause. These provisions apply to all subcontractors and it is the responsibility of the subcontractor compliance.

17.9. DRUG-FREE WORKPLACE:

17.9.1 The CITY requires all prospective contractors to maintain a drug free work place and have their Drug Free Workplace policy posted in their offices and available for inspection by the CITY.

17.10. PUBLIC ENTITY CRIMES:

17.10.1 Pursuant to F.S. 287.133, as amended: a person or affiliate who has been placed on the convicted vendor list following a conviction for a public entity crime may not submit a Bid on a Contract to provide any goods or services to a public entity, may not submit a Bid on a Contract with a public entity for the construction or repair of a public building or public work, may not submit Bids on leases of real property to a public entity, may not be awarded or perform

work as a Contractor, supplier, subcontractor, or CONSULTANT under a Contract with any public entity, and may not transact business with any public entity in excess of the threshold amount provided in F.S. 287.017 for CATEGORY TWO or higher for a period of 36 months from the date of being placed on the convicted vendor list.

The CITY shall not intentionally award publicly-funded contracts to any contractor who knowingly employs unauthorized alien workers, constituting a violation of the employment provisions contained in U.S.C. Section 1324a(e) [Section 274A9e) of the Immigration and Nationality Act (AINA@)]. The CITY shall consider the employment by any contractor of unauthorized aliens a violation of Section 274A(e) of the INA. Such a violation by the Recipient of the employment provisions contained in Section 274A(e) of the INA shall be grounds for unilateral cancellation of this Agreement by the CITY.

17.11. ASSIGNMENT:

17.11.1 This Contract, nor any monies due hereunder, or any part thereof, shall not be assigned, or transferred, by CONTRACTOR, nor shall the CITY be liable to any assignee or transferee, without the written consent of the CITY, to the assignment, or transfer. The CITY shall not release or discharge CONTRACTOR from any obligation hereunder. The CITY shall not approve an assignment or transfer unless the Surety on the Contract Performance and Payment Bonds has informed the CITY in writing that it consents to the assignment or transfer.

17.12. VENUE:

17.12.1 Governing Law; Consent to Jurisdiction: The Contract Documents shall be governed by and construed and interpreted in accordance with the laws of the State of Florida. Each of the parties hereto (a) irrevocably submit itself to the exclusive jurisdiction of the Fifteenth Judicial Circuit Court in and for Palm Beach County, Florida for state actions, and jurisdiction of the United States District Court for the Southern District of Florida, Palm Beach Division, for federal actions, the purposes of any suit, action or other proceeding arising out of, or relating to, the Contract Documents; and, (b) waives and agrees not to assert against any party hereto, by way of motion, as a defense of otherwise, in any suit, action or other proceeding, any claim that it is not personally subject to the jurisdiction of the above-named courts for any reason whatsoever.

17.13 FUNDING OUT:

17.13.1 The following funding out provisions are an integral part of this Invitation to Bid and must be agreed to by all CONTRACTORS:

17.13.2 The City Commission or its designee may, during the contract period, terminate or discontinue the items covered in this bid for lack of appropriated funds upon the same terms and conditions.

17.13.3 Such prior written notice shall state that the lack of appropriated funds is the reason for termination, and

17.13.4 The City Commission agrees not to replace the equipment or services being terminated with equipment and services with functions similar to those performed by the equipment covered in this bid from another awarded CONTRACTOR in the succeeding funding period.

17.14 ENFORCEMENT COSTS:

If any legal action or other proceeding is brought for the enforcement of the Contract Documents, or because of an alleged dispute, breach, default or misrepresentation in connection with any provisions of the Contract Documents, the parties agree that each party shall be responsible for its own attorney's fees

17.15 DEBARMENT:

17.15.1 The Commission shall have the authority to debar a person / corporation for cause for consideration or award of future contracts. The debarment shall be for a period commensurate with the seriousness of the causes, generally not to exceed three (3) years. When the offense is willful or blatant, a longer term of debarment may be imposed, up to an indefinite period.

17.16 REQUIREMENTS FOR PERSONNEL ENTERING CITY PROPERTY:

17.16.1 Possession of firearms shall not be tolerated in City buildings. Nor shall violations of Federal or State Laws and any applicable City policy regarding Drug Free Workplace be tolerated. Violators shall be subject to immediate termination.

17.16.2 "Firearm" means any weapon (including a starter gun or antique firearm) which shall, is designed to, or may readily be converted to expel a projectile by the action of an explosive; the frame or receiver of any such weapon; any destructive device; or any machine gun.

17.16.3 No person who has a firearm in their vehicle may park their vehicle on City property. Furthermore, no person may possess or bring a firearm on City property.

17.16.4 If any employee of an independent awarded CONTRACTOR or subcontractor is found to have brought a firearm on City property, said employee must be terminated from the City Commission project by the independent awarded CONTRACTOR or subcontractor. If the subcontractor fails to terminate said employee, the subcontractor's agreement with the independent awarded CONTRACTOR for the City project shall be terminated. 1.02 DEFINITIONS

A. Communication Definitions:

1. ITS: Information Transport System: Copper cabling or optical fiber for transmission of information on City property. Transmission includes data, video, voice, fire alarm, security, access control, and other low-voltage networks. Information Transport System is not limited to City-owned cabling, but includes copper and optical fiber, and equipment owned by outside providers carrying City's information. Pathways are not limited by City's Cityship but include those owned by any third party. Information Transport System may be referred to as "the network" within project documents.
2. ICP: Inside Cable Plant: Part of Information Transport System running within buildings. ICP elements include workstation outlet assembly, cabling to the workstation from network rooms, backbone cabling within building, backbone cabling running between physically contiguous buildings, network racks and hardware (routers, switches, hubs, firewalls, etc.), patch panels, punch blocks, fiber distribution panels, patch cords, and cross-connect cables/wires.
3. OCP: Outside Cable Plant: Part of Information Transport System running between buildings, from building to definable exterior point, between definable exterior points, or from non-City source to City building or definable exterior point. OCP includes termination punch blocks, fiber distribution panels, interior splices for outside to inside optical fiber transition, and other initial device into which outside cable attaches. OCP does not include backbone cable running between physically contiguous buildings unless cabling enters OSP pathway element (e.g. OSP conduits, maintenance holes, etc.). OCP includes underground cabling and aerial cabling.
4. Cable: An assembly of one or more insulated conductors or optical fibers, within an enveloping sheath.
5. DP: Dead pairs: Unused copper pairs terminating within splice case, but without being splices to outgoing cable.
6. GP: Grounding electrode: Conductor (rod, pipe or plate or group of conductors) in direct contact with earth for purpose of providing low-impedance connection to earth.
7. GEC: Grounding electrode conductor: Conductor used to connect grounding electrode to equipment grounding conductor, or to grounded conductor of circuit at service equipment, or at source of separately derived system.
8. Handbox: Rectangular or square underground pathway

element similar to small maintenance hole, which cannot be fully entered, that allows for pulling point or splice point in power, security or communications pathway.

9. Handhole: A round underground pathway element similar to a handbox, which cannot be fully entered, that allows for a pulling point in a pathway.

10. Identifier: An item of information that links a specific element of the Information Transport System infrastructure with its corresponding record.

11. Infrastructure (Information Transport System): A collection of those Information Transport System components, excluding equipment, that together provides the basic support for the distribution of all information within a building or campus.

12. Linkage: A connection between a record and an identifier or between records.

13. Maintenance (man) holes: Underground pathway element large enough for person to fully enter work, used to provide access to underground cable to pull, splice, and maintain.

14. Media (Information Transport System): Wire, cable, or conductors used for Information Transport System.

15. OB: Outlet box: Metallic or nonmetallic box used to hold Information Transport System outlets/connectors or transition devices.

16. Outlet(Connector) (Information Transport System): Connecting device in work area on which horizontal cable or outlet cable terminates.

17. Pathway: Facility for the placement of Information Transport System cable.

18. Record: Collection of detailed information related to specific element of Information Transport System infrastructure.

19. Report: Presentation of collection of information from various records.

20. Space (Information Transport System): Area used for housing installation and termination of Information Transport System equipment and cable, e.g., equipment rooms, network rooms, work areas, and maintenance holes/handboxes/handholes.

21. Splice: Joining of conductors in splice closure, meant to be permanent.

22. Splice box: Box, located in pathway run, intended to house cable splice.

23. Splice closure: Device used to protect splice.

24. Termination position: Discrete element of termination hardware where information Transport System conductors are terminated.

25. Work Area (work station): Building space where occupants interact with Information Transport System terminal equipment.

SWORN STATEMENT ON PUBLIC ENTITY CRIMES

THIS FORM MUST BE SIGNED IN THE PRESENCE OF A NOTARY PUBLIC OR OTHER OFFICER AUTHORIZED TO ADMINISTER OATHS.

1. I understand that a "public entity crime" as defined in Paragraph 287.133(1)(g), Florida Statutes, means a violation of any state or federal law by a person with respect to and directly related to the transaction of business with any public entity or with any agency or political subdivision of any other state or with the United States, including, but not limited to, any bid or contract for goods or services or any contract for construction or repair of a public building or public work to be provided to any public entity or an agency or political subdivision of any other state or of the United States and involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.
2. I understand that "convicted" or "conviction" as defined in Paragraph 287.133(1)(b), Florida Statutes, means a finding of guilt or a conviction of the public entity crime, with or without an adjudication of guilt, in any federal or state trial court of record relating to charges brought by indictment or information after July 1, 1989, as a result of a jury verdict, nonjury trial, or entry of a plea of guilty or nolo contendere.
3. I understand that an "affiliate" as defined in Paragraph 287.133(1)(a), Florida Statutes, means:
 - a. A predecessor or successor of a person convicted of a public entity crime; or
 - b. An entity under the control of any natural person who is active in the management of the entity and who has been convicted of a public entity crime. The term "affiliate" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of an affiliate. The ownership by one person of shares constituting a controlling interest in another person, or a pooling of equipment or income among persons when not for fair market value under an arm's length agreement, shall be a prima facie case that one controls another person. A person who knowingly enters into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding 36 months shall be considered an affiliate.
4. I understand that a "person" as defined in Paragraph 287.133(1)(e), Florida Statutes means any natural person or entity organized under the laws of any state or of the United States with the legal power to enter into a binding contract and which bids or applies to bid on contracts let by a public entity, or which otherwise transacts or applies to transact business with a public entity. The term "person" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of an entity.
5. Based on information and belief, the statement that I have marked below is true in relation to the entity submitting this sworn statement. (Indicate which statement applies.)

_____ Neither the entity submitting this sworn statement, nor any officers, directors, executives, partners, shareholders, employees, members or agents who are active in management of the entity, nor any affiliate of the entity have been charged with and convicted of a public entity crime subsequent to July 1, 1989.

_____ The entity submitting this sworn statement, or one or more of the officers, directors, executives, partners, shareholders, employees, members, or agents who are active in management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

_____ The entity submitting this sworn statement, or one or more of the officers, directors, executives, partners, shareholders, employees, members, or agents who are active in management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989. However, there has been a subsequent proceeding before a Hearing Officer of the State of Florida, Division of Administrative Hearings and the Final Order entered by the Hearing Officer determined that it was not in the

public interest to place the entity submitting this sworn statement on the convicted vendor list. (Attach a copy of the final order)

I UNDERSTAND THAT THE SUBMISSION OF THIS FORM TO THE CONTRACTING OFFICER FOR THE PUBLIC ENTITY IDENTIFIED IN PARAGRAPH 1 (ONE) ABOVE IS FOR THAT PUBLIC ENTITY ONLY AND, THAT THIS FORM IS VALID THROUGH DECEMBER 31 OF THE CALENDAR YEAR IN WHICH IT IS FILED. I ALSO UNDERSTAND THAT I AM REQUIRED TO INFORM THE PUBLIC ENTITY PRIOR TO ENTERING INTO A CONTRACT IN EXCESS OF THE THRESHOLD AMOUNT PROVIDED IN SECTION 287.017, FLORIDA STATUTES FOR CATEGORY TWO OF ANY CHANGE IN THE INFORMATION CONTAINED IN THIS FORM.

AGENT or BROKER: CITY'S REPRESENTATIVE (Architect, Engineer or other party):

1. CONTRACTOR and SURETY, jointly and severally, bind themselves, their heirs, executors, administrators, successors and assigns to CITY for the performance of the Construction Contract, which is incorporated herein by reference, pursuant to the requirement of Florida Statute 255.05.
2. THE CONDITION OF THIS BOND is that if CONTRACTOR:
 - 2.1 Fully performs the above mentioned Contract between CONTRACTOR and CITY within _____ calendar days after the date of contract commencement as specified in the Notice to Proceed and in the manner prescribed in the Contract;
 - 2.2 Indemnifies and pays CITY all losses, damages (specifically including, but not limited to, damages for delay, liquidated damages, and other consequential damages caused by or arising out of the acts, omissions or negligence of CONTRACTOR), expenses, costs and attorney's fees and costs, including attorney's fees incurred in appellate proceedings, that CITY sustains because of default by CONTRACTOR under the Contract;
 - 2.3 Upon notification by CITY, corrects any and all defective or faulty work or materials, which appear within one (1) year after final acceptance of the work; and
 - 2.4 Performs the guarantee of all work and materials furnished under the Contract for the time specified in the Contract,

then this Bond is void, and SURETY and CONTRACTOR shall have no obligation under this Bond, except to participate in conferences as provided in Subparagraph 3.1, otherwise it remains in full force.
3. If there is no CITY Default, SURETY'S obligation under this Bond shall arise after:
 - 3.1 CITY has notified CONTRACTOR and SURETY at its address described in Paragraph 10 below, that CITY is considering declaring a Contractor Default and has requested and attempted to arrange a conference with CONTRACTOR and SURETY to be held not later than fifteen days after receipt of such notice to discuss methods of performing the Construction Contract. If CITY, CONTRACTOR and SURETY agree, CONTRACTOR shall be allowed a reasonable time to perform the Construction Contract, but such an agreement shall not waive CITY'S right, if any, subsequently to declare a Contractor Default;
 - 3.2 CITY has declared a Contractor Default and formally terminated CONTRACTOR'S right to complete the contract. Such Contractor Default shall not be declared earlier than twenty days after CONTRACTOR and SURETY have received notice as provided in Subparagraph 3.1; and
 - 3.3 CITY has agreed to pay the Balance of the Contract Price to SURETY in accordance with the terms of the Construction Contract or to a contractor selected to perform the Construction Contract in accordance with the terms of the contract with CITY.
4. When CITY has satisfied the conditions of Paragraph 3, SURETY shall promptly and at SURETY'S expense take one of the following actions:
 - 4.1 Arrange for CONTRACTOR, with consent of CITY, to perform and complete the Construction Contract;
 - 4.2 Undertake to perform and complete the Construction Contract itself, through its agents or through independent contractors;
 - 4.3 Obtain bids or negotiated proposals from qualified contractors acceptable to CITY for a contract for performance and completion of the Construction Contract, arrange for a contract to be prepared for execution by CITY and CONTRACTOR selected with CITY'S concurrence, to be secured with performance and payment bonds executed by a qualified surety equivalent to the bonds issued on the Construction Contract, and pay to CITY the amount of damages as described in Paragraph 6 in excess of the Balance of the Contract Price incurred by CITY resulting from CONTRACTOR'S default; or
 - 4.4 Waive its right to perform and complete, arrange for completion, or obtain a new contractor and with reasonable promptness under the circumstances:
 - .1 After investigation, determine the amount for which it may be liable to CITY and, as practicable after the amount is determined, tender payment therefor to CITY; or
 - .2 Deny liability in whole or in part and notify CITY citing reasons therefor.
5. If SURETY does not proceed as provided in Paragraph 4 with reasonable promptness, SURETY shall be deemed to be in default on this Bond fifteen days after receipt of an additional written notice from CITY to SURETY demanding that SURETY perform its obligations under this Bond, and CITY shall be entitled to enforce any remedy available to CITY. If SURETY proceeds as provided in Subparagraph 4.4 and CITY refuses the payment tendered or SURETY has denied liability, in whole or in part, without further notice CITY shall be entitled to enforce any remedy available to CITY.

6. After CITY has terminated CONTRACTOR'S right to complete the Construction Contract, and if SURETY elects to act under Subparagraph 4.1, 4.2, or 4.3 above, then the responsibilities of SURETY to CITY shall not be greater than those of CONTRACTOR under the Construction Contract, and the responsibilities of CITY under the Construction Contract. To the limit of the amount of this Bond, but subject to commitment by CITY of the Balance of the Contract Price to mitigation of costs and damages on the Construction Contract, SURETY is obligated without duplication for:
 - 6.1 The responsibilities of CONTRACTOR for correction of defective work and completion of the Construction Contract;
 - 6.2 Additional legal including appellate proceedings, design professional and delay costs and expenses resulting from CONTRACTOR'S default, and resulting from the actions or failure to act of SURETY under Paragraph 4; and
 - 6.3 Liquidated damages, or if no liquidated damages are specified in the Construction Contract, actual damages caused by delayed performance or non-performance of CONTRACTOR.
7. SURETY shall not be liable to CITY or others for obligations of CONTRACTOR that are unrelated to the Construction Contract, and the Balance of the Contract Price shall not be reduced or set off on account of any such unrelated obligations. No right of action shall accrue on this Bond to any person or entity other than CITY or its heirs, executors, administrators, or successors.
8. SURETY hereby waives notice of any change, including changes of time, to the Construction Contract or to related subcontracts, purchase orders and other obligations.
9. Any proceeding, legal or equitable, under this Bond may be instituted in any court of competent jurisdiction in the location in which the work or part of the work is located and shall be instituted within two years after Contractor Default or within two years after CONTRACTOR ceased working or within two years after SURETY refuses or fails to perform its obligations under this Bond, whichever occurs first. If the provisions of this Paragraph are void or prohibited by law, the minimum period of limitation available to sureties as a defense in the jurisdiction of the suit shall be applicable. Venue for the purposes of all litigation shall be in Palm Beach County, Florida, exclusive of all other venues. This provision is intended to be a mandatory venue provision.
10. Notice to SURETY, CITY or CONTRACTOR shall be mailed or delivered to the address shown on the signature page.
11. When this Bond has been furnished to comply with a statutory or other legal requirement in the location where the construction was to be performed, any provision in this Bond conflicting with said statutory or legal requirement shall be deemed deleted here from and provisions conforming to such statutory or other legal requirement shall be deemed incorporated herein. The intent is that this Bond shall be construed as a statutory bond and not as a common law bond. This instrument, regardless of its form shall be construed and deemed a statutory bond issued in accordance with section 255.05, Florida Statutes.
12. Definitions:
 - 12.1 Balance of the Contract Price: The total amount payable by CITY to CONTRACTOR under the Construction Contract after all proper adjustments have been made, including allowance to CONTRACTOR of any amounts received or to be received by CITY in settlement of insurance or other claims for damages to which CONTRACTOR is entitled, reduced by all valid and proper payments made to or on behalf of CONTRACTOR under the Construction Contract.
 - 12.2 Construction Contract: The agreement between CITY and CONTRACTOR identified on the signature page, including all Contract Documents and changes thereto shall be known as the Construction Contract.
 - 12.3 Contractor Default: Failure of CONTRACTOR, which has neither been remedied nor waived, to perform or otherwise to comply with the terms of the Construction Contract shall be deemed a CONTRACTOR Default.
 - 12.4 CITY Default: Failure of CITY, which has neither been remedied nor waived, to pay CONTRACTOR as required by the Construction Contract or to perform and complete or comply with the other terms thereof shall be deemed a CITY Default.
13. Any action under this Bond must be instituted in accordance with the Notice and Time Limitations provisions prescribed in Section 255.05(2), and 255.05 (10) Florida Statutes.
14. This Bond shall also be security for the performance of the Principal and Surety of the following additional covenants and obligations, and the recitals and references herein contained shall constitute a part of this Bond and obligation. The principal guarantees all materials and workmanship, installed and performed under the contract, for a period of one year after acceptance of the work. SURETY'S obligation under this Bond shall continue for a period of one year after CITY'S acceptance of the work.
